NO HOLIDAY FOR THE BUSY PRESIDENT.
Innumerable Bills Passed by the Recent Session Must Be Signed—Taft Will Be Nominated Surely if Roosevelt Is Not—Many Third Term Boomer Will Be in Convention.

Washington, June 7.—The adjournment of congress didn't mean that President Roosevelt would have an immediate holiday. As a matter of fact, the president's work hasn't let up a bit. He got Congress off his hands only to get the national convention on them.

"The next two weeks will be busy ones at the White House, for the president is determined that if it be in his power to prevent it no cog shall slip at Chicago. He is not unmindful of the fact that there will be in the convention a lot of determined third-term boomers, but he is serenely confident he can prevent the success of any effort on their part to start a Roosevelt stampede.

The president is firmly convinced that the only thing now that can prevent Taft's nomination is the nomination of himself, and while taking every precaution he is not losing any sleep over the latter contingency.

The fact that the "allies" do not concede the nomination to Taft worries the president not at all. He only smiles when it is recalled to him that Seward in 1860, Blaine in 1876, Grant in 1880 and Sherman in 1888, each went into the convention with the nomination apparently "sewed up" but that each failed to land the prize.

He prefers going back no farther than 1896, when McKinley occupied a position very much the same as that occupied by Taft today, and the opposition dwindled to nothing.

The president is something of a hand at citing precedents himself, and has more or less of a reputation as a precedent maker. He thinks he knows how to read the political barometer, and he can see nothing but Taft and fair weather.

WARTIME PAPER.
Tells of Grant's Fourth of July in Vicksburg.

J. H. Wylent of El Reno, Okla., who was in the federal army during the civil war, has two copies of the Daily Citizen, published at Vicksburg, Miss., July 2 and July 4, 1863, containing reference to the entrance of Grant's army into that city. An item in the first issue says:

"The great Ulysses, the Yankee generalissimo, surnamed Grant, has expressed his intention of dining in Vicksburg next Saturday and celebrating the Fourth of July by a grand dinner and so forth. When asked if he would invite General Jo Johnson to join, he said, 'No, for fear there will be a row at the table.' Ulysses must get into the city before he dines in it. The way to cook a rabbit is to first catch the rabbit."

The issue of July 4 contains the following item: "Two days bring about great changes. The banner of the Union floats over Vicksburg, and he did bring his dinner with him. The Citizen lives to see it. For the last time it appears on wall paper. No more will it eulogize the luxury of mule meat and friecasseed kitten—urge southern warriors to such diet nevermore. This is the last wall paper edition. It will be valuable hereafter as a curiosity."

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years' standing. It certainly is a grand, good medicine, and I heartily recommend it." Pendleton Drug Co.

Carlyle's Prophecy.
Borne over the Atlantic to the closing ear of Louis, king by the grace of God, what sounds are these, muffled, ominous, new in our centuries—Boston harbor is black with unexpected tea; behold a Pennsylvania congress gather, and ere long, on Bunker Hill, democracy announcing in rifle volleys, death winged, under her star banner, to the tune of "Yankee Doodle," that she is born, and whirlwind-like, will envelop the whole world.—Thomas Carlyle.

Cornelius Folio, 7 years and 7 months old, the son of Mr. and Mrs. George Folio of Butte, Mont., met a frightful death Sunday by being cut to pieces under a Butte, Anaconda & Pacific hill train. In company with five or six other little chaps, none of them over 12 years old, young Folio was playing on the track.

AMERICA TO WIN OLYMPIC GAMES

ATHLETES FROM THIS CONTINENT ARE BEST

Looks Like Victory in London This Summer Would Be Easy—Stars and Stripes Are Sure to Win Many Times—Team Will Be Stronger in Distance Runs Than Ever and the Sprints Will Be Ours for the Asking

America's chance of victory in the Olympic international athletic championships at London this summer looks like a cinch of the lead pipe variety. On the eve of the selection of the men who will defend Uncle Sam's track and field honors at the British capital, it is evident that the Olympic committee will find it a comparatively easy matter to select athletes who will compare more than favorably with the best that Europe and Australia can produce. While the score may be somewhat lower than it was in 1906 at Athens, owing to changed conditions, it is almost certain that the Stars and stripes will wave victoriously many times in the British stadium at the Franco-British exhibition.

