CHURCHES JOIN IN REVIVAL SERVICES AT MILTON.

Well Known Young Couple Are Married—Will Live at Walla Walla—Enjoyable Picnic in Grove on River—Cherries Brought in Rapidly—Man Arrested Who Deserted Wife in Colfax.

Milton, July 7.—Several of the churches of Milton have joined together and are holding a series of meetings on the Columbia college campus. Comfortable seats have been arranged and electric lights have been strung. The first meeting was held Sunday evening, June 5. Rev. J. H. Hadley has been preaching and different ministers will assist. The different churches are furnishing music for this occasion.

The marriage of Miss Leta Hays and Mr. Vern Van Vranken took place Friday evening at the home of the bride's mother in Milton. The bride is one of Milton's most charming young ladies, and was reared in the city. The groom was formerly a Milton boy, but is now in the service of the telephone company in Walla Walla.

Dr. Thomas, one of the physicians of this place, has just received a handsome new auto from the east.

P. J. Kelly has been a recent visitor to La Grande, where he purchased a tract of fruit land.

The Y. P. S. C. E. went up South Fork on a picnic to celebrate the Fourth of July. Many picnics were held in the groves along the river this year. Those who went to Walla Walla to celebrate report an enjoyable time.

Cherries are being brought in in great loads at this time, and in another week they will be about gone. The cannery is handling a large share of them. All fruits are looking good at this time, and there will be an abundance of all varieties.

Deserts Wife.
H. A. Allen, formerly of Colfax, was arrested here a few days ago on a charge of deserting his wife, who is lying at the point of death at the Colfax hospital. The deserted family includes four children.

Camping parties continue to go out and the month of July will see many of the people about here enjoying the cool of the mountains.

BRYAN'S ASSESSMENT \$84,500.

Besides He Is Said to Have \$75,000 in Government Bonds.

According to an estimate of the Lancaster county assessor and attested to by the affidavit of William J. Bryan, he now stands eighth in the list of Lincoln's wealthy men.

Mr. Bryan's possessions as that official has listed them total \$84,500. This places him, however, at the head of the rich squires of the section—the men who live in suburban homes. The total is made up of the following:

One hundred and thirty-seven acres of farm land, of which fifty acres, valued at \$8,000, are in the name of Mrs. Bryan, valued at \$29,125; the house at Fairview, valued at \$21,000, with additional improvements in barns of \$2,325; the Commoner, \$19,250, and personal property worth \$12,800. The latter item is made up of the following: Household goods, \$3500; jewelry, \$400; twenty-one head of cattle, \$1200; dogs, \$40; cash, \$2300; piano, \$500; pictures and engravings, \$1000; agricultural tools, \$150; four horses, \$800; notes, \$1000; fire arms, \$150; diamonds, \$300; six vehicles, \$600.

In Nebraska the law requires that everything shall be assessed at its cash value, but as a rule the valuation made represents about three-fourths of the true value. The mansion at Fairview is assessed for taxation at a figure higher than any other residence in Lancaster county, with one exception.

Mr. Bryan is generally reported to have \$75,000, the proceeds of his various bonds, which are not taxable. He carries life insurance policies aggregating \$55,000.

FEW JAPS GET LICENSE.

White Men Shut Out Competitors on the Fraser River.

Vancouver, B. C., July 7.—Sam North, who was recently appointed Overseer of Provincial Fisheries, assumed his new duties Friday. In an initial cruise in a government launch, Mr. North received confirmation of the results that were anticipated would follow the refusal of the provincial government to issue boat pullers' licenses to aliens.

The new regulations will tend to exclude hundreds of Japanese from the privilege of participating in the season's fishing operations. On the trip from Stevenson to New Westminster, Mr. North called at the various points, including the canneries, and issued 100 licenses. The applicants were virtually all white men, only three Japanese being able to qualify by producing naturalization papers. Not one Indian asked for a license.

The white men expressed themselves as delighted at the action of the provincial government, and predicted that the regulations will restore them to their former supremacy on the Fraser, lost some years ago, owing to the active competition of the Asiatics. A large number of applicants represented individuals who had not fished on the river for three or four seasons. Nearly all of them have also provided themselves with Dominion fishing licenses.
