## PLAN CONQUEST OF HOLY LAND

### HEBREWS GRADUALLY COME BACK TO THEIR OWN

Representatives of Two Million Jews in This Country Meeting in Atlantic City—Paying Much Attention to Practical Colonization of Palestine.

Atlantic City, N. J., July 10.—To formulate plans for a peaceful conquest of the Holy Land, and the restoration of the chosen people to the country now held by the usurping hosts of Mohammed, is the object of the eleventh annual convention of the Federation of American Zionists, opened today for a session of six days.

Some of the most prominent Hebrew scholars and men of affairs in America are here and will address the delegates, who represent about 400 societies in different cities of the United States and Canada.

Aside from considerations of the future, when the dream of the restoration of Palestine to the Jewish people shall come true, the convention will pay much attention to the practical work of Jewish colonization in Palestine which is now being carried on. The political phase of the international movement, in its relation to negotiations with the Turkish government, will also be fully discussed. Officers for the coming year will be elected.

### Two Million Jews Here.

It is estimated that the number of Jews in the United States is about 1,800,000, and the total for the world about 12,000,000. Of all the nations of the earth, Russia leads in Jewish population, with about 3,500,000 and it is in the land of the czar that the Zionist movement has gained its greatest strength. Centuries of persecution have caused the Russian Jew to look upon Palestine with a depth of longing unknown in other lands, and, despite extreme poverty, to contribute liberally to the Zionist fund. Measures for the relief of their brethren in Russia will be considered at the present convention and those who have attained wealth in this country will be asked to contribute liberally to the colonization fund.

In regard to the purposes of the convention, President Harry Friedenwald, of New York, said:

"This convention can and should be made one of great importance. The Zionist movement has entered upon the first stages of practical activity in Palestine, and the reports of this activity and as to the conditions in Palestine in general are such as to encourage every lover of his people. The land of our fathers is undergoing a period of real prosperity and happiness. We can see there the first fruits of Zionist endeavor. This successful labor in Palestine should be for us an indication of what may be accomplished there if those of us outside of Palestine appreciate our duty. By the strengthening of the Zionist movement in this country, by making it possible for the Zionists to do large things in and on behalf of Palestine, we would be happy to realize the great ideal for which our movement stands. The revival of the Jewish people upon its own soil."

### Not Organized.

"That we have not as yet been able to organize the Jews in America so effectively as to obtain a large measure of their financial and moral support is due only to our own negligence. We have not taken advantage of the many opportunities for organizing the Jews and for strengthening Judaism that have presented themselves to us. We find sympathy for Zionism expressed on every side, but up to the present we have not shown organizing powers strong enough to develop the sentiment into actual Zionist achievement. It must be the duty of the eleventh convention to discuss the situation of the Jews of the United States so carefully that, at the end of our deliberations, we shall be able to present definite plans of work to our societies for the conquest of the American Jew for Zionism. The American Jew can be won for Zionism, for he is learning the lesson of freedom. And what is Zionism but the freeing of the Jewish people and the spirit of this people from the shackles that 2000 years of slavery has imposed upon them?"

### SEATTLE BOY KILLED BY AN AUTOMOBILE

#### Seven-Year-Old Lad Receives Fatal Injuries.

Seattle, July 10.—John Ward, the 7-year-old son of Mr. and Mrs. J. A. Ward, of Duwamish, was fatally injured last night when an automobile driven by Frank X. Schreiner, manager of the Merchants' cafe, and in which were riding Mrs. and Miss Schreiner, ran into and knocked the lad down, fracturing his skull and breaking his jaw bone.

The affair was purely accidental. Mr. Schreiner took the injured boy in his automobile to Providence hospital. The report was made this morning that the boy could not recover.

The accident occurred about 8:15 o'clock last night, when the Ward boy and several other children were playing in the dusty road.

