**880,000 SHEEP
 WERE INSPECTED**

**FEDERAL MEN EXAMINE
 HALF OF STATE'S FLOCKS**

Only 7179 Found to Be Infected and These Are Now Cured—These Few Confined to Lake and Malheur Counties—Report Shows Good Work Has Been Done in Oregon—Idaho Flocks Free From Scab.

Reports received at the office of Dr. McClure, chief of the federal quarantine work in the northwest, show that during the month of May the federal inspectors in Oregon inspected a total of 880,000 sheep, a number equal to almost half the sheep of the state.

Out of the 880,000 sheep inspected only 7179 were found to be affected with scab. These sheep were practically all confined to Lake and Malheur counties where the growers were not as active in complying with the provisions of the dipping law as were their brother stockmen in the remainder of the state.

At this time a year ago there were 284,000 scabby sheep in the state of Oregon. Consequently it will be seen that scabbies has been practically eradicated from the entire state through the work done by the federal people and the state sheep authorities.

Idaho Is Clean.
 During the month of May the federal inspectors inspected 452,411 sheep in the state of Idaho and not a case of scab was reported.

Coming From Missouri.

**ONE SMALL PENDLETON
 INDUSTRY IS GROWING**

Cement Block Manufacturing Plant Is Employing More Men.

One of the small industries of Pendleton which receives little attention but which promises to grow in importance and scope as the city grows is the cement block manufacturing plant operated by Dan May in the west end of the city.

For the past two years Mr. May has conducted his plant on a small scale, employing from three to five men as the demand for cement blocks increased and hopes to eventually employ from 15 to 20 men and conduct a large plant, supplying building material for all the surrounding towns and country.

He has succeeded in introducing cement blocks into much of the building of the city, supplying foundations, pillars, cellars and other measures and is now engaged in doing all the cement work on the new city hall, having about 15 men employed in the work.

In other sections of the country cement blocks have taken the place of other building material largely and he hopes to build up an enormous trade here. He is the first man in eastern Oregon to engage in the cement block manufacture on a large scale.

He has a number of entire buildings in view and hopes to see the material generally used for building purposes in a few years.

CARLOAD OF FRANKLINS.

Pendleton Auto Company Receives Five Beautiful Machines for Local Trade.

The Pendleton Auto company has just received another carload of five beautiful Franklin machines, there being two of the model G and three of the model D machines. They are all of the latest improved model and are fine machines. The company has sold a beautiful model G to Mr. and Mrs. G. B. Carrier of the Carrier millinery store.

The company has several good sales in prospect and will soon order another carload of Franklins. Work on the new garage being erected by J. W. McCormack on Johnson street back of the present garage on Court street, is progressing well. The concrete foundation is now being put in place and it will be ready for the heavy fall trade in automobiles.

LANDERS HONORED

WILL ADDRESS THE DALLES HIGH SCHOOL CLASS

Held in High Esteem in City, Where He Was City Superintendent of Schools for Eleven Years—Mrs. Landers Will Participate in the Graduating Exercises.

One of the highest compliments that could be paid by a city to an individual has been paid by the schools of The Dalles to City Superintendent J. S. Landers of Pendleton schools, in inviting him to address the graduating class of The Dalles high school tonight.

For 11 years Mr. Landers was city superintendent of schools at The Dalles and did more to advance the schools of that city than perhaps any other one man there, and the invitation for him to address the 1908 graduating class is a high tribute to his character and shows the high esteem in which he is held there.

Mr. and Mrs. Landers left for The Dalles on the Portland local train this morning and both will take part in the graduating exercises tonight. Mr. Landers will deliver the graduation address and Mrs. Landers to sing in the program of the evening.

Both Mr. and Mrs. Landers will also take part in the alumni program and banquet exercises tomorrow night and will be absent from the city for some time.

TO BUILD RESIDENCE.

Mr. and Mrs. C. S. Terpenning Let Contract for \$2500 House.

