

Why Overheat Yourself?

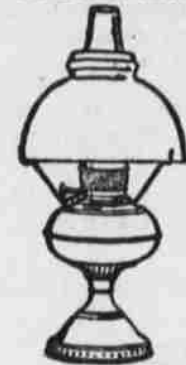

Much of your summer pleasure depends upon having a cool and comfortable kitchen. Why not be prepared for hot days before they come?

Ask your dealer to show the New Perfection Wick Blue Flame Oil Cook-Stove. It's a wonder.

Does the work of your big range in every particular, but has this great advantage over it, that it never heats the kitchen. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

makes summer days endurable. Think of preparing a meal in less time than you'd do it on the coal range, and then sitting down at table with the family—not overheated, but entirely comfortable.

That is the way you will do when you have a "New Perfection Oil" Cook-Stove in your kitchen. Made in three sizes; fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** is a center draft lamp of great illuminating power. Large font holds oil for several hours' burning. Free from all objectionable features—a splendid family lamp. If not with your dealer, write our nearest agency.

STANDARD OIL COMPANY (Incorporated)

MILITARY RIFLEMEN HAVE NEW PLEASURE

American military riflemen will have a new pleasure added to their list should the new board on revision of the firing regulations for small arms adopt the skirmish system, which has been so successfully tested at the school of musketry at Monterey, Cal., and in the Philippines, or the Australian skirmish system. An idea of the proficiency in shooting gained by our officers and men in the Philippines may be had from the following: Imagine a man dressed in kakhi whose color melts into the background of dirt or burned grass so that at 600 yards he is almost invisible. This man pokes his head and shoulders over a dirt embankment long enough to sight a rifle and fire a shot. He represents the "enemy." Coming toward him is a "boy in blue," only he, too, is dressed in kakhi. Beginning at 600 yards distance he stops and waits for the enemy to appear. In ten seconds the latter puts up his head and shoulders which are exposed for three seconds. This happens four times and the American makes a run forward, loading as he runs. He falls to the ground and in 10 seconds the "enemy" rises over the bank to fire. "Bang, bang," goes the New Springfield. This advancing and firing is repeated until five halts have been made, the figure having been exposed four times for three seconds each at each halt, and the soldier having advanced until he is within 200 yards of the entrenchment. The "enemy" is then examined and it is found that he has been struck 25 times, the soldier having used something like 30 or more rounds of ammunition. That is "field firing" under approximate war conditions, and that is what they are doing in the Philippines and contemplating doing to a greater or less extent in the United States.

Sent to Philippines.
Capt. R. H. Allen, of the Twenty-seventh Infantry, who is stationed in the Philippines, is one of the officers ordered to America to compete for a place on the army teams to shoot in the great national matches to be held at Camp Perry, Ohio, in August. Last year the navy carried off the national trophy so this year the war department called on the Philippines to send their most expert marksmen to the United States to try for places on

the teams and two officers and three enlisted men were sent from the cavalry and six officers and one enlisted man from the infantry. The trip will take from six to eight months and all to compete for places on teams which will meet the teams from the navy and marine corps and 40 states and territories in the greatest rifle match America has yet seen. Captain Allen holds the records for shooting under the Australian skirmish system. Beginning at 600 yards he fired 40 shots at the silhouette target above described, stopping at 200 yards. Out of these 40 shots he made 30 hits. The total exposure of the silhouette was 60 seconds, but allowance must be made for the time it takes to cover the distance. This allowance is .3 seconds at 600 yards and for the first five halts amounts to about 10 seconds. Therefore, Captain Allen fired a shot every second and a quarter that the target was exposed and every four shots found their lodgment in the head and shoulders of the "enemy" peering over an embankment.

Australian Skirmish.
"In the Australian skirmish unlimited ammunition is allowed," said Captain Allen, while in Washington. "This is as it would be in warfare, presuming there was plenty of ammunition available. The firing is at unknown distances and the 'enemy' appears only long enough to fire a shot and exposes nothing but the head and shoulders as would probably be the case in actual warfare. He is dressed in olive drab or kakhi and his clothes mingle with the landscape so as to make him almost invisible at 600 yards. We fire and he maneuvers take place. By the time we have reached 200 yards it is safe to say that every man of the enemy who has poked his head above the embankment has been killed or disabled and the subsequent charge is attended with little danger. When we started this practise a total of 15 shots on a figure was a big record. After several weeks of practise the teams averaged 25 hits per man. No enemy could expose themselves over the breastworks long enough to fire shots and live in the face of an attack by such sharpshooters."

TO TEACH INDIANS TO COOK LUNCHEONS

New Plan for Day School on the Nez Perce Reservation.
Lewiston, Idaho, June 20.—Indian Agent O. H. Lipps will advertise for bids for the construction of a four-room employees' cottage, which are to be built this summer at Kamiah for the first day school on the Nez Perce reservation, the bids to be called for immediately after July 1, when the Indian appropriation bill will be available. The buildings will be constructed from uniform plans adopted by the department of Indian affairs. The schoolhouse will contain four rooms, one as a kitchen, one as a dining room and the other as an industrial room in which domestic science will be taught. The government will furnish food and allow the Indian children to cook their own lunches.

