FREEWATER ADVICES NEWS OF MILTON

MANY THOUSAND CRATES BERRIES OUT THIS SEASON.

Cherry Crop Will Be Heavy in This Section of the County—Lawyer Will Have New and Modern Office in Freewater—Young Grocerman Is Missing.

Freewater, June 5.—There will be an immense amount of strawberries sent out of the Freewater and Milton section in the next two weeks. Owing to the cool weather this season the crop is not as large as it would have been, but it is larger than last year by about 5000 crates as last year about 20,000 crates went out, while this year it is estimated that about 25,000 crates will be shipped out.

The growers are realizing about \$2.50 per crate. Next week will see the last of the strawberry season in this vicinity. Some cherries are coming in, all early varieties, Governor Woods, Early Purple and others. The cherry crop is heavy this year and it will require a large number of people to pick and ship them out.

D. C. Sanderson of the Freewater Times, has been in Tekoa, Wash., visiting relatives for a few days.

Attorney C. T. Godwin, the popular young attorney at this place, has already made arrangements to put up a fine office building. It will be constructed in the block next to Elam's bank on the corner of Grant and Johnson streets. It will be a concrete building and will be modern in every respect with three suites of offices and modern furnishings.

The marriage of Mrs. I. Newman of this place, and Mr. Andy Johnson, one of the leading grocers of the town, took place in Walla Walla Monday. The couple went from there to Portland to spend a few days at the rose show before returning here.

H. Harlen has just sold his place on the state line to M. A. Berry. It consists of 29 acres of fruit and alfalfa, and was sold for a consideration of \$3500.

M. H. Rice of Freewater, has just traded a five acre tract to J. H. Goller for 160 acres of wheat land in Eureka Flat, Wash. The above deals were made through A. O. Johnson, a local real estate dealer.

Freewater people turned out in great numbers to the strawberry festival at Milton yesterday.

Work on the new warehouse at this place is progressing rapidly, and before fall the Fruitgrowers' Union will have one of the most modern fruit warehouses in the northwest.

The cannery is running part of the time, and as soon as the later fruits come in there will be a large number of people employed and the cannery will be running full time.

BUSY AT SAWMILL.

Commencement Will Begin Next Sunday With Baccalaureate Sermon. Weston, June 5.—The Blue mountain sawmill is a busy place at this time. Twenty-five men are employed steadily, 30,000 feet of lumber being turned out daily. The box factory has an output of 6000 apple boxes daily and smaller boxes proportionately.

Commencement week at the Normal begins next Sunday, June 7, with the baccalaureate sermon, which will be preached by Dr. McAllister of Portland.

President and Mrs. Robert French have issued invitations to the senior class for a luncheon Saturday, June 6, at the Normal cottage.

J. R. King has gone to Connel, Wash., where he will visit relatives for a time.

Many of the Weston people went over to Milton yesterday for Strawberry day.

The wheat fields are looking fine since the late rains.

Mr. and Mrs. J. W. Wise of Boise, arrived here yesterday to visit relatives for a short time.

Oregon Pioneer Dies.

News of the death at Orville, Cal., Tuesday of Mrs. Mary E. Kelly, widow of Captain Arthur E. Kelly and mother of former Police Officer William H. Kelly of this city, was received in North Yakima last evening says the Yakima Republic. Captain and Mrs. Kelly came to Oregon in 1852 and Captain Kelly was a participant all through this part of the country in 1855 and 1856 in the Indian wars of that time. Mrs. Kelly, who was about 74 years old, was well known by many of the pioneers. Her body will be buried at Portland, where for a long time the family made its home.

PEOPLE PLEASSED WITH RESULT OF STRAWBERRY DAY

Strawberry Day Will Be Annual Event —Funeral of Pioneer Largely Attended Yesterday — Rains Make Things Look Fine in This Section of County—Horse Show Great Attraction.

Milton, June 5.—Milton's strawberry festival yesterday proved to be one of the most successful affairs of the kind in the history of the city. The crowds were beyond all expectations, people coming in from Walla Walla and all parts of Umatilla county.

The mayor of the city, N. A. Davis, made a very pleasing address of welcome, while Attorney E. F. Barker of Walla Walla in his address of the day paid Milton some very flattering compliments on the excellent fruit produced from year to year, and the general improvements that are being made here. Music was furnished during the day by the Milton band and the singing at the grove was also very creditable. There were strawberries for everybody.

