Member United Press Association. Telephone Main 1

Entered at the postoffice at Pendleton, Oregon, as second-class mail matter.

When jealousies are pushed aside, And envy finds no dwelling place; When strong, and erst-aggressive ones, Lift up the feeble in the race, When beggars reap a harvest great, That make up for the year's scant dole, When men are moving heart to heart, And standing soul to soul— When it is joy to fare abroad, And it is pleasure just to live, And life's one bitter drop is that, Alas! we have not more to give! We ask, O God, thy comfort for The hearts bereft that grieve and break, For those no open hands may help! Dear God! for the great Master's sake! —Judd Mortimer Lewis.

NEED MORE JUDGES.

An initiative measure increasing the number of supreme judges from three to five will be found on the official ballot and it seems that this is a deserving measure and should become a law.

The last legislature added two commissioners to the supreme court, because the court needed more men, because more work is required of the court with the increasing volume of business.

There should be no divided dignity in the supreme court. These commissioners, if they are needed as associate judges or commissioners, are needed as judges, and this bill elevating them to the position of judge should be passed.

The same bill rearranges the county, probate and circuit court system of the state and attorneys say that the new law simplifies matters largely. There are too many courts in the present judiciary system of the state and if the law will simplify it, let us pass it and reduce court red tape and court expenses, if possible.

The entire initiative bill seems to be worthy and should pass.

TICKETS AND PARTIES.

Every honest and sincere citizen admits that it is better to vote for and support a clean man in an opposing party than for a rascal in your own party; that the welfare of the government is always greater than the selfish interests of individuals.

But in Umatilla county this year, there is absolutely no need of either party "knifing" any of their candidates. Both parties in this county have nominated a set of clean, capable and honest men, against whom not a whisper of accusation has been heard, or will be heard, and so every candidate is entitled to the full party strength.

If there were dishonest men on either ticket, this would not be right advice. The county government must be protected and guarded, but where candidates are clean, honest and capable, the parties cannot afford to betray them. If party principles bind men together, if party affiliation counts for anything, they should emphatically count where candidates are honest, clean and capable.

Every honest party candidate is entitled to the full vote of his party. If not, party amounts to nothing.

FOR GOVERNOR CHAMBERLAIN.

W. S. U'Ren has just issued an open letter to Governor Chamberlain on the senatorship and especially on Governor Chamberlain's attitude toward statement No. 1, of which the governor's friends are saying so much.

Some pertinent questions are asked the governor by Mr. U'Ren, questions which the governor cannot satisfac-

torily answer, except by admitting that he "plays to the galleries" often and that he has also disregarded the wishes of the people repeatedly, although his friends now claim he is the "only" advocate of the people's choice for United States senator.

Mr. U'Ren says in part:

In the campaign of 1902, under the Mays law for the people's selection of United States senator, Governor Geer defeated Mr. Wood by a majority of about 12,000 votes. In the legislature of 1903 Mr. Wood publicly advised every democrat member to vote always for Governor Geer because he was the people's choice, and therefore should be unanimously elected by the legislature.

You did not add the weight of your indorsement to Mr. Wood's advice, nor did you then advocate applying the statement No. 1 principle to the election of Governor Geer as senator.

Again, when Senator Mitchell's death in 1905 caused a vacancy, instead of appointing Governor Geer, who was the people's choice by a 12,000 majority, or even Mr. Wood, who was the choice of your party, you went far outside the ranks of the reformers and appointed Mr. Gearin.

When you appointed Mr. Gearin in 1905 you were not yet convinced that the statement No. 1 method of enforcing the Mays law for the people's direct election of U. S. senator was a practical thing for a politician, though you had been a member of the league which proposed the law to the people in 1904.

In the statement No. 1 campaign of 1906 you did not make any great effort for the principle. Anti-statement No. 1 Senator Milton A. Miller is one of your warmest democratic friends and admirers and he promised some of the republican anti-statement No. 1 leaders that if they would help to elect him, he would never vote for Jonathan Bourne. He was elected and he did not.

Senator Miller won the nomination against a good democrat who had signed statement No. 1. You did not lift your voice for the statement No. 1 man. That case is a sample of your devotion to the principle of statement No. 1 in 1906. I could give other examples.

GETTING A HOME EDUCATION.

The Columbia, Mo., Herald gives the following entertaining statistics on home education. This little item should carry the University of Oregon appropriation.

The Herald says: "How much does a Missouri boy cost? Fathers and guardians with boys to bring up estimate that \$3000 will rear to manhood the average Missouri boy, will send him seven months in the year for eight years to the district school, four years to high school and four years to college or university.

This amount will cover his food, clothing, books and stationery. It will even permit a margin for "tomfoolness," as one father picturesquely styles amusements.

The cost of the state is, on the average, \$769 for each boy. Of this amount \$189 is for the elementary school, \$180 for the high school and \$100 a year for four years at the university. The state pays \$7.69 and the parent pays \$2240 and the net result is one Missouri boy, educated in Missouri schools for life."

It is truly something to educate a boy at home, as the Herald says, to give him an Oregon training, an Oregon spirit, and Oregon-made citizenship.