Two years ago England, Australia and Sweden were America's greatest rivals. Such will be the case this year. Where in 1906 the British athletes had a long journey to make and also to combat climatic conditions, they will be at home this year, with every thing in their favor. London will suit the Swedes better than Athens. On the other hand, once again the Americans are forced to make a long journey and then face adverse climatic conditions, for it has been proved in the past that our runners are always at a disadvantage when competing in England. Some of the best men in the United States may not be able to make the trip because of their business. But despite these obstacles America should win if past records count for any thing.

Short on Long Runners.
At all previous meetings where our runners have met the crack Britons in the quarter, half and mile runs America's chances have been long ones at the best, but there may be another story this summer, when the cream of the world's athletes gather in London.

The greatest quarter miler in this country today is John B. Taylor, the negro runner of the University of Pennsylvania. If he is in condition the man who beats him at this distance will have to set up a new mark. Coming to the half mile run America's chances of success seem especially good, with Melvin W. Sheppard, of the Irish-American Athletic club, and Guy Haskins, of Pennsylvania, to carry her colors. At Jamestown last summer Sheppard did 1:55 1-5.

The 1500 metre race (corresponding to our mile) has always been England's strong point. But to uphold America there is Lightbody, of Chicago, the two-time winner of this championship, besides a host of others. Guy Haskins ran in 4:29 3-5 at the intercollegiate championships, and is the fastest college man in this country, if not in the world. Lloyd won for Oxford last year in 4:28.

Five Mile Run.
The next distance run on the Olympic program after the mile is the five mile. For that race we have such men as Fred Bellars of the New York Athletic club; George Bonhag, of the Irish-American Athletic club, and some great cross-country men from Cornell and various athletic clubs.

It is a pretty safe bet that America will win both the sprints, as she has N. J. Cartnall of Pennsylvania, intercollegiate champion for two years; Huff of Chicago, winner at Jamestown; Dan Kelly, holder of the California; Archie Hahn, winner of world's record; Charles Parma, of the 100-metre race at St. Louis and Athens; Seltz, of the New York Athletic club, and scores of others. Every one of these men has run the 100-yard dash in even time. It is seldom that a Briton does better than 9:10 2-5 and 9:22 2-5 for the 220-yard dash.

For the 110-metre hurdle race America has among others Johnny Garrels of Michigan; Shaw, of Dartmouth; Hubbard of Amherst; Forrest Smithson of Oregon, and Harry Hillman of the New York Athletic club.

Every Will Jump Some.
Ray Evry will be depended upon to win the standing broad and the standing high jumps, as in the past. He is without a peer in these events. The standing broad jump was taken off the intercollegiate program in 1880 and the standing high jump the following year. Neither is in favor among the college athletes, and Evry's understudy will probably come from an athletic club.

Moffett of Pennsylvania, may prove the world's champion in the high jump. He is by far the best in this

APPEARING OLD
Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxurious growth of hair. The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness. Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use. Herpicide makes an elegant hair dressing as well as Dandruff cure. Accept no substitute—there is only one. Sold by leading druggists, or direct from the manufacturer, Newbro's Herpicide, 1000 St. Antoine St., Detroit, Mich. Two sizes—50 cents and \$1.00. A. C. Koeppen & Bros.

country at present. His record is 6 feet 3 1-4 inches, made at the intercollegiate last summer. Con Leahy, of Ireland, won the event at Jamestown with a jump of 6 feet 1 inch.

Captain W. R. Dray of Yale holds the world's record of 12 feet 5 1/2 inches for the pole vault for height, while Martin Sheridan has a mark of 28 feet in the pole jump.

For the shot put, hammer throw and discus throw Uncle Sam has enough seasoned veterans to win nearly every point. John Flanagan and Mike McGrath are the greatest hammer tossers in the world, while Ralph Rose has no superior at present as a shot putter. Martin Sheridan's ability with the discus is well known. They are all available for the American Olympic team.

Miscellaneous Events.
The other events on the Olympic program are the javelin throw, the 3500-metre walk, the ten-mile walk and the three-mile team race (five to run). America may pick up a few points in these events, especially in the relay race. The three-mile team will be made up from the winners of the eastern and western tryouts.

A large crowd of New York athletes will go to Philadelphia on a special train for tomorrow's Olympic trials.
