## IDAHO WOOL HITS THE TOP NOTCH

MALAD CLIP BRINGS 15 1/2 CENTS PER POUND.

Boston Buyer Takes 700,000 Pounds at the Highest Price Reported in the Northwest This Spring—Soda Springs Wool Will Be Sold at 15 Cents.

Southeastern Idaho wool is commanding the top notch price. Fifteen and a half cents was paid Tuesday by H. S. Hallett of Boston for 700,000 pounds of the Malad, Idaho, clip.

The wool purchased belonged to about 42 growers in the vicinity of Malad, who were represented in making the sale to Mr. Hallett by Giff Davis, who went to Salt Lake from Malad, accompanied by Jedd Thomas, Jedd Jones and Dick Owens.

Hallett will ship all the Malad wool to Boston between now and July 10. This sale, following his report from Idaho that buyers were paying 15 cents a pound for wool in Utah, has filled the Utah sheepmen with exultation.

They believe that the better prices is the result of their fight against the bear movement in the wool market, says the Pocatello Tribune.

Word comes from Soda Springs that representatives of the eastern commission houses are offering 15 cents a pound for the clip at Soda. Soda is the largest wool center in the intermountain region, and if this increase in bid price continues, there will be a happy lot of flockmasters in the Flizz Water town.

Douglas & Valentine of this city, the sheep kings of Bannock county, have received some flattering offers from eastern buyers, but have not yet closed. They refused to divulge the price submitted to them, but it is known to be better than 14 cents.

### Half Holiday at Land Office.

By a recent departmental order, the land office will close at 1 o'clock on Saturdays, during the months of July.

### The Best Alarm Clock.

If you have use for an alarm clock to wake you up these spring mornings, then you should get a good one. A poor alarm clock is much worse than no clock at all. You cannot depend upon a cheap clock picked up probably in a place where the knowledge of clocks is unknown. When you buy a clock from us you know that if anything goes wrong we are ready to make good with the proper repairs.

All alarm clocks guaranteed and cost from \$1.00 to \$2.50.

# KOEPFENS

THE DRUG STORE THAT SERVES YOU BEST.

August and September, says the La Grande Observer. No business is effective on the first day of July, and throughout the whole country. The officials in the local office have nothing to say about the matter, and can only act according to instructions. Mr. Roberts, the receiver, desires that all the publicity possible be given the matter, so that any one having business in the La Grande office will not be disappointed by expecting the office to be open all of Saturday as usual.

### ROYALTY IN DANGER.

King of Portugal Fears Assassination. Lisbon, June 17.—It is likely that the king will not publicly participate in the celebration of the great religious festival tomorrow, owing to the recent discovery of a plot to blow up with bombs all the members of the royal family on the occasion of that celebration. Every possible safeguard has been placed about the king to protect him from the wrath of the malcontents.

Scores of arrests have been made as a result of the plot and the leaders of the Society of the Black Cross are now in prison and will probably be executed. Correspondence found by the authorities indicates that the society had relations with an international organization of anarchists, with branches in Madrid, Barcelona, Paris, London and other European cities.

### Johnson Develops Strength.

Nashville, Tenn., June 17.—The democratic state convention opened today and developed some strong support for Governor Johnson, but it is not thought it will be sufficient to prevent the gathering pledging the delegates to Bryan. Twenty-four delegates will be sent to Denver and it is conceded all these will favor Bryan.

Many people would be more thrifty if they were not afraid of being called stingy.

### SMITH-VAUGHAN NUPTIALS.

Miss Effie Smith and Thos. Vaughan Will Be Wedded at E. L. Smith's Residence.

Miss Effie Smith, the accomplished daughter of Mr. and Mrs. E. L. Smith, and Dr. Thomas Vaughan, of the dental firm of Vaughan Bros., will be married at the home of the bride's parents on Tustip street, at 8 o'clock this evening. Rev. W. T. Euster of the M. E. church, to perform the ceremony.

Both the young people are well known and very popular and will move to their new home on South Johnson street, this evening.

### McKee-Wright Nuptials.

At high noon today Mr. Orville James McKee and Miss Mabel Edith Wright were united in marriage by Rev. Ralph E. Strong. The ceremony was performed at the home of Mr. and Mrs. Robert L. Jackson at 815 West Court. After the ceremony a dainty wedding luncheon was served by Mrs. Jackson, who is a sister of the bride, and with whom she has been visiting for some time. Mr. and Mrs. McKee will be at home in Wellington, Kan., after the first of next month, where Mr. McKee is a well known railroad man.