Several teamsters who had passed ahead of the auto driven by Schreiner

## ITCHING HUMOR ON LITTLE BOY

His Hands were a Solid Mass, and Disease Spread All Over His Body — In Four Days the Child was Entirely Cured—Mother Strongly

### RECOMMENDS CUTICURA SOAP AND OINTMENT

"One day we noticed that our little boy was all broken out with itching sores. We first noticed it on his little hands. His hands were not as bad then, and we didn't think anything serious would result. But the next day we heard of the Cuticura Remedies being so good for itching sores, etc., that I thought I would get them. By this time the disease had spread all over his body, and his hands were nothing but a solid mass of this itching disease. I went to the drug store and purchased a box of Cuticura Soap and one box of Cuticura Ointment, and that night I stripped my little boy and took the Cuticura Soap and lukewarm water and washed him well. Then I dried him with a soft bath towel, and took the Cuticura Ointment and rubbed him thoroughly with it. I did this every evening before I put him to bed and in three or four nights he was entirely cured. You have my permission to publish this because anybody who suffered as my baby did ought to know of the Cuticura Remedies. I will surely and gladly recommend the Cuticura Remedies, for they are a godsend to all suffering with skin diseases. Mrs. Frank Donahue, 208 Fremont St., Kokomo, Ind., Sept. 16, 1907."

## PIMPLES

And Blackheads Prevented and Cured by Cuticura.

Gently smear the face with Cuticura Ointment, the great Skin Cure, but do not rub. Wash off the Ointment in five minutes with Cuticura Soap and hot water and continue to bathe the face freely for some minutes. Repeat morning and evening. At other times use hot water and Cuticura Soap for bathing the face as often as agreeable.

Complete and Internal Treatment for Every Form of Itching, Children, and Adults. Cuticura Ointment (50c) to Cleanse the Skin. Cuticura Soap (50c) to Wash the Face and Body. Cuticura Tablets (50c) for the Bowels. Sold throughout the world. Foster Drug & Chem. Corp., San Francisco, Boston, Mass. Mailed Free. Cuticura Book on Skin Diseases.

had uttered dire threats against boys because they were throwing stones in front of the horses and frightening them.

When the auto came along John Ward, it is said, picked up a stone and hurled it at the wheels of the machine. Immediately after throwing the stone, one of his playmates gave him a push in the back, sending him sprawling against the car.

Schreiner said this morning that either the lamp or he running board of the machine struck the lad and knocked him down. The machine was going about eight miles an hour and was easily stopped.

"It was purely accidental," said Mr. Schreiner. "The little fellow threw a stone and then fell in front of the machine. Either the front lamp or the running board hit him. I am very sorry the accident occurred and will do all in my power to help the little fellow and his parents."

### TO SHIP LA GRANDE CHERRIES.

Big Crop Will Be Ready for Market This Month.

Though the cherry harvest is somewhat delayed and will not be in full swing until about the 15th or possibly the 18th of this month, growers and buyers are looking about for cars in which to ship their product, says the La Grande Observer.

Application has been made to the Pacific Express company for special express cars in which to make the eastern shipments of fancy cherries, and promise has been received that this will be done.

E. Z. Carbine, one of the local grower-shippers, has taken the matter up with the head office of the Pacific Express company and expects results. Heretofore the company has not favored local growers or buyers with this accommodation, raising the cry that the cars were in too great a demand—it being taken for granted that extra cars were rushed to points where competition exists. Mr. Carbine alone expects to make shipment of approximately 12 cars of cherries.

If his plans fail not, he will ship canning cherries in refrigerator cars by freight and the fancy eastern shipments by express.

### It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that is claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines for weakness, lame back, and all run down conditions. Best too, for chills and malaria. Sold under guarantee at Tallman & Co.'s drug store. 50c.

### Near Beer for La Grande.

Near beer will be for sale in La Grande hereafter, this city having followed the footsteps of nearly all other cities in the state that want the way of the "drys" at the recent election, says the La Grande Star. That popular beverage that looks like beer and tastes like lager, has become a fit substitute for the real quill, and it is very likely will become popular in this city. Brewers in wet counties have been looking into the methods of manufacture, and find it can be manufactured with profit, though the selling price is higher than real beer. The first shipment to this city comes in bottles, but it is expected that kegs will be the shipments to follow. Ulrich Lotter will be one of the first to deal in the substitute for beer.
