"NEAR BEER" NEAR TROUBLE

DISTRICT ATTORNEY PHELPS
ISSUES A WARNING

Grand Jury Will Probably Investigate
Beverage and Also Dispensers—Jail
Yawns for Men Who Persist in Sell-
ing Drinks That Produce "That
Dizzy Feeling."

Though the officers of the law may
seem to be doing little at this time
along the line of enforcing the pro-
hibition law District Attorney Phelps
says that things may be different
when the grand jury meets in Sep-
tember.

Today Mr. Phelps is busy prepar-
ing to leave on a mountain trip to-
morrow upon which he will be gone
for a month or more. This morning
he discussed the prospect of law vi-
olations and in the course of the same
sounded a warning to those who
would sell booze within this county.

"Under the prohibition law a sec-
ond violation makes a jail sentence
of not less than 30 days absolutely
necessary. In the Plamondon case
Judge Bean held that this applied
in cases where two or more indict-
ments are returned against one party
and he has been in court but once. So
if the law is violated some people are
going to jail."

Upon the subject of "near" beer
Mr. Phelps says he knows of nothing
that permits a person to sell any in-
toxicating beverage no matter how
small a percentage of alcohol it may
contain. The local option law pro-
hibits the sale of "intoxicating" be-
verages and apparently "near" beer is
under the ban if it has the faculty
of producing the dizzy feeling. But
up to this time no complaints have
been made against the new drink and
no edict has been issued against it.

Since the county went dry Mr.
Phelps has been in correspondence
with district attorneys in dry sections
of the state and in prosecutions that
may arise here he will have the ad-
vantage of their experience.

NO LOWER RATES FOR PENDLETON

INSURANCE TRUST SENDS
OUT ITS DECREE.

Great Expense of Rewiring the
Buildings of This City and the Re-
duced Fire Risk Will Not Be Re-
warded by Lower Insurance Rates
—Property Owners Are Justly In-
dignant.

That insurance rates in Pendleton
will not be lowered because of the
extensive new electric wiring ordered
by the underwriters' association a few
weeks ago is practically assured, and
that rates may be raised because of
the failure of a few property owners
to rewire as requested, is also a pos-
sibility.

Lot Livermore, one of the pioneer
insurance men of the city, has just
received word from a number of
agents for fire insurance companies
represented by him, and they assure
him that unless the rewiring is done
as requested that rates in Pendleton
will be advanced.

Since the order to rewire Pend-
leton business houses was sent out the
electricians have been busy almost
night and day and property owners
had hoped that when the orders of
the underwriters' association had
been complied with and the risk in
Pendleton reduced greatly by the new
wiring, that the fire insurance rate
would be perceptibly lowered, but the
information given to Mr. Livermore
seems to dispel any such hope and
the same old rates, with a possible
advance, will be charged here.

There is widespread complaint of
the action of the underwriters' asso-
ciation in ordering a wholesale rewir-
ing of Pendleton and other northwest
business houses, when many of these
houses were already equipped with
modern electric wiring and other ap-
pliances, and now that no reduction
of the fire insurance rate is to fol-
low the rewiring and reduced fire
risks this complaint is exceedingly
bitter.

Property owners feel that they have
been imposed upon by the insurance
trust and there is strong talk of
forming a mutual association among
local business men and property own-
ers to carry the insurance of the city.
It will cost practically \$5000 to re-
wire all the buildings of this city
which come under the ban of the in-
surance trust, and now that no bene-
fits in lowered rates are to come
from this heavy outlay, property own-
ers are justly indignant.

Another feature of the matter is
that where one building in a block is
not rewired, although all the remain-
ing buildings may be rewired, the
rates will be raised on all the build-
ings in the block, regardless of the
heavy expense of those who may
have complied with the request of the
underwriters' association.

The work of rewiring Pendleton
buildings has been in progress for
the past month and it had been
hoped by property owners that the
present excessive fire insurance rates
would be reduced, owing to the
greatly reduced risks.

HARRAS ASKED QUESTIONS.

St. Dennis-Harras Case Once More in
the Courts.

Reinhold Harras was on the stand
in the circuit court this morning in
the case brought against him by De-
sire St. Dennis and on cross-examina-
tion he was asked some embarrass-
ing questions by Will M. Peterson,
the leading attorney for St. Dennis.

"Did you not while in a conversa-
tion with James Bell at Athena, say
as follows: 'You have a lease on St.
Dennis' place for two years and I
have one for 10 years; don't pay him
any more rent and we will beat him
out of it?'" was one of the queries.

This question Harras was not re-
quired to answer, but talking "into
the record" he denied he had made
such a statement.

Other pertinent questions asked
Harras related to his ability as a
fighter and to the particular amount
of booze he had supplied St. Dennis
with.

On his direct examination Harras
said he had gone to the St. Dennis
place after having leased it and that
St. Dennis had run him off by telling
him that he would kill him if he tried
to take possession.

The St. Dennis-Harras case was
started yesterday, but much of the
day was lost while a couple of di-
vorce suits were being tried. At the
outset of the case the plaintiff's at-
torneys moved to withdraw their com-
plaint and by so doing they placed
the burden of proof upon the Harras
side of the case.