The tables were decorated with peonies and roses, making a most beautiful appearance under the green trees. This is without doubt one of the most beautiful groves in Oregon, and an ideal place for such an occasion. Milton will continue to make strawberry day an annual event.

Big Funeral Yesterday.

The funeral of W. S. Brown, who died here Tuesday, was largely attended yesterday. He came to this country in 1852 and built the first mill 16 years later.

Prof. R. J. Davis has gone to Nyssa, where he will teach during the next school term.

Professor Pennock will teach at Hermiston during the next school term.

The fine rains of the first of the week have settled the dust and the country about here is looking fine.

Successful Horse Show.

The horse show given yesterday afternoon in connection with Strawberry day, was very successful. Some of the finest horses in the northwest were exhibited, and a number of prizes were awarded.

Bucklen's Arnica Salve Wins.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I tried Bucklen's Arnica Salve. Less than half of a 2 cent box won the day for me by affecting a perfect cure." Sold under guarantee at Tallman & Co.'s drug store.

Meat Versus Song.

The great tenor's lunch consisted of a cheese omelet, asparagus, fruit and an ice.

"No meat?" said the reporter. "As little meat as possible," the tenor replied. "Meat kills song. The nightingale, the thrush and lark are grain eaters, and their song is sweet. The carnivorous birds, the crow, etc., only croak. And in countries that go in for excessive meat eating—England, for instance—there are few good voices, while in the more vegetarian countries, such as Italy, fine singers abound. Song birds are vegetarian," he concluded. "Carnivorous birds croak."—New York Press.

Where Water Means Life.

As illustrating the scarcity of water in some parts of Australia and the high value set upon it, I would draw attention to the case of three Afghans who were murdered in West Australia. Water was scarce, and yet these three orientals washed themselves in a road hole—the sole source of supply—adjoining a selector's homestead. In a fury he shot the three of them, and at his subsequent trial the jury unanimously acquitted him.—Wide World Magazine.

His Great Fault.

"Yes," said the would be author. "I've taken a house in the country, but it will be necessary for me to engage a gardener. There's quite a plot of ground around the house; too much for me to handle."

"Yes," replied Crittick, "you never could handle a plot, could you?"—Catholic Standard and Times.

All Pretty.

A rash paper announced for its columns a forthcoming story, entitled "The Prettiest Girl in the Town." A hundred young ladies immediately sent post cards warning the editor not to use their real names.—London Globe.

Brevity.

"Too many words are wearisome," said Kwoter. "Brevity is the soul of wit."

"Not always," replied the observer; "but, in any event, it is always commendable."—Philadelphia Press.

Twenty and Twenty-two.

What is the difference between twice ten and twice eleven? None whatever. Don't you see that twice ten makes twenty and twice eleven makes twenty-two (too)?

The strongest things are in danger from the weakest.—Rossett.

ANOTHER ROAD PROJECTED.

Report That Deal Has Been Closed for Line to Nez Perce.

A dispatch from Nez Perce says a report is again prominent here that Nez Perce is to get a railroad and activities in the way of real estate purchases and inquiries relative to the same the past few days are accredited to "inside" knowledge that plans have already been completed for supplying this section with transportation through a branch line that will leave the Cullisac-Grangeville road at a point near Ho.

Whether the real estate deals are being made in connection with the purchase for grounds for depot and yard facilities or whether for speculation reports do not disclose. Well known Nez Perce men are interested in the deals and are directing same. The development is believed to be the outgrowth of a move made here two months ago, when steps were taken to organize a company to build the branch line. It was stated at that time that the Northern Pacific was back of the move. Now it is rumored that both the Northern Pacific and O. R. & N. are in the deal and that the branch will be built in connection with the general joint construction agreement under which the roads are working in this field. This report is to the effect that a branch will also be built to the Craig mountain section.

Following the news that the Kerr-Gifford company had purchased the

Kettenbach grain company, report is in circulation here that Balfour-Guthrie, the big importing firm, is negotiating for the purchase of the Vollmer-Clearwater company's grain business in this field.

THE STRENUOUS LIFE.

Pulls so Hard on the Stomach it Must Have Help.

The stress and strain of the strenuous life in both city and country makes stomach troubles. Five people suffer today where one did 10 years ago with sick headache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of indigestion.

All who are suffering with stomach troubles, and that means at least two out of three in Pendleton and other towns, should use MI-O-NI stomach tablets. Nothing else is as safe, yet effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as MI-O-NI.

So reliable is MI-O-NI that Tallman & Co. with every 50-cent box they sell, give a guarantee to refund the money unless the remedy cures.