The contract for the erection of a substantial seven-room residence for Mr. and Mrs. C. S. Terpenning has been awarded to L. Dunlap, the local contractor. The house is to be located on Tustin street and will cost in the vicinity of \$2500.

Mr. and Mrs. Terpenning have been residents of Pendleton for the last 18 months and have decided to make their permanent home in this city.

Purchases Warehouses.

N. A. Leach, traveling agent for the Kerr-Gifford grain company, was in this city yesterday, and said that his company had recently closed a large deal by which the Kerr-Gifford company had purchased the entire line of warehouses in the Clearwater country formerly owned by the Kettenbaugh company of Lewiston and that an office would be opened in Lewiston in the near future, says the Walla Walla Union. This system of warehouses includes buildings in about 20 different stations along the Clearwater river and on the Lewiston flats.

Pioneer Minister Dead.

Rev. William H. Carter, a well-known aged Methodist minister of this city and member of the Grand Army Post of Dayton who died suddenly from heart failure while taking his son to the early morning train at Touchet Wednesday morning, was buried in the city cemetery yesterday afternoon, says the Walla Walla Union. The Rev. John LeCornu, also an old soldier of the Grand Army, conducted the funeral.

**DEFEATED BUT
 NOT DISCOURAGED**

LOCAL PLAYERS WERE

"EASY PICKING YESTERDAY"

Opening Game of the Series With the Champions Proved to Be a One-sided Contest—Victors Played the Game and Solved Tulliaferro's Puzzlers Without Any Difficulty—Heroic Work at Critical Stages Prevented a Worse Score.

The following is the summary of the game:

Earned runs—La Grande, 3; Pendleton, 1.

Three base hit—Fournier.

Two base hit—Dean, Black.

First on balls—Off Tulliaferro, 1.

Struck out—By Kotteman, 3; by Tulliaferro, 3.

Left on bases—La Grande, 3; Pendleton, 3.

First base on errors—Pendleton, 1; La Grande, 8.

Hit by pitcher—Conrad, Baker and Koozer.

Lodell Was Fined.

During the game yesterday there was considerable wrangling with the umpire and the La Grande players were especially active as "beefers." Lodell, first baseman for the visitors, was fined \$5 by Umpire Buerstette because the player used foul language towards the official.

Played	Lost	Won	P. C.
La Grande	9	1	.889
Walla Walla	9	4	.556
Pendleton	9	5	.444
Baker City	9	8	.111

In the first game of the La Grande-Pendleton series played here yesterday afternoon, Lorimer's players made "easy picking" for the sports from over the mountains. The final score was 7 to 2, but it is hardly a true index to the game for several times La Grande went out with the bases full or partially occupied.

In the first inning yesterday the visitors swatted Tulliaferro in a manner that made the bleachers groan, and three runs were brought in while Pendleton went down in one, two, three order.

In the second inning and several subsequent ones, La Grande batted heavily and only by some fortunate plays were the home players able to pull out of tight places. The two scores for Pendleton were made by M. Baker and Dean.

Early in the game Van Houten suffered a bad injury to a finger and had to leave the game. Conrad was placed behind the bat, Tracy Baker, on first, while Lorimer went into center field. While Conrad made good as catcher, Van Houten's loss and the other changes necessitated, tended to weaken the team.

Kotteman, La Grande's twirler, was in good form yesterday, yet he struck out only three men, while Tulliaferro did as well.

PRaise for Miss Young.

Talented Musician Comes to Pendleton Academy.

The Walla Walla Bulletin says of Miss Harriet Young, the new music teacher of Pendleton academy:

Miss Harriet Esther Young's piano pupils gave a delightful instrumental recital in a Whitman college chapel last night. This is the last time that Miss Young's pupils will appear in Walla Walla in a public concert since she has accepted a position for next year as head of the music department of Pendleton academy. The work of the young musician last night was of a high order, reflecting credit on the ability as a teacher of their young but talented instructor. Pendleton academy is fortunate in securing her services for next year.