The cottage will be occupied by the teacher, who will be under civil service jurisdiction. The entire plant will cost \$10,000, and it is regarded as an experiment on this reservation, although schools are common on some of the eastern reservations. It is expected that 25 Indian children will be enrolled when school begins next summer.

Home for Boys.
Salt Lake City, Utah, June 20.—Officers of the grand council of United Commercial Travelers today laid the cornerstone of a home for boys to be erected by the order at Canyon Crest ranch.

Bees Laxative Cough Syrup for young and old is prompt relief for coughs, croup, hoarseness, whooping cough. Gently laxative. Guaranteed. Sold by A. C. Koepfen & Bros.

BARNES WANTS CHANGE.

Attorneys for Murderer Think They Won't Be Given Fair Deal.

Change of venue to some other county than Walla Walla is asked in a petition filed in superior court today by E. C. Mills, E. F. Barker and Oscar Cain, attorneys for Bud Barnes. They claim that Barnes would be unable to get a fair trial in this county, owing to the prejudice against him in the minds of the people, obtained by reading the papers and in discussion and attendance at the trial.

Answer to the petition, together with affidavits will be filed by Attorney Rupp for the state, late this afternoon or tomorrow morning and the petition will be argued tomorrow morning.

In an affidavit Attorney Cain sets forth that he defended Barnes at his last trial that since the trial he and his associate Frank Garrecht have been criticized for defending Barnes, the jury has been condemned, and people have had a very hostile attitude toward Bud Barnes. Further, he swears that he has frequently heard on the streets that Barnes "should be hanged and that the same treatment should be accorded the jurors who sat on the trial."

Affidavits setting forth that the public is against a fair trial in Walla Walla county are also filed by A. H. Harris and Rev. Andreas Bard.

Marion Barnes Located.

Marion Barnes, the brother whom "Bud" was, by some, suspected of having murdered, has been located in Glenwood, Klickitat county, Washington, where he is in the employ of J. C. McDonald as a shepherd, says the Walla Walla Statesman.

Such is the information given out at the sheriff's office this morning, J. F. Loundagin, who got the letter from the missing boy, was in the city today. It seems the letter he got was not from Heppner, but from Arlington, where McDonald lives. Further, it is positively given out that Marion was alive and well a week ago.

It seems that Marion is in the habit of working for McDonald every year until harvest, at which time he returns to this country and spends that season near here. Having finished, he always returns to the employ of McDonald. This year, however, on account of the trouble in which "Bud" is engaged, he will not come up. It is stated on the best authority, however, that he is alive and well.

A Grand Family Medicine.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston street, New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be recommended too highly." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Tallman & Co.'s drug store, 50c.

Prohibition Growth.

Saratoga Springs, N. Y., June 20.—Eight states at present have prohibition and a dozen more will be added to the list within the next three years according to speakers at today's session of the World's Temperance Congress. Other nations are alleged to be falling in line and it is enthusiastically declared that another century will mark the final passing of the drink evil.

Hundreds of people who suffer from backache, rheumatism, lame back, lumbago and similar ailments are not aware that these are merely symptoms of kidney trouble. Pineules for the kidneys act directly on the kidneys, bringing quick relief to backache and other symptoms of kidney and bladder derangements. 30 days' trial \$1 and guaranteed or money back. Sold by A. C. Koepfen & Bros.

Oregon Girl Awarded Medal.

St. Louis, June 20.—Miss Esther Hult, Colton, Ore., who has been studying sculpture in the St. Louis School of Fine Arts, Nineteenth and Locust streets, St. Louis, was one of the medal students of that institution this year. Miss Hult received the second highest honor, a bronze medal, for her excellent work in the life sculpture class.

Pineules for the Kidneys, 30 days' trial \$1, guaranteed. Pineules act directly on the kidneys and bring relief in the first dose to backache, weak back, rheumatic pains, kidney and bladder trouble. They purify the blood and invigorate the entire system. Sold by A. C. Koepfen & Bros.

Fruit Shippers Organize.

Fruit shippers of the Yakima valley have formed an association, the avowed objects of which are to secure advantageous railroad rates and uniform tariffs into new markets and the improvement of the methods of grading and packing fruit. Practically all of the buyers have joined the association.

Is the art of making "vinegar pie" one of the lost arts?

THE REAL TEST

Of Herpelde is in Giving it a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigorators may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair? No, they do not, but Herpelde does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpelde stands the "real test."

It is a delightful dressing, clear, pure and free from oil or grease. Sold by leading druggists. Send 10c in stamps for sample to The Herpelde Co., Detroit, Mich. Two sizes—50 cents and \$1.00. A. C. Koepfen & Bros.

Our Special Inducement

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
