## ECHO NEWS NOTES HELIX HAPPENINGS

### ECHO WILL CELEBRATE AS NEVER BEFORE

Petition to Washington Asking for Rural Route in This Vicinity—Grand Ball at Town Hall Tonight—Telephone Manager Married to Washington Girl.

Echo, July 3.—Elaborate preparations are being made for the celebration which will be held at this place tomorrow. Judging from the present outlook this will be the most elaborate affair of the kind ever given here. A fine program has been arranged, and everybody will be made to have a good time.

#### For Rural Delivery.

A petition has been sent to Washington, D. C., asking for a rural delivery route in this vicinity. A number of the citizens took the matter up and secured the names of nearly all the farmers in this section of the country. It is thought that the route will be established in the next few months. The proposed route will start from Echo and crossing the bridge follow down the Meadows to Butter creek and up Butter creek to the O. F. Thomson place and then to the foot of the big butte by the Van Horn brothers place and back to the old Heppner road and back to Echo.

There will be a grand ball given at the town hall tomorrow night which will wind up the Fourth of July celebration here.

#### Telephone Manager Married.

W. W. Pankey, manager of the Eastern Oregon Telephone company of this city, was married a few days ago to Miss Tempa E. Gray, a popular young lady of Oakesdale, Wash. Mr. Pankey has many friends in eastern Oregon and the couple are welcomed to Echo, where they expect to make their home in the future.

The dance given by the Echo brass band last Friday night was a very enjoyable affair.

The weather has been very warm in this section of the country of late. Grain is ripening very rapidly, and harvest will soon be on, judging from the present outlook.

#### AWAY TO CELEBRATE.

### Banker Has Collar Bone Broken in Accident.

Weston, July 3.—A great many parties will start out today to spend the Fourth elsewhere. A number have gone to Wenaha springs to remain until after the Fourth, while a great many leave this evening for Walla Walla and some will leave for Helix, Pilot Rock or different places in the county to celebrate. There will not be many people here for the day, as there will be no celebration.

Ward Baker and Harvey Driskell have returned from a trip to Portland.

Miss Mae McKinnon has gone to Nanton, Alberta, where she will visit with her sister, Mrs. Flora McIntyre, and other relatives for several weeks during the summer.

Grain is ripening rapidly and harvest will be on in earnest in a short time.

#### Collar Bone Broken.

Ira M. Kemp, cashier of the Farmers' Bank of Weston, who met with an accident a few evenings ago while driving a team near Adams, is getting along nicely. His collar bone was broken and he received a number of minor injuries. One horse was rather badly injured and the carriage out of repair, but Mr. Kemp considers it a miracle to have escaped with his life.

The city fountain, which furnishes plenty of cool Adam's ale, has been in good use since the town went dry, and the difference in the crowds at the fountain is quite noticeable. They are three to 19 greater in numbers around the fountain.

#### CARS FOR INTERURBAN.

### Many to Walla Walla to Celebrate Tomorrow.

Milton, July 3.—Two cars just from the east are coming in to Walla Walla for service on the interurban between here and Walla Walla. They are coming from Philadelphia on their own wheels, and will be here soon. They are the best cars that have yet been in the service.

Nearly everybody in this section of the county will go to Walla Walla tomorrow to celebrate. Some of the people are going to the mountains in parties to camp for a few days.

## Just Received

Nice line of Men's Tan and Patent leather Shoes at the old Shoemaker's on Court Street.

Three-legged race, \$1.

Sack race, 14 years and under, \$1.

Spoon race (girls only) 50 cents.

Large platform and excellent music for those that wish to dance.

Brilliant fireworks at night.

Wheat Ripens Fast.

Wheat is ripening fast in this section of the county, and it will not be long after the Fourth until harvest will be on. The crop will be fairly good in some localities though it will be far short of last year. There will be many 35-bushel yields, however, and some will go more than that. An average of about 35 bushels to the acre is expected in most places.

Thinks It Saved His Life.

Wester M. Nelson, of Naples, Me., says in a recent letter: "I have used Dr. King's New Discovery many years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs, it has no equal. Sold under guarantee at Tallman & Co.'s drug store. 50c and \$1. Trial bottle free.

### WAR IS DECLARED.

#### Organized Labor to Fight Republican Congressman.

"The time is ripe, the hour has come, the work is imminent and must be done now."

