

# NOT A PARTICLE OF SKIN ON BODY

Worst Case of Eczema Doctor Had Seen in 40 Years - For Six Months Father Exposed His Baby to Die - Blood Oozed Out All Over Her Body - Had to Be Wrapped in Silk and Carried on a Pillow - Now She is Perfectly Cured.

## DOCTOR RECOMMENDED CUTICURA REMEDIES

"My little girl was born two weeks before her time and my wife died four hours after the birth of our child and I had to raise the baby on artificial foods. Six months after birth she broke out and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well to-day and she will be three years old the seventh of December and has never had a sign of the dread trouble since. I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C gave her up and then I went to C. F. and got Dr. B. and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Soap and three boxes of Cuticura Ointment; but you must take into consideration that hers was an exceptional case, for an old and good doctor said that it was the worst case that had come to him in forty years. I have always hinged on Cuticura Soap to keep her skin soft and to give her a pure complexion. James J. Smith, Wood and Metal Pattern Maker, Box 234, Buena Vista, Va., Oct. 14 and 22, 1906."

# AMONG THE EXCHANGES OF THE INLAND EMPIRE

To Build Good Roads. The Yakima County Good Roads association was organized at an enthusiastic meeting of some 60 leading residents of this city, of Toppenish and the country last night and temporary officers elected, says the Yakima Republic. The association will elect a central committee, the duty of which will be to get into touch with road enthusiasts throughout the county and have local organizations formed in every district. A campaign of education will be opened up through these local clubs with a view to placing on the ballot at the next general election a proposition to bond the county for \$200,000 or \$300,000 for the carrying out of a specific plan of road construction. One of the questions which was thrashed out at considerable length was whether or not the people of the lower valley view the good roads movement with suspicion because it originates in this city. Several of the delegates from the Toppenish Commercial club and from other parts of the county spoke on this subject and declared that there was no reason for fear on that account.

Long Walk for Little Girl. Considerable excitement was created at Wapato yesterday afternoon by the arrival there of an old man named Talbot, who has been residing here since last fall, accompanied by his little daughter, aged 11, on foot along the railroad track, says the Yakima Republic. The old man and his daughter camped with about 15 hobo's a short distance from the town. A number of residents of Wapato went to the hobo camp and took the little girl away and put her in charge of a lady in the town. They then notified the sheriff's office and Deputy Sheriff Grant drove to the reservation town. He was met by 25 angry Wapato men who told him that the old man had no right to take the child among the hobo's, and they intended to see that he was not permitted to do so.

Talbot was interviewed by Mr. Grant and explained that he had been visiting his son in North Yakima, had been down with the fever for several months and was sick and without money or food, and had packed up a grip with clothes and such provisions as he could obtain and, taking his little daughter with him had started to walk back to Illinois.

## WILL SINK PIANOS IN THE OCEAN

Nearly a thousand dealers in musical instruments are taking part in the seventh annual convention of the National Association of Piano Dealers of America in New York, and the sessions promise to develop much that will be of public interest. New York dealers have arranged an elaborate entertainment program for the three days of the meeting. Several cities are already contesting for next year's convention, with Detroit apparently in the lead. A feature of the session will be the crusade for ridding the trade of many unprofitable methods that have hindered its prosperity. A question that gives most annoyance to the dealers is that of allowances for old instruments, particularly old organs and square pianos, which are offered in exchange toward new instruments. These old relics of by-gone days are practically worthless. The furniture dealer would laugh at the suggestion that he take an old bed room set in part payment toward a new, and the clothing dealers have not yet started the custom of taking the old winter clothes in part payment towards a new spring suit. Fond husbands would hall the day when the milliners would take their wives' old hats and credit them on the bill for the new ones, but they have not done any "haling" yet. But this is not the only feature of the piano trade which the dealers' association objects to. The dealer claims that he is a bumping post between the manufacturer and the consumer. There are some things from the manufacturing end that the dealer does not like, and while the meetings of both the manufacturers' association and the dealers' are held on succeeding days, it is likely that some pretty vigorous discussions will be indulged in between the two bodies. Arrangements are being made to dispose of old square pianos and little box organs during the present convention in New York. Dealers in New York and vicinity whose store rooms are crowded with these worthless instruments, will load them on a large boat, chartered for the purpose, and they will be taken far into the ocean and sunk. By this method the dealers will make certain that these old instruments will never again be offered in exchange, thus necessitating endless explanations and controversies about their real value.

where his late wife's mother resides in the only place he can call home. Talbot and his daughter were brought back to this city by Mr. Grant but just what is to be done is not known. There is no doubt that the old man has a right to walk back to Illinois if he wants to, and the little girl, while she would rather not make the long journey, makes no complaint.

Hood River County on the Map. Hood River county is on the map for sure, says the Hood River News-Letter.

A majority of 32,000 voters of the state declared by their ballots on election day that Hood river county should be placed on the map of the state of Oregon; and that the valley of imperial strawberries and unexcelled apples should be given the splendid opportunity of self-government.

Though often cast into the fiery furnace, Hood River county emerges without the smell of smoke upon her garments. Indeed, the efforts of Hood River's industrious citizenship have availed after being tried as if by fire; and now we are preparing to modestly take our places on the topography of the state and wield our concerted efforts for a greater Oregon.

With good will toward all and malice toward none, we invite you to keep your eye on Hood River county.

Big Cattle Shipments. Nearly 10,000 head of cattle have been shipped from Ontario during the past two weeks, says a letter from Ontario, Ontario is the principal stock shipping point between Portland and Salt Lake. Following is the shipment: Homer & Bivins shipped 203 head to South Omaha; Parsons & Hanley shipped 292 head to Granite county, Mont., 1932 head to South Omaha, 514 head to Fort Benton, Mont., 75 head to Malta, Mont., 419 head to Horace, Neb., 1794 head to Merrill, Mont., 1207 head to Miles City, Mont. Parson & Hanley shipped 168 more cars of cattle yesterday and today.

Consul W. Maxwell Greene, of Hamilton, reports that the act prohibiting the use of motor cars in the volny of Bermuda, and to be in force indefinitely, passed both houses of the legislature, and on May 11 it received the signature of the governor and therefore became a law.

## NATURE TELLS YOU.

As Many a Pendleton Reader Knows Too Well. When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills. Mrs. G. W. Prospeck, living in the western part of Elgin, Ore., says: "Doan's Kidney Pills have proven a priceless remedy to me. Kidney complaint troubled me from infancy and I was gradually becoming worse. I never knew a remedy that would give me relief and every moment of my life was spent in misery. I was troubled with dizzy spells, my back ached severely and my kidneys were so frequent and the secretions so irregular as to cause me great inconvenience. Whenever I took the least cold, it was sure to settle in my kidneys and greatly aggravated my suffering. I took several remedies which gave me temporary relief, and the attacks were sure to return. At last I learned about Doan's Kidney Pills, procured a box, used them as directed and before I had taken one half the contents I was free from backache, and my kidneys were regular and normal in action. I have not had any trouble since and give Doan's Kidney Pills the credit for my present good condition."
