NEWS OF WESTON HERMISTON NOTES

**CLOSING OF NORMAL
MANY LEAVE FOR SUMMER.**

Some of the Faculty Go to Remain, Others Come Back in September—Musical Club Organized in Weston—Young Editor Goes to Portland.

Weston, June 13.—Weston seems a little quiet after the excitement of the past week for the commencement of the normal. The scholars have all gone to their homes for the summer. The faculty will go to different places, some to remain elsewhere and others will return for the term as follows:

Miss Helen Kleinknecht goes to New York city, where she will occupy the chair of psychology in the normal department of the city training school for teachers.

C. E. Hooper returns to Michigan, having resigned as director of athletics.

Donald P. Mitchell will visit friends in Los Angeles, and will probably return to the music department of the Normal.

Mrs. Anna Z. Crayne will spend the summer with her daughter in New York city, and return to her school work at Weston in September.

Mrs. Edina Worden spends the vacation period in Portland and will again be a member of the Normal faculty.

During part of vacation Miss Naomi Stengel will teach at the Albany college summer school, and will return to Weston.

John Mather will spend vacation in southern California.

President French will attend the meeting of the state board at Salem June 29, and soon after the state teachers' meeting at Eugene.

Mrs. French contemplates a visit at the home of her mother in Newport, R. I.

Miss Agnes Buifinch remains at her home near town.

Miss Miller goes to Salt Lake City. Miss Hall left for her home at Pendleton.

Miss Leah Elliot of Walla Walla, now teaching music in Weston, has just organized the Harmony Music club. Officers have been elected and the club will have some very pleasant meetings.

Clark Wood, editor of the Weston Leader, leaves today for Portland, where he goes as a delegate to the grand lodge convention. K. P. H. will be accompanied by his mother, Mrs. S. L. Wood, who will visit relatives in the city for a short time.

Wheat Prospects.
Prospects for wheat are not as flattering as they might be in this section of the county, though if the prices remain good, the farmers expect an average year. It is likely that 35 bushels to the acre is all that will be received in most places on account of the unfavorable season. Land that had been yielding about 50 bushels in the best years will go about 40 this year according to the present outlook.

When you need to take something take it promptly for the stomach, but take something you know is reliable—something like Kodol for Dyspepsia and Indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Tallman & Co.

**FAREWELL RECEPTION FOR
ENGINEER AND WIFE**

Make Many Friends Here During Residence—Directors Water Users' Association and Wives Assist in Receiving—Work on Project Being Rushed Through—Big Land Deals Go On.

Hermiston, June 13.—One of the leading social events ever given in the west end of the county was that of Thursday evening by Mr. and Mrs. E. P. Dodd, a farewell reception to Mr. and Mrs. J. T. Whistler, who will go to Portland to reside. Mr. Whistler is chief engineer on the Umatilla project and he and his wife have made many friends during their residence here in the past two years. They left yesterday for Portland. The board of directors of the Water Users' association and their wives were present to assist in entertaining and nearly everyone in the city turned out to wish well to the Whistlers who have been so long and prominently identified with the affairs of Hermiston and the Umatilla project.

Work on the dam of the Umatilla project is being rushed through with all possible speed, and it will only be a few weeks until the entire project is complete. A number of the men that were employed on the dam are now engaged in work on the break in the ditch near Echo, where a few miles of concrete lining will be put in. This work will take a few weeks at least.

R. Alexander was here from Pendleton yesterday visiting with his daughter, Mrs. E. P. Dodd.

A number of carloads of potatoes will be marketed from here in a very short time. The crop is looking fine, and a good yield is expected. Another year will show Hermiston has a great market for potatoes, vegetables and fruits.

Land sales continue to be made in the Hermiston country, all real estate dealers reporting excellent results of late. The changes of season do not seem to make much difference, and the sales are almost as heavy as they were early in the spring.

Hundreds of people who suffer from backache, rheumatism, lame back, lumbago and similar ailments are not aware that these are merely symptoms of kidney trouble. Pineules for the kidneys act directly on the kidneys, bringing quick relief to backache and other symptoms of kidney and bladder derangements. 30 days' trial \$1 and guaranteed or money back. Sold by A. C. Koeppen & Bros.
