**STATE DRUGGISTS
MAY NOT COME**

A. C. KOEPPEN PRESENTS
PENDLETON'S CLAIMS.
Selection of Meeting Place for Next Year Is Left to Executive Committee—Druggists Will Assist Officers in Preventing Sale of Liquor in Prohibition Counties.

A. C. Koepfen returned home this morning from Long Beach, where he attended the annual session of the state druggists' association. He says that the meeting was a highly enjoyable one and much important business was transacted.

Being the only druggists in attendance from this county it devolved upon Mr. Koepfen to let the pharmacists know that Pendleton was on the map and he did so. He had hoped to persuade the convention to come here next year, but it is doubtful if such can be done. The task of selecting the next meeting place was left with the executive committee and it is thought the meeting will go to southern Oregon.

Among the vital subjects that were up for discussion by the druggists this year were several things incident to prohibition. The druggists themselves are going to make an active fight against any of the profession who violate the prohibition law and to this end a committee is to be named for each county.

It will be the especial duty of this committee to observe conditions in his county and to assist the district attorney in prosecuting any druggist guilty of violating the law. Mr. Koepfen will very likely be the committee man for this county.

Furthermore, the druggists are planning to have the state board assist them in their movement by making a rule that will mean the taking away of the pharmaceutical license from any druggist who violates the law.

During the convention the wholesale liquor dealers' association came

In for some warm roasts because of the reflections they cast upon druggists in their campaign literature during the recent election. For the unjust and slanderous articles and pictures sent out during the campaign the druggists have adopted some retaliatory measures and they say they will be effective.

TOY BALLOONS MUST GO.

Danger of Grain Fires Causes Ban to Be Placed on Sport.

Vigorous complaints are being made against toy balloons at this time of the year because they are dangerous from a fire starting standpoint. Several grain field fires have already been caused by balloons though they were always found, fortunately in time to prevent serious conflagrations.

Today the attention of the mayor and chief of police was called to the practice of sending up toy balloons and Mr. Murphy asks that the sport be given up by the boys. Should the request not be complied with stringent steps will be taken to stop it.

Dr. Parker Secures Rooms.

Dr. E. O. Parker, formerly of Pilot Rock, has rented the rooms in the John Schmidt building formerly occupied by Mrs. Lewis Hunter and is fitting them up for offices for the practice of his profession in this city. Dr. Parker has long desired to move to Pendleton and is delighted with the city. He has been at Pilot Rock for a number of years and has been one of the successful physicians of the county and his coming to the county seat adds much to the medical profession here.

Haines Newspaper Men Here.

W. D. Nelson and F. S. Schmidt, proprietors of the Haines Record, of Haines, Baker county, are in the city this afternoon on their way to Milton on a business trip. They are pleased with the appearance of Pendleton and were surprised to find any of the town left, from the slanderous reports of the whiskey drummers, since the prohibition law went into effect here.

Dr. Coe Was Here.

Dr. Henry W. Coe, head of the colonization work on the Furnish-Coe project, came up from Portland with the Garfield party yesterday. He was with the secretary during his stay here and returned to Portland on train No. 1 this afternoon.

On Fishing Trip.

Attorney Charles H. Carter, G. I. La Dow, Cress Sturgis and C. K. Cranston, left this morning for Ukiah, where they will fish in the streams in that vicinity for several days.

**TWILIGHT GAME
GOES TO VISITORS.**

Sensational Fielding by Harmon Was Feature of Contest—Large Crowd Witnessed the Exhibition—No Scores During First Five Innings—Victory Secured in the Ninth.

By the close score of 4 to 3, Walla Walla won from Pendleton in the twilight game yesterday. That the evening game idea was a good one was shown by the attendance, for it was the largest crowd that has witnessed a week day game here this year.

No scores were made during the first five innings and the game belonged to either side until the finish. The winning runs came in the ninth.

The feature of the game was the sensational catches by Harmon, Walla Walla's left fielder.

The following was the game in detail:

Twilight Game Tonight.

This evening another twilight game will be played, commencing at 6:15 and Tallaferra will do the pitching act for Pendleton.

Tomorrow afternoon the closing game of the series will be played and it will also probably be the last game for Pendleton this year. According to Manager Dean Tatom he will likely disband the team after tomorrow, though there is a possibility that the team will go to Baker City for a series.

The game tomorrow afternoon will commence at 2:30.

BASEBALL GAMES.

Portland, July 10.—Portland and San Francisco played 13 innings without a score today and then Empire O'Connell called the game on account of approaching darkness, although it was still a long way off. It was a great game from start to finish with sensational fielding in nearly every inning. It was Garrett's first game since recovering from the mumps. He had it on southpaw Sutor in the number of hits, but the left hander was there in the pinches and Portland could not find him in the first eleven and thirteenth when men were on third base with only one out.

Score— R. H. E.
San Francisco.....0 5 2
Portland.....0 7 2
Batteries: Sutor and Berry; Garrett and Maden.

Oakland 5, Los Angeles 3.

San Francisco, July 10.—Oakland hit Nagle hard and won from Los Angeles by a score of 5 to 3.

Score— R. H. E.
Oakland.....5 14 4
Los Angeles.....3 7 2
Batteries—Wright and Lewis; Nagle and Easterly.

Northwestern League.

Vancouver, B. C., July 10.—Vancouver, 4; Seattle 0.

Butte, Mont., July 10.—Butte defeated Tacoma today by heavy hitting.

Score— R. H. E.
Tacoma.....0 7 3
Butte.....14 20 4
Batteries—Baker, Lynch and Shea; Ciffin and Bender.