Such is the message that Samuel Gompers, president of the American Federation of Labor, is sending to the organized millions of laborers through the American Federationist. It is designed as the advance signal for war on republican congressmen who refused to give labor its demands during the recent session of congress. Gompers hints that the fight may be extended to the presidential contest, but he is waiting for the outcome of the Denver convention before taking a definite position in regard to that campaign.

He quotes the republican leaders to prove that the republican party was responsible for what legislation was passed and what was refused passage. "The physiological moment has arrived for a total change of governmental policy toward the workers," he says.

Mr. Gompers indulges in personalities to say that "Cannon, Dalzell, Payne, Littlefield, Sherman, Jenkins, and others, represent not the interests of the people, but the interests and policies of the Parry-Post-Van Cleave (manufacturers' association) outfit." This attack on Representative Sherman, now candidate for vice president, is taken to mean that however lukewarm the democratic platform at Denver, Gompers will fight the republican ticket because it recognizes and elevates one of the "enemies of labor."

Col. Daniel Searies of Anaconda, Mont., one of the early settlers of that state and a well known editor and educator, died Monday from general debility, aged 73 years. He leaves a widow and three children, one being Mrs. Mary F. McIntire of Spokane.

#### Receivership Set Aside.

The Idaho supreme court has decided that the district court of Kootenai county had no right under the circumstances to appoint a receiver for the B. R. Lewis Lumber company at Coeur d'Alene and has set aside the receivership.

### THE CHEMIST'S MENU.

#### Government Official Gives Out Eight Rules for Health.

Washington, July 3.—Dr. Harvey W. Wiley, chief chemist of the department of agriculture today gave out eight commandments for the preservation of health during the summer weather. The commandments are: Eat one-fourth less in summer than in winter. Eat meat in moderation. Banish all alcoholic beverages. Eat most largely of cooked fruits and vegetables. Drink nothing below 60 degrees in temperature and drink sparingly. Be careful and seek the society of cheerful friends. Practice moderation in eating, and open-air exercise. Don't fret; don't worry. "Thousands of persons are made sick in summer because they don't know how to eat," observed Dr. Wiley today, "but the same criticism applies to the winter season as well. Few people follow definite rules. Here is a general rule: Moderate eating, moderate drinking, moderate exercise in the open air and cheerful friends will keep any good man alive through the summer."

#### Bucklen's Arnica Salve Wins.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I tried Bucklen's Arnica Salve. Less than half of a 2 cent box won the day for me by affecting a perfect cure." Sold under guarantee at Tallman & Co.'s drug store.

#### Hidaway Springs Will Celebrate.

Grand celebration Hidaway springs July 4. Honorable J. T. Hinkle delivers the oration of the day, reading declaration of independence. An immense barbecue will be prepared for visitors. There will be races, pluggles, dancing, swimming, etc., for amusements.

#### Fired by Jealousy.

In a fit of jealousy Saturday Mrs. Denny Brooks of Grangeville, Idaho, fired several shots at two telephone girls who she found talking with her husband, who is manager of the exchange. None of the shots took effect.

#### Robber Escaped.

At Tacoma Monday a man suspected of being a robber rushed by two detectives and made good his escape although the officers fired three shots at him. The affair was witnessed by 200 people.

#### Ask New Trial for Barnes.

A motion was filed in the superior court at Walla Walla asking for a new trial for Bud Barnes, the slayer of Mrs. Anna Aldrich. The grounds for the motion were alleged irregularities in the former trial.

### SILVER MINE CLOSES AFTER 800 YEARS.

#### House of Saxony Loses Source of Income.

How would you like to own a silver mine so rich its vein of precious ore would yield yearly all that you could mine from it for 800 years? It is hard to believe that such a mine of stored wealth ever existed, and yet the Freiberg in Saxony is soon to be permanently shut down after practically an uninterrupted exploitation since 1163. During these past centuries the rich veins have formed one of the most valuable sources of income of the royal house of Saxony. Since the serious depreciation in the value of silver it has become more and more manifest that it was economically impossible to compete with the richer ores of America. For several years past instead of yielding revenue, the mines have been operated at a loss to the state. For the current year the deficit is \$229,000. On April 23 the Saxon minister of finance announced that the mines would be definitely closed in 1913. Many of the older miners in the employ of the state will be pensioned. Interesting in this connection, and indicative of the genuinely paternal instinct as the basis of many governmental features in Germany, is this careful provision to prevent suffering to the families and the community as a result of the relentless working of natural economic laws.
