Good Outlook for Harvest.
F. E. Butler, who has returned from a three weeks' trip over Nez Perce and Camas prairies, says that the promise for a record-breaking crop of grain is most excellent. The farmers are jubilant over the outlook. Owing to the coming of the railroad the acreage has been greatly increased, and the yield promises to be above the average. The hot winds have not affected the grain, and harvesting preparations are now attracting the attention of the farmers. Mr. Butler met many old friends whom he knew in Michigan 29 years ago, who are old-timers in the Camas prairie section and who have become wealthy in the development of the country.—Lewiston Teller.

Wheat Looks Good.
George Brown, of the real estate firm of Brown & Frankland of this city, stated this morning that he went to Walsburg Sunday over the "lower road" and says the wheat all along that road looks fine, says the Walla Walla Bulletin. He says he can see no reason for complaint by farmers throughout that part of the country. "The grain at present stands about breast-high," he stated, and the heads all seem to be well filled out. While it is a little dry, it is too near maturity for hot weather to injure it, unless the north winds get into it. Farmers living in that vicinity think they will have a good yield, but of course they are not looking for a bumper crop."

Electric Line for Baker?
It comes to the Democrat from what it deems a reliable source that definite plans are shaping themselves by which Baker City may soon have an electric street car service and which ultimately means that Powder river valley will at no far distant day be linked with Baker City by an electric road.

This new order of things may become a reality by January 1, 1909, at least the car service in Baker City. If this does occur, look out for the rapid growth of Baker City and its population mark 15,000 before another 12 months.—Baker City Democrat.

Resurvey State Line.
S. S. Gannett of the department of government engineers is in the city for the purpose of surveying the boundary line between Washington and Idaho, provisions for which were

made by congress. Mr. Gannett is today engaged in locating the monument on the north bank of the Clearwater river, and will begin the survey from this point. The resurvey will occupy the greater part of the summer and the members of the crew will be assembled in Lewiston.

Mr. Gannett is a graduate of Bowdoin college and was in that institution when T. H. Barrett, register of the Lewiston land office, was a student there.

Box Plant Burns at La Grande.
The plant of the Union Pine Box Lumber company was destroyed by fire Monday afternoon, causing a heavy loss. J. Jacobs, the principal member of the company, was the heaviest loser, says the La Grande Star. Before the fire company could render effective service the blaze was under such headway that little could be saved. The Pine Box company had a large order for fruit boxes to be supplied to fruitgrowers' unions in Colorado, and a part of this contract had been filled. The total loss is estimated at \$12,000 and the insurance was but \$3500.

Clarke Taber Dead.
The funeral of Clarke Taber, who died in Portland Friday evening, was held in this city today and interment was made in Mount Hope cemetery, says a Baker City dispatch. A large number attended the services. No man who had ever lived in Baker county was held in higher esteem by people here than was Mr. Taber. He was a pioneer in the Sumpter mining camp, at one time having owned the famous Red Boy and other mines in that district. His career as a mining man in eastern Oregon is without a blemish.

"Salted" Range With Arsenic.
Belle Fourche, S. D., July 9.—Some unknown enemy of A. Giles, a large sheep owner of Two Top, 35 miles north of here, is causing consternation among the ranchers of that section. A few days ago over 150 head of Giles' best sheep suddenly died and upon investigation it was found that they had been given doses of arsenic. One of the neighboring ranchers lost a few head from the same cause and all are now guarding their sheep with shotguns. Stockmen are held responsible for the outrage and Giles vows vengeance.

Best the World Affords.
"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C. "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c at Tallman & Co.'s drug store.

Zionists to Gather.
Atlantic City, N. J., July 8.—Leaders in the movement for the restoration of Palestine to the Jewish people are gathering in Atlantic City today from all parts of this country, Canada and Mexico. Formal opening of the convention of the Federation of American Zionists will take place tomorrow and the sessions will continue for six days.

The National Brotherhood of Operative Potters will also begin its convention in Atlantic City tomorrow.

THE AMOUNT OF YOUR "BELIEF IN ADVERTISING" WHICH IS PUT INTO TYPE IS WHAT COUNTS.

There is probably a clothing ad in today's paper that will remind you that your new suit is overdue. Meet the ad "face to face," and it will help you to meet the clothes problem that way.

If you have lived too long in one place, look at the furnished rooms advertised today—and get a change of scene.

It won't pay you to try to deal with a buyer who wants your property only half as much as "the right man" would want it.

Any quest by which you can make a "new test" of want advertising today? Think it over.

Your store is NOT "big enough," or prosperous enough, unless your ambition and aspirations are under-sized.

There never was a day in any calendar when adequate advertising would do more for your store than it will today.