Spokane 4, Aberdeen 2.

Spokane, July 10.—Pernoll bought by Aberdeen from Portland, coast league, lasted just four innings today against the Indians, four clean drives including a triple by Dunn yielding four runs.

Score— R. H. E.
Aberdeen.....2 4 0
Spokane.....4 7 1
Batteries—Pernoll, Califf and Spencer; Galaski and Rogers.

American League.

At Chicago—Chicago 3; Philadelphia 2.
At St. Louis—St. Louis 0; Brooklyn 3.

TROUBLE BREWING.

May Be Things Doing in Panama at Tomorrow's Election.

Panama, July 11.—On the eve of the presidential election here there are disturbing signs which are feared by cooler heads among the politicians will result in bloodshed and will probably force the United States to take a hand in the local government.

While upon the surface there is little sign, a storm is raging beneath and an outbreak promises to be more fierce because pent up.

Members of both parties are muttering threats and trouble is almost certain despite the fact that nearly 500 United States marines have been landed to keep the peace.

General J. D. Obaldie will probably be elected president.

Dr. Ricardo Arias is Obaldia's opponent, Obaldia accuses President Amador of overlooking wholesale graft in public affairs.

LABOR LEADERS SERVED.

Made Defendants in Suit for Damages as Result of Strike.

Denver, Col., July 11.—While conferring upon a labor matter today, the heads of the American Federation of Labor were served with papers requiring them to appear as defendants in a suit brought by the E. H. Thompson Marble company. Gompers, John Mitchell, John B. Lennon and Max Morris were among the leaders served.

Alleging the men served were responsible for the strike at the marble works, the company demands \$50,000 damages. The plaintiffs recite they last that amount through the suspension of business.

The company says it paid union wages and employed union men. The trial will be in August.

SWALLOWED FALSE TEETH.

Nearly Choked to Death Before Relief Came.

Los Angeles, July 11.—Robert Munger swallowed his false teeth on a street corner today while he was coughing and choking. "Billy" Manning, a physical culturist, jammed his hand down the man's throat and pulled the elusive set to where it belonged. Munger nearly died before relief came.

A great crowd collected as Munger made motions like a chicken with the roop. The crowd thought he was giving an exhibition until he began to turn blue in the face.

FAIRBANKS WELCOMES KERN.

Republicans of Indiana Will Carry Out Their Threats.

Indianapolis, July 11.—There is great rejoicing here because Fairbanks made an address of welcome at the ceremonies on the occasion of the return of John W. Kern the democratic nominee for vice-president. This is taken to mean the republicans of Indiana will not make a bitter fight against Kern and that the threats of Fairbanks' friends in the republican convention at Chicago, when Governor Hanlin was hoisted when he placed Fairbanks in nomination will be carried out.

America Is Champion.

London, July 11.—The international shoot at Bisley was won by America today by a score of 2531. England was second with 2496, and Canada third with 2439. Although this is from an unofficial count and the figures will probably be changed slightly, the relative positions of the teams will not be altered.

Idaho Town Dry.

A special to the Lewiston Tribune from Troy, Idaho, says: The city council by a vote of three to two, decided last night that no more saloon licenses will be issued in Troy. This means that Troy will enter the "dry" list on December 24, next, the date that the licenses for the two existing saloons expire. The agitation against the saloons here has been in progress for some time and on one occasion a delegation of women went to Moscow to appear before the board of commissioners and protest against the issuance of any licenses in the Troy precinct. With Moscow and Troy closed, Genesee, Kendrick and Julietta will be the only towns in the county where liquor is sold.

Lumber Yard at Pilot Rock.

T. O. Yates, who has been connected with a lumber yard in the Palouse country, is looking the field over here with a view to establishing a lumber yard at this place, says the Pilot Rock Record.

He owns a farm a few miles from Pilot Rock and is well acquainted with the needs of the people here. It is Mr. Yates' intention to carry a complete stock of building material, including lime and roof paper, doors and sash.

It would seem that such a business ought to be made pay here, and once it is established it will prove a great convenience to the people of the surrounding country. The immense territory that such a business will have to draw from would seem to justify its establishment.

St. Dennis-Harras Case Monday.

On Monday the suit of Desire St. Dennis against Reynold Harras, will be taken up in the circuit court and it will occupy several days. It is the action brought by St. Dennis to secure the cancellation of a lease which Harras claims to hold and the issues are somewhat similar to those in the case recently tried out and in which St. Dennis was victorious. Will M. Peterson is attorney for St. Dennis, while D. W. Bailey has Harras' case.

THE AUTOMOBILE.

Farmers Buy and Use Them and Farmers Fear and Cuss Them.

J. W. Etter, while on his way to Pendleton early in the week, leading two horses in the rear of his vehicle, met an automobile, driven at break-neck speed by another farmer, says the Pilot Rock Record. The horses which Mr. Etter was leading broke loose and ran away. Mr. Etter had almost reached Pendleton, but under the circumstances was compelled to return to Pilot Rock, near which place he found his horses in a terribly exhausted condition, trying to keep ahead of the flying auto in their retreat.

The man who owns this particular automobile was one of the first farmers in this county to anthematize the horseless carriage as a result of getting piled up against a barbed-wire fence by one of the annihilators of time.

As Mr. Etter is now financially able to buy an automobile it is now in order for him to put in his order for one and bide his time. He can buy a faster machine and get some satisfaction in making Mr. Snyder eat dirt for a while, or he can scare some other unsuspecting farmer out of his wits by going past him like an Oklahoma cyclone.
