

Thousands Have Kidney Trouble and Never Suspect It.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

AMONG THE EXCHANGES OF THE INLAND EMPIRE

Baths for Bugs.

The Hood River Spray company of which Fred Frazier of Portland, is president, and in which C. H. Stranahan and W. L. Clark are interested, will soon be boiling poison water for the ill-fated hogs that infest the Hood River orchards, says the News-Letter.

The plant will probably be located near the Hood River Light & Water Co.'s power house on the Mt. Hood railroad.

Mr. Frazier is now on the ground and expects to give the matter his personal supervision. He will move his family to Hood River and devote all of his time to the interests of the spray factory.

He stated in an interview that things would be all in shape soon and that the company would be ready to supply Hood River with its spray for fall use.

The company will make the best sprays known to the horticultural industry, and we are confident that any spray that will stand the test of the Hood River demands, will be in every way a superior article. The plant will manufacture the goods on a large scale with a view of supplying the several northwest states.

Hood River being the hub of the apple world, we predict that the spray manufactured here will find an unlimited market.

cost which the farmers claim is not correct, is the cause for the action taken by the farmers' union against the combine. So well are the ranchers organized, that they are commencing to get their demands.

Ranchers in the vicinity of Stanfield are threatening to stop shipping their grain over the N. P., which refuses them a good site and instead offers to haul their wheat to Valley Grove, providing the O. R. & N. will give them a site for the warehouse.

Pioneer Stockman Dies.

Norman A. Kelley, a pioneer resident of Morrow county, died at the Heppner sanatorium last Thursday night after a long illness from cancer of the bladder, says the Heppner Times. He was 65 years and two months old at the time of his death.

Mr. Kelly was a pioneer sheepman of this county, having been in that business for about 30 years in the county. During his long residence he had accumulated considerable property in livestock and real estate, and up to a couple of years ago he had conducted his own business affairs. At that time failing health necessitated him leasing his ranch out, which he did to S. P. Devin, who is now running the ranch and livestock. Beside a ranch on Willow creek a few miles above Heppner, he owns real estate in the Blue mountains, where he grazed his sheep in summer, his land holdings altogether amounting to several hundred acres.

Fruit Hurt by Frost.

The continued cold weather is damaging the grain crops, and also the fruit to some extent, says the La Grande Observer. So says C. D. Huffman. The grain needs moisture and sunshine, especially on the Sandridge. Very little rain has fallen there and the ground is rather dry. The cold, cloudy weather is hurting the cherry and apple crops to some extent, though not yet enough to cut the crop short. Apples are dropping but most of the trees are overladen. There is no need for any grower to be alarmed because his fruit crop seems backward, for a few days of warm, sunny weather will make a great difference in the appearance of the orchards.

CAPTURED A FLEET ON FOOT.

Remarkable Achievement of Five Revolutionary Heroes. When Savannah was invested by the American army Captain French, with a small body of British regulars and five small vessels, was stationed 20 miles up the river, and the proximity of the American force made him nervous. Colonel John White of the Georgia line wanted to capture this detachment, but no soldiers could be spared by the American general for the undertaking. Now, the colonel was a determined and masterful man and resolved to make the venture on his own account. He persuaded three orderlies and Captain Etholm to aid him.

At the fall of night they built a great many fires in the woods near the British post. Then the colonel and his four friends, "imitating the manner of the staff, rode with haste in various directions, giving orders in a loud voice. French became satisfied that a large body of the enemy were upon him, and, being summoned by Colonel White, he surrendered his detachment, the crews of five vessels and 130 stands of arms."

Colonel White pretended that he must keep back his troops, as Tory outrages had infuriated them and indiscriminate slaughter might take place. He took the parole of the British captain and soldiers not again to serve, gave them three guides, his orderlies, to escort them to safe quarters and hurried them away before daybreak lest the fury of his pretended soldiers should fall upon them.—L. T. Sprague in Outlook.

No Humbug.

No humbug claims have to be made for Foley's Honey and Tar, the well known remedy for coughs, colds and lung troubles. The fact that more bottles of Foley's Honey and Tar are used than any other cough remedy is the best testimonial of its great merit. Why then risk taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure. Pendleton Drug Co.

In return for the splendid majority given in Multnomah county for the University of Oregon, the people of Eugene are shipping every available rose to Portland for use at the rose carnival. But for the Multnomah majority the measure would probably have been defeated.

You Should Know This. Foley's Kidney Remedy will cure any case of kidney and bladder trouble that is not beyond the reach of medicine. No medicine can do more. Pendleton Drug Co.

WE RECOMMEND SEXINE PILLS.

It makes no difference what is the cause of one's weakness. If it be a tonic that is needed, Sexine Pills will do more than any other tonic. They are the one tonic that strikes at the bottom of all weakness, the nerve centers. They send new vitality bounding through the body, producing a glow and tingle that revive the languid energies of youth. Sexine Pills begin by bringing quiet repose to fluttering nerves and inducing restful sleep. Price \$1 a box, six boxes \$5, with full guarantee. Address or call the Pendleton Drug Co. This is the store that sells all the principal remedies and does not substitute.

REJOICED OVER U. OF O. VICTORY. EUGENE PEOPLE HOLD JOYOUS HOLIDAY. Bonfires, Parades and Speeches Marked the Demonstration at Eugene When the Good News of the Success of the Appropriation Reached That City.

That there was genuine rejoicing in Eugene when the news of the passage of the U. of O. appropriation by the people of Oregon reached that city, is shown by the following from the Eugene Guard:

A parade, songs, yells, rosters, dances, fireworks, a great bonfire and speeches filled Eugene and the university with joy last night in celebration of the victory of the University of Oregon appropriation bill over the referendum. The girls of the college also took an active part in the celebration by forming a long line from Villard and parading to the grand stand, holding high over their heads Japanese lanterns.

The most beautiful part of the evening's entertainment was on Kincaid from the time the long string of students fired the Roman candles until before the body of men closed in to listen to the speechmaking.

From a line 200 yards long three hundred of the candles flared into the heavens. Immediately afterward pinwheels burst from the same line, showering sparks like 200 newly broken electric circuits. In the bleachers the band played "America," the girls in the grand stand keeping time to the music by waving their glowing lanterns.

As the bonfire burst a hundred feet into the air the whole sawdust field came wiled to the onlookers, but as the whole body of the people, perhaps 2,000, with hats off, sang the wonderful patriotic song that has stirred so many millions, a still deeper feeling of thanks and reverence pervaded the whole gathering.

Before the rosters and onlookers gathered on Kincaid field, the "varisty boys" marched to the business part of the city, and headed by the faculty, some of the regents, and President Campbell, paraded to the football field.

President Campbell was the first speaker, and delivered the main address of the evening, full of thought for the future and thanks for the past. Other speakers were Regent S. H. Friendly, Representative Allen Easton, Professor I. M. Glen and Mayor J. D. Matlock.