### FOUR ARE DROWNED IN AN AUTOMOBILE

Machine Carrying Women and Children Plunges Over Pier Into North River.

New York, June 17.—Four persons were drowned last night when an automobile carrying a pleasure party of six became unmanageable, shot at wild speed down West Fifty Sixth street and bounded from an open pier into the North river. The machine turned over in its plunge from the pier, holding the four victims fast in their seats.

The dead: Adaline Barton, aged 39 years; Mrs. Rose Coleman, aged 23 years; John Coleman, aged 8 years; Virginia Knight, aged 8 years.

The chauffeur, John Bailey, was carried into the river with the machine, but managed to free himself and swim to safety.

John Nolan, one of the party, jumped from the runaway machine as it neared the end of the dock.

After taking his employer home to-night Bailor invited his friends for a pleasure ride. With the party he ran the machine down Fifty Sixth street at fair speed. In some manner the brake failed to work and the machine began to skid. Down the dock it flew and Nolan leaped just in time. The four victims were carried into the water. The body of Mrs. Coleman was recovered shortly before midnight last night.

After swimming to the pier, Bailor went to the police and notified them of the drowning and surrendered himself.

### Speed Queen of Fleet.

Navy Yard, Puget Sound, June 17.—The battleship Georgia sails for San Francisco Thursday morning. She will attempt to break all speed records en route. The Georgia is acknowledged to be the speed queen of the Atlantic fleet. All records are expected to be smashed.

### John Sharp Is There.

Jackson, Miss., June 17.—Among the 20 delegates to the national democratic convention, who will be named by the state convention opening today, will be John Sharp Williams and Governor Noel, former Governor Vardaman and Senator Kuren. The indications are that there will be no opposition to instructing the delegates for Bryan.

The United States Leading the World. Great Britain's production of coal in 1907 was 267,282,276 long tons, or 299,969,669 short tons, and Great Britain is the second coal-producing country of the world. The coal production of the United States in 1907 exceeded by 180,480,373 short tons, or more than 60 per cent, that of the British Isles. It was more than double that of Germany, and was equal to 40 per cent of the total coal production of the world.

### MORE PENDLETON ROSES.

Fine Specimens are Grown by Many Enthusiastic Women of the City.

More fine specimens of roses have been brought to the office of the East Oregonian by Mrs. J. L. Carroll and Mrs. J. L. McPherson and every day it becomes more and more evident that Pendleton can equal if not surpass Portland in the production of these beautiful flowers.

The specimens brought to this office are rich and thrifty and show great skill and care in their culture. The blooms are as large and the colorings as rich as those of Portland and there is no reason why, with a little effort, Pendleton should not have a rose show surpassing anything ever witnessed in eastern Oregon.

### Missouri Likes Prohibition.

A. Ruppe, the pioneer farmer, has just received a copy of a paper from Shelby, Mo., his old home, giving an interview from Hon. J. H. Whitecotton, democratic candidate for governor of the state, in which he says that Shelby has made more advancement and more substantial progress during the past two years under prohibition than in any former period in the history of the city. Shelby is a town of about 5000 people and is similar to Pendleton in many ways and once had a large number of saloons. The farmers of that vicinity have built and now own and operate a railroad eight miles in length from Shelbyville to Shelby. It is the only railroad in the United States actually owned and operated by farmers and is a very profitable venture.

### Woodshed Was Scorched.

A small fire in a woodshed belonging to H. G. Latourle, at 813 Mill street, brought out the central fire company at noon today, but before the arrival of the company neighbors with the aid of a number of garden and lawn hose checked the fire and finally completely extinguished it. But little damage was done, but for a time, owing to a stiff breeze blowing at the time, the residence was in danger.

### Work on Pilot Rock Branch.

Harry Anderson, in charge of an O. R. & N. bridge crew and half dozen outfit cars, will be employed for a few weeks on the Pilot Rock branch. Several bridges will be improved and a number of small unfinished jobs will be done.

### Chinese Fly Kites.

Half a hundred small boys enjoyed fine sport this afternoon watching a number of local Chinese flying immense dragon kites from the south hill. A number of grotesque kites were in the air several hundred feet above the ground all afternoon.

### Home for Vacation.

Edgar Smith, who has been a student of the University of Oregon during the past two years, arrived home last evening for the summer vacation.

When my boy begins talking about a "sane and safe Fourth" I am going to send for the doctor.