HIG EAGLE HERE.

J. E. Brink Will Be Entertained by Local Aerie.

J. E. Brink, deputy worthy grand president of the order of Eagles, will be the guest of the Pendleton Eagles at their meeting tonight and in honor of the occasion J. H. Estes, president of the aerie, asks that all brethren turn out in force. A social session will be held in addition to the usual lodge work and talks will be made by the visiting officer and local members.

For Seattle Meeting.

From August 11 to August 15 the grand aerie, F. O. E., will meet in Seattle and the Pendleton lodge is planning to take a marching club and also a degree team to the sound city for the occasion.

Meacham Mill Will Close Down.

The big sawmill of the Meacham lumber company, located at Meacham, which has been running for the past three months, will close down again soon on account of the dullness of the lumber market in the east. The output of the mill has been shipped east exclusively and since the financial trouble of last fall its market has been declining, according to report. It is possible that it will start again and turn its attention to the local market in eastern Oregon.

Wanted—Work on farm by man and wife. Young, sober and industrious. Enquire room 16, St. Elmo lodging house.

**TWO HUNDRED
 CONTESTS ON**

MANY CONVENTION SEATS TO BE PARCELED OUT

Some Sensations Are Promised—Foraker Will Probably Make Capital Out of Brownsville Affair and Trouble for Bill Taft—Trying to Create Discord in Roosevelt-Taft Camp.

Chicago, June 5.—Over 200 seats in the republican convention figure in the contests which the national committee, which began its sessions today, will be called upon to decide. The Alabama contests will be taken up first. Arkansas contestants will next be heard, and so on down the list in alphabetical order. Among the state contests to be decided are Alabama, Louisiana, Mississippi, Oklahoma, South Carolina, Tennessee, Texas and Florida. Arizona and Alaska furnish territorial contests. The district contests come from all over the country, but mainly from the south.

Among the political sensations which have been sprung concurrent with the meeting of the national committee is a report that Senator Foraker intends to introduce the Brownsville matter as a bone of contention in the convention.

While Foraker is got a delegate he may get on the floor through a proxy and present the resolution himself, or he may get one of his friends to do it for him. Should the resolution be sent to the committee on resolutions without being read, as would probably be done, he could have it brought out in a minority report and placed before the convention.

Senator Foraker does not doubt that the calling up of the Brownsville trouble in the convention will cause trouble for the administration leaders. They now have before them a delicate task in placating the contesting delegations from several southern states, many of which have colored members.

In a letter to John E. Milholland of New York, Senator Foraker shows his hand in the Brownsville bill matter by suggesting to the 10,000,000 negro voters of the country that they de-

mand of any presidential candidate that he will support the Foraker bill for the relief of the discharged negro soldiers.

The Ohioan knows that if there is a general negro demand upon Secretary Taft to pledge himself to this bill, and he does so, a rift will be created in the Roosevelt-Taft lute which it will require heroic tinkering to repair.

The talk of a possible disagreement between Taft and Roosevelt has again brought discussion of a "second elective term" for Roosevelt. The ghost of a third term apparently will not down. It comes now every day from quarters entitled to a hearing. The number of republicans who believe that it would be the part of political wisdom to renominate the president, in that his election would be a certainty, is not decreasing but probably increasing.

Thinks It Saved His Life.

Wester M. Nelson, of Naples, Me., says in a recent letter: "I have used Dr. King's New Discovery many years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs, it has no equal. Sold under guarantee at Tallman & Co.'s drug store. 50c and \$1. Trial bottle free.

Chance of a Lifetime.

You can buy a farm in southern Oregon for \$200, paying \$10 a month. A town lot is given to each purchaser free. Warranty deeds and perfect title. Get particulars of the Pendleton Investment company, Savings bank building. Don't delay, they won't last.
