ATHENA BREVITIES

EVERYBODY IS TAKING IN PIONEER PICNIC.

Sets Out Large Number of Strawberry Plants—Grain in Excellent Condition—Play Ball at Weston—Bank Cashier Enters Upon New Duties—Marry in Portland.

Athena, May 29.—Nearly everybody in and about Athena went over to Weston yesterday for the pioneer picnic, and there will be as many more today and tomorrow. There are a number of old pioneers here who are in attendance.

Joseph Rainville is at present residing on his mountain ranch. This spring he has put out 2000 strawberry plants and next season he expects to plant many more.

Grain never looked better in the Athena country than it does at this time. The crop will be a bumper one from present indications. While more rain would do good, there will be no loss unless something unusual happens. There have been a few rain-falls in this section that were not reported in some parts of the county.

The Shamrocks of this place will play the Normal team at Weston today and tomorrow, which will be one of the features of the pioneer picnic. Mrs. Fred Boyd and daughter, Miss Cecil, have been visiting relatives and friends in Portland for a few days.

I. M. Kemp, formerly assistant cashier in the First National bank at this place, who was elected cashier of the Farmers' bank at Weston, entered upon his duties Tuesday.

A large number of Weston people attended the Caledonian picnic at this place last week.

H. C. Adams has returned from a short business trip to Portland.

Miss Pauline Adams returned home yesterday after spending a few days the guest of Mrs. J. D. Plamondon.

John Walters is making good use of his Franklin auto during the picnic, carrying passengers to and from Weston.

Mrs. Martha Mays, a pioneer of 1852, is among the visitors at the pioneer reunion at Weston this week.

C. A. Barrett has returned after attending to matters pertaining to his candidacy for some days.

John Tompkins, who visited the sound this week, reports a delightful trip and he enjoyed the fleet very much.

Robert L. Davis, well known in Athena, is a member of this year's graduating class of the American School of Osteopathy at Kirksville, Mo.

Miss Sylvia McDonald has been here from Pullman, Wash., for a few days visiting relatives and friends.

Mrs. Rose Russell of Baker City, spent a part of the week in the city the guest of her son, L. B. Russell.

E. W. Brown and A. R. Crigler of the government reclamation service, were in Athena Monday.

The Sharp families went down to Pendleton Wednesday morning by automobile and they took the excursion train to Hermiston, where they spent the day.

Because of illness, A. B. McEwen was confined to his home for a few days the first of the week.

MANY BERRIES OUT.

Young Man Very Ill With Blood Poisoning.

Freewater, May 29.—Hundreds of crates of strawberries are being shipped out from Freewater and Milton daily over both the Northern Pacific and the O. R. & N. The growers are realizing from \$2.50 to \$3 per crate.

Will M. Peterson, the well known Pendleton attorney, was a visitor here the first of the week.

John Standaig is very ill with blood poisoning, which was caused by tonsillitis.

The Traction company is erecting a new freight warehouse here on the property adjacent to the sub-station.

ATTENTION, VOTERS!

To the Citizens of Umatilla County:

The undersigned, president of the Umatilla County Honest Voters' League, hereby offers a reward of (\$100) one hundred dollars for every case of illegal voting resulting in conviction for the crime of perjury, where the party shall swear in his vote on June 1, 1908, in any voting place or precinct in the county, where it can be proven that he is not a citizen of the United States, has not been in the state six months, in the county 60 days, or in the precinct 30 days. This reward applies to those who may inform on those swearing falsely as supposed freeholders, for the purpose of swearing in votes.

I further agree to furnish an attorney to prosecute the cases, the reward to go to those furnishing the evidence. I ask all good citizens to help our men at the polling places on election day. Let every good citizen help the members of the Honest Voters' League who will hold forth at every voting place in the county.

H. G. NEWPORT, President Honest Voters' League of Umatilla County, Oregon.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have offered One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O.

Lard Eaters Should Stop and Think!

There must be something in all this Pure Food Talk. We hear the term "Pure Food" on every hand—Pure Food Shows, Pure Food Laws and Pure Food agitation of all kinds. It simply means that people are awakening to the fact that they cannot be too careful about the purity of their food and the ingredients which enter into its making.

One of the most fruitful sources of indigestion in the past has been the use of lard. Nine times out of ten, the lard which you buy is not fit for any human stomach. Its source is suggestive of uncleanness and unhealthfulness. It makes greasy, indigestible food, and food which is bound eventually to interfere with digestion.

COTTOLENE is the only rational frying and shortening medium. Wherever exhibited in competition with other cooking fats, it has always been granted highest award. It contains no hog-fat, but is a pure vegetable product, made from the choicest cotton seed oil, and is every bit as pure and healthful as the purest olive oil.

For frying and shortening, you should use nothing but COTTOLENE. It is more healthful than lard; it will go farther than lard, one-third less being required; and it will make your food more appetizing and digestible.

Buy a pail of COTTOLENE to-day, use it according to directions, and you will never go back to lard.

Cottolene is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.

NEWS OF WESTON

PIONEER PICNIC GREAT SUCCESS FIRST DAY.

Many Here Today and Tomorrow Will Be Political Day—Surveyors Here for Interurban Line—Well Known Woman Is Quite Seriously Ill—Returns From Mexico.

Weston, May 29.—The first day of the pioneer picnic at this place yesterday was very successful. Yesterday hundreds of people came in from all directions. The address of welcome was made by Mayor S. A. Barnes. One of the features of the day was the banquet given to the pioneers in the Normal dining hall by the women of the Civic Improvement club. Another interesting feature was the reminiscences of the pioneers. Today is a big day, and it looks as though this would be the most successful pioneer picnic in the history of Weston. This afternoon a lengthy program is being carried out and among those making addresses is Hon. H. M. Calk of Portland.

Saturday will be "Political Day" and the exercises at the pavilion will consist of speeches and band music. There will be addresses by the lead-

ing campaign orators of the opposing parties. There will be a balloon ascension and the picnic will close with a grand ball at night.

George Winn and sister were among those from this section of the county who went to Seattle to see the fleet.

Miss Annabel Fanning, formerly of the Normal, has gone to Spokane to take the nurses' training course.

Surveyors Here.

The Interurban company, which has secured a right of way to operate its line through Weston, has a force of men here surveying through Main street.

Mrs. Bert Winn of Helix, is visiting relatives here during the picnic.

Miss Margaret Probstel has arrived here from Santa Fe, N. M., after visiting there for some weeks.

Mrs. Fred Baderly is very seriously ill at her home near the city.

Mrs. Thomas Ray and son Carl, of Portland, are visiting at the Van Winkle homestead near here.

Kennedy's Laxative Cough Syrup does not constitute, but on the other hand its laxative principles gently move the bowels. Children like it. Sold by Tallman & Co.

Successful Well Diggers.

Parties wishing wells bored or drilled should call on or address West Brothers, Pendleton, Ore., or leave orders at Taylor Hardware Co. They guarantee a hole as deep as you want.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

What is the Matter with Echo?

Do you know during the last two years that not to exceed one new dwelling has been erected in this town which has a great many natural advantages.

Do you know why?

Because the Saloons are in Control.

Home builders and saloons do not work in double harness.

Five licensed saloons and a house of easy virtue located on her main street are not attractive to house builders.
