CONGRESSMAN ELLIS IS HOME

Representative Kept Busy Shaking Hands Since His Return.

PLEASED WITH HAVING SECURED FEDERAL BUILDING

Will Devote Summer in Preparation for Labors of Coming Session—As Member of River and Harbors Committee He Will Have Much to Do During Vacation—Will Try for An Increased Appropriation and Will Help Hawley in His Labors for Willamette River—Ellis Will Remain in Oregon Until November—Will Ascertain Needs of His District.

Feeling and looking well in spite of the busy congressional session and the long, hard trip across the continent, Judge W. R. Ellis returned home yesterday, arriving here on train No. 1. He was accompanied by Mrs. Ellis, who was with him in Washington and upon the visit in Iowa.

Since his return, Congressman Ellis has been a busy man, shaking hands with friends, receiving congratulations upon his election and talking over matters pertaining to affairs in Washington.

The Federal Building.

From a Pendleton standpoint the chief work done by the second district's representative was the securing of the \$70,000 appropriation for the federal building. For this favor the people of the city have felt kindly towards Congressman Ellis and the judge himself is glad that the building is to be forthcoming. Since his arrival he has inquired regarding the various sites submitted to the government and said:

Work During Summer.

During the coming summer Judge Ellis will devote much of his time to preparing himself for the session next winter. Practically all of the preliminary work on the river and harbor bill is done during the summer months and accordingly he will with other Oregon men will commence at once on the task of preparing Oregon's claims for presentation.

An effort is to be made to secure a larger appropriation for Cello canal and other work on the Columbia. Furthermore, Judge Ellis is anxious to assist his colleague, Congressman Hawley in getting an appropriation for the Willamette. Among other things it is desired to have the federal government take over the Oregon City locks now owned by the state.

Now that he has returned home, Congressman Ellis will remain in the state until next November. Part of the intervening time will be spent at his home here, while the remainder will be devoted to traveling about other portions of the district.

Mose Taylor, the Athena wheat rancher, is transacting business in Pendleton today.

TOMORROW IS LAST DAY FOR SALOONS

Unless the pending trial of the prohibition vote in Umatilla county results in favor of the saloonmen tomorrow, the 22 saloons of Pendleton will close at midnight, tomorrow night, Tuesday, June 30, 1908, perhaps never to open again.

The liquor case will be settled tomorrow and if the issue should be decided in favor of the saloonmen, of course the saloons will remain open, but otherwise they will be closed at the beginning of July 1, 1908, according to the law of Oregon and the ballots of the people of Umatilla county.

Already about five saloons which were in operation at the time the vote was taken on the prohibition question on June 1, have suspended, leaving 22 in operation today.

FOUR KILLED IN TRAIN WRECK

CALIFORNIA LIMITED RUNS INTO A BURNED BRIDGE.

One Passenger Killed Outright, While Fireman and Engineer Are Buried in Sand With Locomotive—Baggage Man Also Missing—Forty-five Injured Are Placed in Hospital at Winslow, Ariz.

Winslow, Ariz., June 29.—Three persons are missing, thought to be dead, and 45 persons are injured and in the hospital here as a result of the California limited on the Santa Fe road running into a burned bridge 15 miles east of here Sunday night.

Charles L. Patridge of Redlands, was killed in the crash. The locomotive was almost completely buried in sand, talking with it both fireman Thomas and Engineer Curran, neither of whom have been found. It is believed they are still under the mass of broken and twisted iron and steel.

A baggage man, name unknown, is also missing. The train was running at a fair rate of speed. Timbers supporting the bridge had burned away but there was no blaze to warn the engineer.

The heavy train plunged into a dry creek, the first three coaches followed, piling up in a heap.

The Injured. The seriously injured are: W. Kleickner of Los Angeles, B. F. Taylor of Los Angeles; J. B. Dame of Pasadena, and F. Greiger, a Pullman conductor.

The wreck occurred just east of Hardy, while the train was on time and going 50 miles an hour. Some of the passengers recall having heard a long shriek of the whistle a few seconds before the accident, indicating that Engineer Curran had discovered the danger too late.

The heavy locomotive was driven into the sand and three coaches were completely demolished. The escape of the mail clerk in the mail car is a miracle, as the car was smashed to pieces.

DYNAMITERS IN SAN FRANCISCO

Fiends Kill Four, Injure Many and Destroy Two Buildings.

POLICE BELIEVE IT IS WORK OF CRIMINAL.

Grocery Store With Upper Flats and Adjoining Saloon Building Blown Up—Boy Hurled Through Window and 50 Feet Out Into the Yard, Escaping With His Life—One Family Nearly Annihilated—Windows Shattered in Vicinity—Former Supervisor James Gallagher Interested in Property Destroyed—Other Property Owned by Him Dynamited.

