NEWS OF WESTON FREEWATER-MILTON

FARMERS WANT MORE RAIN AND LESS WIND

Visit Famous Resort on the Umatilla—Father Dies at Wasco, Oregon, After Prolonged Illness—Young Men Go to Portland to Take Positions—Wood Is Being Hauled From Mountains.

Weston, June 17.—The wheat crop in this section is not suffering, though the farmers are praying for a rain, and hope to have it before the month is out to insure a good crop. The winds and late spring have been somewhat of a drawback, and unless the winds are too severe and hot later on there will not be danger of much shortage in the wheat this season.

A number of the farmers of the Weston district have been over to Wenaha Springs of late, and they speak in high terms of the improvements being made at that resort this season.

A. J. Barnett of this place, is at Wasco, Oregon, this week, having been called there on account of the death of his father, Andrew Barnett, of that place. He was 86 years of age, and died after a prolonged illness.

Ward Baker and Harvey Briskell went to Portland the first of the week with the intention of taking positions and remaining through the summer.

Miss Nellie Morton is assisting in the clerical department of the Normal. Miss Morton was a student in the business course the past year.

Miss Faye Warren is visiting relatives at Lind, Wash.

Farmers from all directions are now hauling wood from the mountains, and are putting in their winter supply of fuel.

IDAHO NORTHERN IS EMPLOYING MANY MEN

Gang of 1200 Laying Track—Line Will Be in Operation January 1—

With a construction force, which has been increased within the last two weeks to 1200, the building of the Idaho Northern railroad from Enaville to Murray, Idaho, along the north fork of the Coeur d'Alene river is being rushed with all possible haste, says the Spokesman-Review.

A tracklaying gang at Enaville has put down a mile of steel north from that point, and Sunday the work of making a connection with the O. R. & N., preparatory to receiving the rails and bridge material at the headquarters of the construction.

E. P. Spalding, the vice president and general manager of the Idaho Northern, who returned to Spokane yesterday from St. Paul, announced that the company will be prepared to proceed with tracklaying in about 30 days, and that from the time it is begun until the track is completed into Paragon gulch, six miles east of Murray, work will be continued without interruption.

The rock work, it is expected, will be finished in about 30 days. Work on that part of the grading was continued all winter, and when completed more than 300,000 yards will have been removed. Practically all the rock work has been involved in going around the sharp bends of the river with easy curves. The road will have an absolute water grade its entire length of 33 miles between Enaville and Paragon gulch.

With the Idaho Northern completed and in operation ore from the mining properties now being developed on the north slope of the Coeur d'Alenes can be shipped to the smelters for \$8 a ton, or less than half what it costs now. Mines on the north slope of the Coeur d'Alenes that have been shipping ore had to pay \$10 a ton to have it hauled over the mountains to the railroads. The transportation cost of approximately \$20 a ton at present is prohibitive of the shipment of all but the richest ore.

The Idaho Northern will provide rail shipment for the ores of eight properties which are now being developed in anticipation of the line. Among the mines that have been most extensively worked is the Monarch, which practically ceased shipping ore three years ago on account of the lack of rail transportation.

"We will have the line in operation between the first and last of December," said Mr. Spalding yesterday. "We have at present in sight more than 100,000 tons of ore awaiting at the start. In addition to the ore shipments we will carry daily about 15 cars of timbers to the mines at Wardner and other places on the north side. The timber supply of those mines is on the north side of the mountains, and the railroad will materially decrease the cost of this necessary mining material and make a constant supply certain."

Bucklen's Arnica Salve Wins.
 Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I tried Bucklen's Arnica Salve. Less than half of a 3 cent box won the day for me by afflicting a perfect cure." Sold under guarantee at Tallman & Co.'s drug store.

TEACHERS ARE CHOSEN FOR COMING TERM

Assigned Grades and Successful Term Is Expected—Couple Married—Fire Department Receives More Hose and Is Being Improved—Cherries Are Coming In and Being Shipped.

Milton, June 17.—The teachers for the coming year in the Milton public schools have been appointed as follows: Professor C. E. Young, eighth and ninth; Mrs. Kelly, seventh; Miss Arlie Rounzin, sixth; Miss Ida Shortley, fifth; Miss Esther Compton, third and fourth. At the Grove school Miss Connie Hastings will have the third and fourth grades and Miss Laura Bruce, the first and second. At Freewater Miss Della Hudson will teach the third and fourth and Miss Della Samuels, the first and second.

Professor W. C. Howard has returned from Spokane, where he has been attending the South Methodist conference.

Couple Married.
 Walter Beaumont and Mrs. Bado of this place, were united in marriage Monday evening. Mr. Beaumont is a native of this place and well known here.

Miss Elsie Doroth of Pierre, S. D., is spending a few weeks with relatives here. She will visit in different parts of the west before returning.

The fire department has received 400 feet of hose and they have a total of about 1150 feet now. The fire department now has things in fine shape and will be able to do some good work in the future.

The strawberry season will be about over in a very few days in this vicinity.

Cherries In.
 The cherry harvest is in full blast at this time. The cannery will get most of the crop, though a great many of the best ones are being shipped out.

Social Tonight.

Freewater, June 17.—An ice cream social is being held by the Ladies' Aid society of the Congregational church, this afternoon and evening. Strawberries will also be served.

Mr. and Mrs. Dan Christman have returned from a visit to the east, and they report a very enjoyable trip.

Miss Lottie Wilson has returned to Pendleton after spending some weeks here.

Born, to Mr. and Mrs. O. K. Goodman, June 14, a son.

Thinks It Saved His Life.

Wester M. Nelson, of Naples, Me., says in a recent letter: "I have used Dr. King's New Discovery many years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs, it has no equal. Sold under guarantee at Tallman & Co.'s drug store. 50c and \$1. Trial bottle free.

FOURTH CELEBRATION.

Wheat Not Yet Suffering About Helix Say Farmers.

Helix, June 17.—Elaborate preparations are now under way for the Fourth of July celebration at this place, which will be one of the grandest affairs of the kind ever given at Helix. There will be people from all directions.

Wheat is not suffering in this section as yet, though it looks a little rusty in places. The farmers are praying for another good rain or two before the real hot weather sets in.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY, Notary Public.

Irrigation Talk No. 42.

DRY and cold spring, in fact, the coldest experienced in this section for 25 years—but notwithstanding this, Mr. Leiser 3-4 of a mile from our project had ripe cherries on the market May 21st. We will have ripe cherries under normal weather conditions between May 1st and May 10th. There is no section in the Great Northwest to equal Western Umatilla for early season.

It has been a cold spring throughout the county having ruined many beautiful fields. Come down to Echo NOW and see the healthy condition of our crops. That is the most convincing proof.

My time is at your disposal.

Young Ivanhoe in Belgium.

The La Grande Star Says of Forrest Ivanhoe, son of Major and Mrs. F. S. Ivanhoe and well known in Pendleton: Forrest, the son of Major and Mrs. F. S. Ivanhoe, was in Queens-town, Ireland, on the 3rd of the month. This was the information received yesterday by Roy Goodnough and the news came by way of a post-card which briefly stated that the young man was all O. K. and that he would sail in a day or two for Belgium. Forrest is locally known among his friends as "Skinny," and this was all the signature that was attached to the postal. The young man who has been lured by the romance of the blue, salty sea for a long period, left Portland early in the winter on a "wind-jammer" for a tour of the world, and this is the first that has been heard from him for a long period.

DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a very short time strengthen the weakened kidneys. Sold by Tallman & Co.
