

CALIFORNIAN'S DEE-LIGHTED

SIX THOUSAND CHILDREN
AT SELLS-FLOTO CIRCUS.

Tammen's Shows Gave Free Exhibition for Orphans—Special Writer in Los Angeles Times Describes the Unique Event—Many See Real "Animal Show" for First Time in Their Lives.

The Sells-Floato shows, coming to Pendleton May 30, gave a free performance to 5000 orphans a short time ago.

"Van," the famous writer on the Los Angeles Examiner tells the story: A little after 2 o'clock John Carroll, the best ringmaster in the business, stepped through the flaps at the main entrance. He was dressed in his low-cut coat and his patent leather pumps, and there was a silk hat on his head. He looked like an advertising cut for that superior cigarette used in all clubs and cafes. He had a long whip in his hand. Carroll looked all around the ring—children, children, and children everywhere! The sloping seats were hidden behind a great sloping bank of eager young faces—happy, smiling faces. John Carroll drew a long breath and slapped his trouser leg with the lash of his whip—the wonderful whip that starts things and stops things and makes the trick horses stand around so prettily.

"Ain't it bully?" said John Carroll. "Ain't it GREAT? Look at 'em. I'll bet some of 'em never saw a circus before in their poor little lives! Lots of 'em, you say? Well, we'll give 'em something they won't forget. Never saw a circus before, eh? Poor little kids!"

And John went out to give the clowns some special instructions. "Something to work for today," said he. "I love to clown the little kids. If they like you, they don't put a handkerchief over their mouths to hide a smile. They laugh right out. They'll laugh today."

And Potter, the great Potter of the Peerless Potters—the original/lord of the air, the bills call him—added his little word. He was not dressed in his blue silk tights, for he had been working with the ushers helping to get the youngsters into their seats just like any common man.

"I hope they will like my act," he said. "Not because it's the greatest aerial act in the world, but—well, because kids enjoy a thing so much, and I love the little fellows. I'd rather please these children than all the grown-ups in California."

The concert band interrupted Mr. Potter to play "Old Black Joe." It was a piece that every child seemed to know and every boy whistled the air and every little girl sang the words—the biggest orchestra I have ever listened to. They cheered the band for playing it, and they cheered still louder when the bandmen trooped over to the entrance, for that meant that the show was about to begin.

Then John Carroll opened the curtains and called "All right, Robert." The bandmaster raised his baton, and 25 musicians answered with a crash, and curtains were drawn aside and the circus began.

I am not going to write all about that circus—it would take up all the room in the paper. Just think back to your first circus; you haven't forgotten anything that happened, I'm sure you haven't.

CONFIRMED PROOF.

Residents of Pendleton Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Pendleton who so testified years ago, now say their cures are permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Pendleton kidney sufferers.

Mrs. C. Oliver, living at 612 Maple street, Pendleton, Ore., says: "I am just as pleased to endorse Doan's Kidney Pills at this time as when I gave a statement recommending them in 1905. It is over five years since I procured them at the Pendleton Drug Co. and was permanently cured of a severe attack of kidney trouble which had caused me much suffering. For six months prior to procuring Doan's Kidney Pills I could not bear to be on my feet on account of the bearing down pains through my back and kidneys. The secretions were also too frequent in action, attended with pain and gave me great annoyance. I was gradually growing worse instead of better, and in spite of many remedies, failed to find relief until Doan's Kidney Pills came to my notice and I procured a box. They soon went to the seat of the trouble, I was so encouraged that I continued their use, and a permanent cure was the result. I know of others who have used Doan's Kidney Pills and have been permanently cured by them."

To Bore Well 4000 Feet Deep.
A well drilling outfit just a little superior to anything ever seen here before is in the railroad yards just west of the freight house and is being unloaded for drilling purposes here and in this vicinity, says the Yakima Republic. The machine is of the type used in drilling oil wells and the fly wheel is said to weigh a ton. The plant has a capacity of 4000 feet and an engine of sufficient strength to make work at that depth as easy as such a task can be. The machine is built of the finest steel throughout and there is no wood anywhere about it.

An Optimist and a Pessimist.
The Optimist sees the Doughnut. The Pessimist sees the Hole.
Some would say the best way to turn an optimist into a pessimist would be to feed him the doughnuts, and this would be true if the doughnuts are fried in lard. Lard is certainly indigestible and many people are deprived of the pleasure of eating doughnuts and other dainties just because of this fact. However, there is a cooking fat—COTTOLENE—which can be used in any way and every way that lard can, and yet makes light, rich, delicious food that the most delicate stomach can digest with ease. COTTOLENE is making the world cheerier and brighter for thousands who were formerly suffering from the curse of lard-soaked food.
