## NEWS OF MILTON PILOT ROCK DOINGS

### INTEREST IN SCHOOL ELECTION NEXT THURSDAY

Question of New School Building at Milton and Freewater—Meeting at Campus Grounds Being Enjoyed—Many Cherries to the Markets—Selling Fruit in East.

Milton, July 12.—Considerable interest is being taken in the special school election which will be held next Thursday, to vote on the question of bonding the district for better school facilities in both Milton and Freewater. There is some objection to Milton having the big \$30,000 building for the people in the Freewater country. The question will undoubtedly be hard fought. It is the intention that Freewater also be provided with a new building.

The Union church meetings which are being held at the college every few evenings are proving very successful. The grounds are lighted with electricity. Rev. Thomas Parker of the Presbyterian church at Freewater, preached to a good crowd last evening.

Miss Lulu Craig of Ellensburg, Wash., is visiting with her brother, W. R. Craig and family in the city.

Great quantities of cherries have gone to the markets from this section in the past couple of weeks, and the early cherries are about all out now.

J. R. Adkins and family recently of Condon have arrived in Milton to make their home.

J. N. Stone, manager of the Milton Fruit Growers' union, is east in the interest of the Union, and he will be away several weeks. He will make the northwestern states and western Canada.

### PROFIT IN LAND.

#### Man From Portland Finds Land a Good Investment.

Freewater, July 13.—F. H. White recently of Portland, who purchased a ten acre tract of fruit land near here in the spring is making good. From one acre of strawberries from plants one year old the gross proceeds were \$450. The cost of marketing and picking was \$190, leaving Mr. White a net profit of \$260 on his 10-acre tract which has an abundance of water. M. White has in addition to 1 1/2 acres of sawberries, 1 1/2 acres of blackberries, one half acre grapes, two acres of prunes, one-half acre of pears and the rest in winter apples. He will realize a good sum this season.

Charles Hammitt and his sister, Miss Nellie, have arrived here from Chicago to join their parents, Mr. and Mrs. L. F. Hammitt, who recently came from Iowa, to settle permanently.

Raspberries are ripening in this section and they are of excellent quality.

A number of the people from here went over to spend the day at Meador park yesterday.

M. Reynolds has just purchased 10 acres of land near the Pleasant Valley school house, the consideration being \$1500.

An important meeting of the Hudson Bay grange will be held next Saturday evening.

### HARVESTING GOES ON ABOUT PILOT ROCK

Most Being Threshed Will Come Up to General Standard—Railroad Company Guarding Against Fires—New Barley Being Sold—Many Camping Parties to Mountains.

Pilot Rock, July 13.—Harvesting the wheat and barley crop in the Pilot Rock country is now in full way. Binders, headers and combined harvesters have been running for some time. A great deal of the grain has been cut for hay, and there will be less to thresh than usual, though a greater part of what is being threshed will come up to the regular standard.

The Umatilla Central is taking special precautions in regard to grain fires, along the right of way of the railroad. A man has been added to the train crew to keep watch for all trouble of this kind. Barrels of water are being carried and every precaution is being taken.

Mr. and Mrs. J. P. McManus have been at Hiway for a short vacation.

### Sells New Barley.

The first new grain sold in Pilot Rock was sold by John Blanchert, consisting of 200 sacks of barley. It was sold to the chop mill at 90 cents per hundred. It is thought that prices will be high enough this season to offset the shortage in the crop.

Mark Sturtevant has gone to his former home in North Dakota, where he expects to remain during the summer months.

A great many camping parties are passing through daily on their way to the springs for a summer outing.

### BASEBALL NOTES.

The Pittsburg climate must agree with Roy Thomas. Since leaving Philadelphia Roy has shown most beautiful baseball.

And while figuring up the National league race don't overlook the New York Giants. The Yorkers have been going great the past month.

Manager Murray of the Philadelphia nationals is having more trouble than a judge at a baby show in trying to keep his "Quakers" awake.

"Slugger" Johnson of the Portland, Ore., team is a real hitter. A home run, a three-bagger and two two-base hits in a recent game show that Johnson knows how to pick out a good bat.

Major league scouts are getting fussy. A majority of the scouts say they haven't seen a minor leaguer this season worth a try-out with the big fellows.

Just when Manager Chance had everything nicely arranged for his Chicago Cubs to lead the procession all season those horrid Pittsburg Pirates stepped in and spoilt it all.

The New York Highlanders have not improved under the management of "Kid" Elberfeld. It is hard to believe that a team made up of so many star players could play such poor ball.

Several youngsters have been doing nice work on the diamond this season, but when it comes to the genuine star performers on the slab be sure to place an X after the names of William Donovan of Detroit and William Dineen of St. Louis.

Manager McGuire of the Boston Americans says he is mighty glad President Navin of Detroit refused to give a nickel for "Old Cy" Young. "Suppose Navin had flashed the coin," says Jim, "and in a fit of reckless abandon I had taken him on. O cracker!"

Boston has another Tom McCarthy. The original Tom was a star fielder, while the present Thomas is a pitcher who has made good with the Boston Nationals.
