### SYNOPSIS OF DEMOCRATIC PLATFORM

The democratic platform, adopted this week at Denver, is one of the longest platforms ever adopted by a national convention and contains about 15,000 words.

It covers every conceivable phase of national life and politics and reviews fully all of the great issues before the people. On account of a lack of space today the entire platform is not run, but the readers of the East Oregonian are given the following comprehensive synopsis of it and the full platform will be run later. Following is a synopsis under the different subjects treated by the platform:

"Shall the people rule?" is overshadowing issue.

**INJUNCTIONS**—Attempt of representatives to raise issue on attack of integrity of courts resented. Congress should guard against abuse of judicial process. Anti-injunction measure passed by senate in 1896 should become a law. Injunctions should not issue in cases where they would not issue if no industrial disputes were involved.

**LABOR**—Right of wage-earners to organize should not be abridged and such organizations should not be regarded as in restraint of trade. Eight-hour day, employers' liability and department of labor, including mines, should be enacted.

**TARIFF**—Tariff should be immediately reduced. Articles competing with trust-controlled products should be free; material reductions made on necessities of life, especially such as compete with American manufactures sold more cheaply abroad than at home; graduated reductions made on other schedules to restore tariff to revenue basis. Tariff on wood pulp, print paper, lumber, timber and logs should be immediately repealed.

**ABUSE OF PATRONAGE**—Condemns President Roosevelt for using federal machinery to force nomination of Taft, thereby depriving the people of the right of selection. Acts not justified by good intentions.

**PUBLICITY PLANK**—Demands federal legislation terminating partnership between the corporations and the republican party; favors law making it felony for any officer of any corporation to contribute or consent to the contribution of money or anything of value to further the election of a president, vice-president or any member of congress.

**CENTRALIZED GOVERNMENT**—Opposes centralization implied in suggestions that the powers of the general government should be extended to curb exploiting interests.

**ECONOMY**—Denounces heedless waste of people's money by Roosevelt administration; pledges party to stop appalling waste of revenues; money squandered wrong from people by indirect taxation.

**BANKING**—Panic of 1907 shows unwillingness or inability of republican party to protect country against financial disturbances, causes sins of Wall street to be visited on whole people; condemns Aldrich bill as impairing security of depositors; favors law governing national bank deposits; favors postal savings banks only in case guarantee law cannot be passed and provided money deposited in postal banks be kept at home and not indirectly turned over to Wall street.

**RATE REGULATION**—Asserts right of courts to exercise complete control over interstate commerce and the right of each state to exercise over commerce within its borders; demands enlarged power for interstate commission giving it the initiative with reference to rates and charges; no interstate rate to be lawful until approved by commission.

**POWERS OF SPEAKER**—Pledges

party to make house of representatives again the popular branch of the government and not the creature of one member.

**ARMY OF OFFICE-HOLDERS**—Charges Roosevelt administration with building up a bureaucracy by creating 99,319 new offices in six years; as dangerous as purchase of votes at polls.

**WATERWAYS**—The national government having control of all navigable waters, should improve its waterways to the fullest capacity; adoption of liberal and comprehensive plan favored; indorses scheme to open Mississippi from Great Lakes to Gulf.

**AMERICAN CITIZENS**—Insist on full protection for all American citizens, native or naturalized, while traveling or sojourning abroad.

**ELECTION OF SENATORS**—Favors election of United States senators by direct vote of the people.

**LATIN AMERICA**—Recognizes importance and advisability of developing closer relations with Latin-American republics.

**TELEGRAPHS AND TELEPHONES**—Pledges party to enact law to regulate telegraph and telephone rates through interstate commerce commission.

**PHILIPPINES**—Condemns "experiment in imperialism as an inexcusable blunder," favors immediate declaration of nation's purpose to recognize independence of the Philippines as soon as a stable government can be established.

**INCOME TAX**—Favors an income tax as part of revenue system and recommends constitutional amendment giving congress power to pass law.

**CIVIL SERVICE**—Favors honest and rigid enforcement of civil service laws, without regard to party.

**GRAZING LANDS**—Favors leaving establishment of rules and regulations for grazing lands in forest reserves to people of states in which such reserves lie.

**ARIZONA AND NEW MEXICO**—Urges immediate admission of Arizona and New Mexico as separate states.

**NAVY**—Declares for an adequate navy for coast defense and to protect citizens and their property in foreign lands.

**ASIATIC IMMIGRATION**—Opposes admission of Asiatic immigrants, who cannot be amalgamated into population of United States.

**OKLAHOMA**—New state warmly welcomed to Union.

**ALASKA AND PORTO RICO**—Demands for the territories all rights and privileges of a territorial form of government; all officials appointed to be residents of territory.

**HAWAII**—Recommends extension of land laws of United States to Hawaii.

**MERCHANT MARINE**—Declares for upbuilding of merchant marine without new burdens on people; subsidies opposed.

#### SKY SCRAPING.

Twenty-Five Story Structures Will Appear Squatty.

(By Guernsey.)  
Time was, and that not so long ago, when a dinky, squat little structure of 20 or 25 stories was considered a veritable triumph of the sky-scraper art. We of New York, who take such pride in our high buildings, are almost ashamed to admit that we were ever awed by such toy buildings, yet such is the fact.

Only last year, when the Singer building had reared itself into the blue empyrean to the extent of 41 stories, we assumed a cheery attitude as of one who had reached the limit of achievement, and mailed post card pictures of the remarkable edifice to all our friends and enemies in other cities. Then, upon Madison Square, the Metropolitan Life's tower climber up to a height of 46 stories.

Most of us have now reached a point of blasé indifference, and the announcement of a new record-smashing structure fails to excite us. The Equitable Life building, it is announced, will be 62 stories in height.

Now it is rumored that a prominent firm of architects is considering plans for a sky-scraper of 100 stories. The transportation difficulties it is alleged will be solved by providing pneumatic tubes instead of elevators.

#### Mysterious Stone Cabin.

Away up on a side hill in Selah gap stands a little stone cabin which has caused fore inquiry during the past month than probably anything else in Yakima valley, says the Yakima Republic. The cabin is built on an incline of about 45 degrees, fully 400 feet above the railroad track on the west side of the Yakima river.

Nobody knows who inhabits the humble dwelling and nobody knows when it was built.

Strange stories have been told concerning the owner and occupant of this lonely home. Some have said the home was that of a hermit. Others have said the man who is supposed to live there is a prospector. Some few imaginative ones have suggested that the pile of rocks might contain some one who had literary ambitions and had moved to the remote spot to formulate a western story of the hills.

No one has been found who has ever seen any human being go in or out of the cabin. Although it is built far above any sign of water, the occupant has planted garden seed and from the wagon road through the gap can be seen green stuff growing. Huge native stones have been piled on top of each other to form the sides of the little building. A sort of thatched roof has been built over the walls. There is a well beaten path leading from the railroad track to the cabin door. Because no one is ever seen to go in or out of the cabin, many wonder at the well-trodden path.

#### Thousands Have Kidney Trouble and Never Suspect it.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.