San Francisco, Cal., June 29.—Four were killed and many injured in a dynamite explosion destroying a grocery store with upper flats, an adjoining saloon building, at Cheney and Diamond streets, at 2:15 this morning.

The dead are John Sweeney, a grocer, his wife, Ella Sweeney, a daughter aged 9 years, baby daughter of B. S. Dissemeyer, a year old. All lived over the store.

The windows were shattered in the whole vicinity. The police believe the explosion was the work of criminals. It is thought that former Supervisor James Gallagher, whose property in other instances has been destroyed by unidentified persons, was interested in the building.

The 25-year-old son of Sweeney was blown through a window and 50 feet into the yard. He was severely injured.

The fronts of the grocery and saloon buildings were blown out. A fire quickly followed the explosion and the wrecks were partly consumed before the firemen arrived.

All the injured and dead were taken out. There is little doubt that the explosion was the work of the dynamiters who twice blew up property belonging to Gallagher, who turned states evidence in the graft prosecution. The property blown up this morning was leased by Antone Dissemeyer to T. J. Gallagher, brother of the former supervisor.

District attorney Langdon today requested Chief Biggely to put the whole detective force at work on the latest dynamiting outrage. Assistant District Attorney Heney said: "This is the most dastardly outrage yet perpetrated by the agents of graft."

The police say the explosion was caused by gasoline and kerosene in the grocery.

BARNES GUILTY OF FIRST DEGREE MURDER

Slayer of Mrs. Anna Aldrich Must Hang—Appeal Not Probable.

After 35 minutes' deliberation the jury in the case of Bud Barnes returned a verdict of guilty of murder in the first degree in the superior court at Walla Walla late Saturday night.

The plea of insanity introduced by Barnes' attorneys was ignored by the jury. The defense rested its case at 4 o'clock Saturday afternoon, when the arguments began.

When 6 o'clock came Judge Brents adjourned court for an hour, announcing that a night session would be held.

The arguments and instructions to the jury were concluded at 9:15. At 9:50 the verdict of guilty was returned. Neither Barnes nor his wife, who has been with him constantly during the trial, showed any emotion. Before being returned to the county jail Barnes kissed his wife good night.

A crowd of 1000 people filled the court room and long after court adjourned hundreds stood about the jail discussing the trial.

Barnes will probably be sentenced some time next week. As he is without funds it is doubtful if his case will be appealed to the superior court.

Fifteen hundred troops arrived in Torreon to protect the city from the expected attack by revolutionists and the Americans are preparing to send their families to the states for safety, according to reports brought here by passengers on the Mexican Central.

It is reported that revolutionists have attacked the village of Matamoros, Coahuila, about 15 miles from Torreon, and have occupied that town. Official advice relative to sending troops to Torreon say that with the forces already stationed there the town is "impregnable."

In Chihuahua there is considerable alarm among the citizenry and guards numbering from 20 to 25 soldiers in a single patrol are continually passing through the streets. A great many extra police have been sworn in to do guard duty.

Jails Guarded.

Both jails of Chihuahua are protected by reinforced guards, and troops are stationed on the roofs of public buildings. The officers in command of the troops at Chihuahua have by special orders been quartered with their men in readiness to respond to an emergency call.

Two hundred of the eighteenth battalion, Mexican infantry, commanded by Colonel Luis Ballesteros, arrived tonight in Juarez, across the river from here and will be distributed in the vicinity of that town. These reinforcements make an aggregate of 500 soldiers stationed in Juarez.

GLOOMY OUTLOOK IN TEHERAN.

Starving Soldiers Commit Many Acts of Violence.

London, June 29.—A dispatch to the Times from Teheran paints a gloomy picture of the situation. It says that general uncertainty exists and that the feeling of insecurity is increasing. The people are driven to despair and the half-famished soldiers, eager for loot, commit flagrant acts of violence and plunder. Meanwhile the rebel camp is increasing in strength and is said now to number 10,000 men. General Llakoff is the master of the situation and is ruling as an absolute independent viceroy. The shah, the dispatch concludes, seems to have no program for the future administration of the country.

If Bryan can bring it about there will be a new chairman of the democratic national committee succeeding Tom Taggart of Indiana. Dahlman said he would be Bryan's choice for that position and manager of the campaign.

In 1904 Taggart was a figurehead in the New York headquarters. He was hardly consulted and Bryan wants to make no mistakes as this will be the greatest campaign of his career.

Fair Sex Create Disturbance During Trial of Prince.

Berlin, June 29.—Hundreds of women were turned away from the central criminal court today when the case of Prince Phillip Eulenburg, accused of gross immoralities, was called. The women created a disturbance and in some instances court attendants were forced to eject beautifully grown women from the room.