Home pride and patriotism should cause Oregonians to enthusiastically support their state university, in the knowledge that it will put the Oregon brand on the minds and characters of young men and women!

"PACKING" THE CONVENTION.

Reports that National Republican Chairman Harry New was holding out 500 tickets of admission to the republican presidential nominating convention in June for the exclusive use of President Roosevelt, that hundreds of other tickets had been laid aside for the federal office-holders, including a large corps of consuls, who will return home for the convention, and that Mr. Taft had been assured that he could have "anything he wants," were in general circulation yesterday, in Chicago, says the Chicago American.

These reports gave rise to a theory, advanced in many quarters, that the Coliseum would be "packed" for Mr. Taft with an army of deep-junged "rooters" instructed to greet the Ohioan with a demonstration calculated to drive into line any uncertain delegation which might be waiting for the first indication of the direction of the wind before declaring themselves.

The friends of Mr. Cannon, it was said, had planned to pack the convention for him, and the latest plan of the administration was seen as a counter-movement.

Mr. New yesterday partly admitted that the reports were true. He denied that the number of tickets at the disposal of the president had been fixed at 500, but said that the president could have pretty nearly anything he wanted.

While neither denying nor affirming that the administration feared an attempt at convention packing by Mr. Cannon, the national chairman went to some length to show how easily the friends of "Uncle Joe" could do some "packing" for their favorite if they were so disposed.

EXCITED OVER SMALL POTATO FROM OREGON

A recent issue of the Artigo, Wis., Journal contains the following:

A recent issue of the Artigo, Wis., Journal contains the following:

"Henry Leiber brought a potato to the Journal office this afternoon that he had received from A. W. Fish, formerly of this county, but now living in Eugene, Oregon. It weighs over three pounds and is a foot long. It is certainly a wonder, but Mr. Leiber says he is going to plant a seed from it and raise a potato that weighs four pounds, and skin Oregon on raising potatoes."

Mr. Fish is naturally pleased with the sensation this three-pound potato produced back there, as it is evidence to his old home friends that he has made no mistake in choosing a new location in the west.

But, speaking of potatoes, there is one in the U. S. Guard office that weighs eight pounds and does not seem to be such an overgrown specimen for this country at that. The little fellow Mr. Fish sent back to Wisconsin was only a dwarf compared with this big robust product of Lane county, and last fall we had nearly a bushel in this office, picked up by our circulation manager at Blachley, that averaged five pounds apiece in weight.

The ambition of the Wisconsin man to grow a four-pound potato is certainly laudable—but it sounds funny out here where four-pound potatoes are as common as initiative amendments to the state constitution.

"Jim" Hill Got \$13 Per Minute.

Jim Hill is smoking "twoofers" or better today, says the Yakima Republic. And he has a right to. Friday was his busy day. He isn't idle today, but Friday he was going some. In North Yakima he took just about \$13 a minute for every minute of an eight hour working day. That beats telling about in the Republic for wages. There are 480 minutes in a union day and Friday had the usual number. Some 300 tickets to Seattle at \$6.40 per, were sold at the station here. That makes close to two a minute, and the blow almost killed Ryerson.

Before tonight has closed the week Mr. Hill will have swapped little pieces of cardboard for about \$7000 worth of Yakima money and he expects to get as much more of the profit on last season's peaches before the fleet of warships leaves Tacoma on Memorial day.

To Extend Electric Lines.

The Union Republican gives out the following:

It is the purpose of the Grand Ronde Electric company to build about 35 miles of electric (power) line this season from Union, to connect with the Rock Creek line in Baker county at a cost of \$50,000. This line will connect with the lines of the Fremont Power company at the Red Boy mine, to the south of Sumpter, thus assuring the patrons of the Grand Ronde company ample power the year around.

This much is told the Republican this week by Manager Fred Housh, who was in Union, Monday.

The company will also erect a brick addition to the Union station, 24x24, one and one-half stories, for transformers. The company has out upon the line at the present time a force of men making all necessary repairs and placing the line in first-class condition.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The Favorite Prescription has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of the list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the Favorite Prescription of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which Favorite Prescription is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

WAR EAGLE AFTER SCALPS.

Undaunted by the two defeats administered to him by "Farmer" Burns recently, War Eagle, the famous Indian man artist, is again on the trail of the heavyweight wrestlers.

War Eagle, whose Indian name is Oopnochoctopoc, is the son of one of the head sachems of the Blackfoot nation. He is 24 years of age and a graduate of Carlisle and played on the football eleven of this famous college in 1899.

Oopnochoctopoc has been wrestling since he was a boy. He beat all the Indians on the Blackfoot reservation as well as those from adjacent reservations. At a five days' tourney at the reservation three years ago he beat 52 Indian athletes.

Mr. John Riba of Vining, Ia., says "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold." Sold by Tallman & Co.

What Makes a Bank Strong ?

In judging a bank, always remember that it is the personnel of the stockholders, directors and officers that are behind the institution which give confidence to the depositor that his funds are safe.

The Pendleton Savings Bank

Is essentially a "Home" Institution. Its stockholders are well known Umatilla county and Oregon citizens. Its constant growth is the result of careful and conservative management, with the most liberal treatment for all deserving enterprise.
