Valuable Fruit Land Sold.

A. R. Yelton has just purchased of Alice Hobbs 80 acres of fine irrigated fruit land a mile and a half north of Freewater. The price being \$9693, this is in the irrigated belt surrounding Freewater and is one of the finest portions of Umatilla county. The land is all adapted to alfalfa, berries or peaches and will be highly cultivated. The price paid was \$120 per acre.

Train of Strawberries.

Hood River strawberries, a train load of them, passed through the city at 5 o'clock this morning as the second section of the eastbound O. R. & N. passenger train. The train consisted of nine cars of berries and was in charge of Conductor Heughan of the La Grande freight division of the O. R. & N. The train was running on passenger train time and will be given every attention over the O. R. & N. and Short Line. The shipments were destined to Butte, Denver and Salt Lake City. During the past three or four days of warm weather the Hood river berries are ripening rapidly and will now be ready for market more rapidly than the available force of pickers can pick them.

MRS. NORTON FOR NEW DEPARTMENT

WELL KNOWN VOCALIST MAY TEACH AT ACADEMY

Department of Voice Culture Will Be Added to Pendleton Academy Curriculum—Position Tendered to Mrs. Norton, Who Has Matter Under Consideration—School Has Just Closed a Successful Year—A Field Agent Will Be Employed.

That Mrs. Anna Selkirk Norton will become the head of the new department of voice culture and vocal music at Pendleton academy is now quite probable, the matter being under consideration by the board of trustees of the academy and Mrs. Norton.

A department of vocal music is to be established by the academy to meet the growing demand for such in this city and community and Mrs. Norton is considering the matter of becoming the head of the department.

If present plans are carried out a studio will be fitted up for this department and vocal music will be given prominence in the academy curriculum hereafter. The department of instrumental music will also be continued as formerly with many additions and improvements.

The academy has just closed a most successful year and preparations are now being made for an active canvass for students during vacation. A field agent will also be employed to have charge of the finance and to raise an endowment fund.

Students from every eastern Oregon county have been in attendance during the past year and the scope of the academy is constantly increasing more and more students from distant counties are being brought to Pendleton each year.

The commercial course of the academy will also be improved next year and attention will be given to every demand of the public for a thorough education.

GOVERNOR'S DAUGHTER ELOPES WITH DELIVERYMAN

Father Hunts Down Pair But Girl Remains Faithful to Lover.

Salt Lake, Utah, June 10.—An exciting scene was enacted here this morning when Governor Cutler of Utah, after an all night search with a son, found his daughter, Mabel, and her delivery wagon driver husband at a mountain resort eight miles up the canyon from Idlewild.

Cutler demanded that his daughter leave her husband and return home but she registered. The governor and the groom, T. E. Butler, almost came to blows in the argument.

Mabel eloped last night with Butler and was married in Ogden by the janitor of the county court house, who is a Mormon elder.

The governor was in pursuit within a few hours and took the midnight train for Salt Lake. He learned there the couple had left for the mountains.

The girl says she would rather live in a humble cottage with her husband than in a mansion without him.

BRIGHT FOR ACTOR.

Witnesses for Hitchcock Controvert Testimony of Girls.

New York, June 10.—Herman H. Reupke, a valet employed by Raymond Hitchcock, the actor, being tried on the charge of the alleged wronging of two little girls, was on the stand today. He denied the actor attacked the girls. This testimony controverts the story told by the girls on the stand.

Night Clerk Flanders of the hotel, identified a register bearing the name of the actor on the night he is alleged to have taken the girls to a theater. Justice Olmstead testified that he had known the actor 27 years and vouched for his morality.

Would Cheat Gallows.

Chicago, June 10.—Counsel for Herman Bliley, sentenced to hang Friday for the murder of five members of the Varzall family, has applied to Judge Landis for a writ of habeas corpus in an effort to take the case away from the county authorities. The plea for the writ is based on the alleged fact that the sentencing of the murderer was informal because the judge neglected to ask Billek if he had anything to say.

Heavy Storm at Durkee.

The water spout and flood near Durkee on Sunday night did much damage to gardens and orchards in that neighborhood, says the Baker City Herald. At Frank Pierce's ranch two miles this side of Durkee the garden was completely ruined as well as damaging the hay fields. Lawrence creek, when normal, is a very small stream, but witnesses to the flood say that in a very few minutes the creek was changed into a good sized river. The west bound train was delayed at Durkee on Sunday evening and was unable to pull out for several hours. The flood was so great that the train stood in water up to the axle of the cars. No serious results have been reported.

Change in Montana Prison.

The Montana state board of prison commissioners Monday decided to do away with the contract system in the prison and appointed Frank Conely warden at an annual salary of \$2000. The commissioners leased the equipment of the prison owned by Conely and McTeague.

"Known For Its Strength"

What It Means

Many people do not know what a bank's capital means to its depositors, or the difference between a bank of little or no capital, and one with a large capital. One of the functions of

A Bank's Capital

is to protect its depositors from possible loss; therefore the larger it is, the greater protection the depositors have.

This bank has a

- Capital of 200,000.00
- Surplus Fund of 50,000.00
- Undivided Profits 25,000.00
- Additional Shareholders Liability 200,000.00

A TOTAL OF **475 000.00**

This means that this bank must lose practically half a million dollars before its depositors could lose a cent.

This protection is for **YOU.**