TWO VIOLENT DEATHS AND ONE FATAL INJURY.

Portland, June 29.—Three accidents that resulted fatally and one in which the victim suffered serious injury, occurred in this city Sunday.

Elma Obermiller, the 4-year-old daughter of Adam Obermiller, was probably fatally burned in the basement of the family home at 833 Grand avenue, north. The child was playing with matches and skyrockets and ignited her clothing. Before the flames were extinguished, the little girl received injuries from which she will probably die.

Ote Jemtegaard, while boarding an electric car at Kern park on the Mount Scott car line, slipped and fell. His head was caught under the trucks of a trailer and crushed into a shapeless mass.

Oland Jackson, 16 years old, while wading in a slough at Fairview, a few miles east of this city, got beyond his depth and was drowned. The place where the boy met his death is the only spot in the slough where the water is more than two feet deep.

During a baseball game between nine composed of members of the police force and employes of a furniture store, Patrolman Lawrence K. Evans, while running between bases, collided with a player of the opposing team and received an injury to his head. For a time it was feared that he was dead. Well Known Umatilla Brave Sends Proclamation and Invitation to the East Oregonian—Says There Will Be No Drunkenness on Reservation and That Races Will Be Good—Officers Will Be Elected to See That "Paint and War Bonnet Celebration" Is Also "Safe and Sane."—Grounds are Located Near Cayuse.

The following official announcement regarding the Indian celebration to be held at Cayuse July 4 has just been received from Poker Jim, the Indian race horse king and owner of the speedy "Red Elk." From the nature of the communication it will be seen that while the celebration at Cayuse will be an old time "paint and war bonnet" celebration, yet the Indians are going to see that it is also "safe and sane."

The following is an exact reproduction of Pocker Jim's letter, in which the rhetoric is faulty, but the meaning is plain:

Cayuse, Ore., June 24, 1908. To the Editor of the East Oregonian: I hereby state and introduction to the whites our encampment will be located at Cayuse. White people are welcome but we don't want any discredit. Same with as Indians we visit white people celebration of any kind. And we are preparing for the races and same there shall be no discredit. Also we are glad there will be no intoxication on the reservation while the saloons will be shut up. Same us people, red, white, are well acquainted on this reservation and in city of Pendleton and we will have some officers elected. We want insecurity and influence. This is all I state of our coming celebration. Affectionately, POKER JIM.

Please make planer.

Christian Indians Celebrate.

Tomorrow evening at the grove near the old agency, the first meeting of the Christian Indian campmeeting and fourth of July celebration will be held and from that date until July 5, the Tutuilla Christian Indians will continue their festivities and meetings.

The speaker of tomorrow night will be the Rev. W. E. Warrington, the new Presbyterian pastor of the churches at Pilot Rock and Ukiah, who will arrive from Princeton, N. J., tomorrow morning and who will take part in the meetings until next Sunday, when he goes to Pilot Rock to take charge of the work there.

On the morning of July 4, regular patriotic exercises will be held, including Rev. Van Nuy's sermon, after which a free dinner will be served for all present, including whites and Indians and after dinner, a number of short addresses will be given.

A large banner bearing the legend, "Christian Indian Campmeeting and Fourth of July Celebration" is now swinging in the breeze over the entrance to the grove and everything is in readiness for a monster celebration and week of festivity.

Thorn Hollow Bridge Delayed.

Owing to the delay in securing timbers for the Thorn Hollow bridge, J. A. Borie, proprietor of Wenaha Springs, states that he will be unable to have the bridge in readiness for use by July 4. The bridge is being built by Mr. Borie for the convenience of the automobile people of Pendleton and Walla Walla.

WHEAT CROPS GOOD NEAR COLD SPRINGS

That the northwestern part of the county will produce a normal wheat crop this year is declared by farmers from that section who have been in city during the last few days.

"In the South Cold Springs country the wheat is going to average 20 bushels per acre and there will be some 30 bushel wheat this year," says J. G. Richardson, who has a ranch 20 miles northwest of Pendleton. This is considered good for the light land section.

According to Mr. Richardson the farmers in his vicinity seeded their wheat earlier than the rest of the county last fall and he attributes their

present good fortune more to that fact than to anything else. However, he also lays a portion of the credit to the fact that the light land farmers have been using better farming methods during the past few seasons.

Well 277 Feet Deep.

Mr. Richardson has just finished the digging of a well on his ranch and it is now down to a depth of 277 feet. While the work was in progress a piece of pipe 120 feet long became "lost" in the well and caused much difficulty. However, it was finally recovered by Rein & Weaver the best rock well drillers now operating in this county.
