

The Seventh week of the Great \$40,000 Bankrupt Sale of the Teutsch Stock STARTS MONDAY

No sale in the history of Pendleton has continued so successfully such a length of time. There is a reason for it; there must be. Buying a huge stock like this at 56 cents on the dollar, means that we can undersell any store in Pendleton, and we are doing it. If you have not already attended this great sale, do so Monday. You haven't the slightest idea how cheap good merchandise is being sold.

MAYOR MATLOCK MAKES REPLY

EUGENE EXECUTIVE DENIES LIQUOR MEN'S STATEMENTS

His Son Has No Drug Store—General Merchandise Business Has Improved Greatly Under Prohibition—Declares Eugene Never Enjoyed Such Prosperity as at Present—“Prohibition Does Prohibit.”

City of Eugene, Executive Department J. D. Matlock, Mayor, Eugene, Ore., May 29, 1908. Mr. H. D. Wylie, 511 Blaine St., Pendleton, Oregon.

Dear Sir:—My son is not in the drug business and never has been. He is in the general merchandise business. His business increased greatly the past two years. The merchants and banks and factories have all done much more business than heretofore. Eugene never enjoyed so much prosperity as during the past two years. Prohibition does prohibit here. Has been much more successful than we supposed. Crime is decreasing and prohibition is being successful here. Many of our business men who voted wet two years ago will vote dry now. They have become warm advocates of the present conditions, declaring that it has improved their business and especially collections. Publish this if you like as cold facts from a prohibition town. Yours truly, J. D. MATLOCK, Mayor.

Improvements Not Paid For. The petition begging for the life of the rapidly falling saloon signed by less than 10 per cent of the business men recounts a lot of improvements made by Pendleton in late years. Well, but what about these improvements not being paid for? Is not the bonded debt larger than all the improvements?

All these popular subscriptions to which all have given largely for Heppner sufferers and other things were paid, but that is about all that has been paid for. The rest is still owing.

The Best Alarm Clock.

If you have use for an alarm clock to wake you up these spring mornings, then you should get a good one. A poor alarm clock is much worse than no clock at all. You cannot depend upon a cheap clock picked up probably in a place where the knowledge of clocks is unknown. When you buy a clock from us you know that if anything goes wrong we are ready to make good with the proper repairs.

All alarm clocks guaranteed and cost from \$1.00 to \$2.50. Louis Hunziker Jeweler and Optician. 736 Main St.

DRY TOWNS pay for their improvements.

Then it has been discovered in relation to their plea about well regulated saloons that a form of box rustling by prostitutes is still allowed in connection with a saloon, the building in which it is, facing near Main street and this box rustling is so bad that when a boy of 16 years of age was in there not long ago he was relieved of \$15 in five minutes. When making complaint to the proprietor in the front of the institution he was told to get out or he would be pulled.

Saloon Dive Exists. With box rustling, gambling on the sly and minors allowed, for we have some cases now before the court or lately disposed of of this nature, with these things and all dry places prosperous this letter has no weight whatsoever.

Then they tell us that \$272,000 has been expended in various improvements during a number of years, but the bonded debt is \$300,000, just \$28,000 more than the improvements and then what about the big liquor license? What has become of all that? It does seem to us that the councilmen who signed that letter should be able to stand up and tell us about this financial matter they seem to take great interest in.

LIQUOR MEN'S CLEAN CAMPAIGN

Have Made Many Votes by the Clean Methods Observed.

The liquor men of Pendleton, who have conducted the anti-prohibition campaign, are to be congratulated upon the clean methods they have observed in their appeal to the voters of Umatilla county for their support at the coming election.

While they have worked hard and faithful, their stand is that which they think best for the interest of Pendleton and the property holders of the county, and the fact that they have not resorted to the low muddling methods so commonly used in dirty politics, although armed with much material to have done so if they had wished, is bound to bring them many votes, even among the most arduous workers for the enforcement of the law.

The committee in charge of their campaign has shown that although a man is engaged in the sale of liquor it is no criterion that he should be classed as a lawbreaker, an immoral character or undesirable citizen, one who resorts only to low and dirty methods to gain their own ends, let the cost fall where it may, but they have demonstrated that many of our best citizens and business men are to be found among the liquor dealers.

They have among them men who abhor the use of dirty methods and low tricks who realize that although there may be found a black sheep among the clergy, as is now before the public in Portland, or occasionally a bank defaulter or liquor dealer who conducts a questionable resort, that all should not be judged by the few who break the law and although they have been urged from time to time to play up such cases to the public, showing that their antagonists also have their black sheep, they have refused to do so, realizing the evil influence such occurrences must have on the families of the public in general, when put in print. They have taken their stand upon what they believe is right and justice, inasmuch as they have seen prohibition tried in other localities and know that it not only does not prohibit but that it increases crime by parties who will have liquor, obtaining it illegitimately as well as raising taxes to over double. Their fight has been clean and square, no matter how they may fare at the polls next Monday.—A property Holder.

ATTENTION VOTERS!

To the Citizens of Umatilla County: The undersigned, president of the Umatilla County Honest Voters' League, hereby offers a reward of \$100 one hundred dollars for every case of illegal voting resulting in conviction for the crime of perjury, where the party shall swear in his vote on June 1, 1908, in any voting place or precinct in the county, where it can be proven that he is not a citizen of the United States, has not been in the state six months, in the county 60 days, or in the precinct 30 days. This reward applies to those who may inform on those swearing falsely as supposed freeholders, for the purpose of swearing in votes.

I further agree to furnish an attorney to prosecute the cases, the reward to go to those furnishing the evidence. I ask all good citizens to help our men at the polling places on election day. Let every good citizen help the members of the Honest Voters' League who will hold forth at every voting place in the county.

GOT HIS HAIR BACK

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '08, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 23 days he had hair all over his head. On July 2he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroys the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and \$1.00. A. C. Koepfen & Bros.

Irrigation Talk No. 34

Pendleton People

Local Folks

rarely enter into an irrigation project until after the prices have advanced to from \$200.00 to \$300.00 an acre. The price, June 1st is \$125. (Before that \$100.)

Pendleton is not expected to be different from other points tributary to other irrigation projects. It is the man who has seen dozens and dozens of other projects and studied every element in them that is buying our lands at Foster.

Still, there are some here in Pendleton who have joined us at the very bottom price. Among these are W. L. Thompson, cashier of the Commercial National bank, G. M. Rice, cashier of the First National bank, C. E. Roosevelt, of the Boston Store, R. Alexander, Arthur Knight and Leon Cohen, and there are others.

We think that you will agree with us that there are no better men in all Umatilla county. Conservative, cautious, far seeing and sagacious. Full of real life.