Harras is represented in court by
D. W. Bailey and J. D. Perry, while
St. Dennis' case is handled by Will
M. Peterson and Lowell & Winter.

PENDLETON IS ALRIGHT.

W. A. Crank Says Town, Though Dry,
Leads All Northwest Cities.

That Pendleton is a better looking
burg today than most of the small
northwest cities, is declared by W. A.
Crank, formerly in business here and
who is now on the road.

"I have been in 50 or more towns
during the past few months and I
have not seen one that looks better
or busier than Pendleton even if this
place is dry," says the former presi-
dent of the Booster club. He also in-
sists that prohibition has not affect-
ed his business in this place.

IT SAVED MY LIFE— WRITES ECZEMA PATIENT.

Bed-Ridden Sufferer Completely
Cured by Use of D. D. D. External
Wash.

One of the most remarkable Eczema
cures recently credited to the
well known D. D. D. Prescription has
just been recorded in Chicago.

Mrs. E. Hegg, 1550 West Madison
street, under date of December 9,
1907, writes as follows:

"I suffered three years with Weep-
ing Eczema. It started with a little
spot on my knees and spread fast over
my whole body. I spent hundreds of
dollars and went to every good doctor
I heard of, but kept getting worse.
Nothing would stop the awful itch
and burning.

"I had to stay in bed from the mid-
dle of May to the middle of July.
Then I tried D. D. D. Prescription.
This is the 9th of December and I am
entirely free from the terrible disease.
D. D. D. saved my life.

"When I began this treatment, peo-
ple were afraid of me, I looked so
terrible. My husband was the only
one who would take care of me. D.
D. D. stopped the itch at once so I
could sleep, which I had not done
before. Then I began to get better
fast and now my skin is clear and
white, not a spot anywhere."

Just a few drops of D. D. D. Pre-
scription applied to the skin brings
relief—nothing to swallow or drink.

COURT STREET FIRM SECURES FAIR STORE ROOM

Five Year Lease Signed Yesterday
and Work of Moving Started This
Morning—Present Quarters Inade-
quate for Rapidly Growing Busi-
ness—New Lines May Be Added.

Cook and Perry have leased the
old Fair store location in the Smith-
Crawford building for a period of five
years and they are now moving into
the new place. They signed a lease
for the place yesterday afternoon and
early this morning began the work
of moving.

According to W. S. Perry they will
use the entire 50-foot room for their
stationery business which they as-
sert has grown too large for their
old location. In the new place they
will have more room for the display
of their line and also more warehouse
room.

In addition to their stationery busi-
ness it is possible that Cook & Perry
will also add other lines, though they
have not yet fully decided upon that
point.

When the Fair store went out of
business recently the south room on
the lower floor of the Smith-Crawford
building became vacant. However
there have been several prospective
tenants, among them a man who pro-
posed starting another dry goods store
in that location. However, the build-
ing was secured yesterday by Cook &
Perry.

OLD VILLIAN OF 82 MARRIED.

Young Woman of 24 Got His \$40,000
Estate.

The annulment of a marriage that
no longer exists is sought in a bill
filed in the circuit court in Chicago
by heirs of the late Frederick Schram
82 years old, who is averred to have
been "broken, old, decrepit and in-
sane and took for his wife Elizabeth
Fritz, 24 years old, of fair features,
calculating, scheming and shrewd in-
tellect."

Following the marriage property
worth \$40,000, it is charged, passed
into the control of the woman whom
the heirs have made defendant in
the suit. Another action to have the
will declared null and void is pending
in the circuit court.

In November, 1906, it is asserted,
the woman was employed as a ser-
vant at \$4 a week to care for the old
man's home. December 27 she per-
suaded him to marry her secretly, it
is charged. Several days later he
died of apoplexy. On entering the
Schram home, it is averred, the
woman began to exercise a system of
fraudulent practices with a view to
obtaining his property. He was pos-
sessed of an insane delusion that he
had become rejuvenated and, it is
declared, the defendant encouraged
this belief and finally married him.

TOY PISTOL KILLS THREE.

Lockjaw Follows Celebration of the
Fourth in State of Washington.

Elma, Wash., July 14.—Two deaths
from lockjaw and a third boy dying as
the result of toy pistol wounds on the
fourth of July is the record of a week
in the state of Washington.

The dead:

Arthur Bauer of Ritzville, 8 years
old.

Harold Sorrah of North Yakima, 10
years old.

Dying: Ten-year-old son of W. B.
Moore of this city.

On July 4 the Moore boy injured his
hand in shooting a toy pistol. The
burn occasioned no anxiety, as it was
very slight and nothing serious was
thought of until Friday, when
symptoms of lockjaw became man-
ifest. Doctors in attendance have giv-
ing up all hope of saving the boy's
life, and he is suffering intense
agony that nothing but death can re-
lieve.

In the case of Arthur Bauer, of
Ritzville, the lad received a powder
burn from a blank cartridge. The
next day he became ill, suffered from

lockjaw, and on the third day was
dead.
Harold Sorrah of North Yakima,
lived 11 days after wadding was fired
into the palm of his hand by a toy
pistol. On the tenth day he was tak-
en sick, seized with lockjaw and in a
few hours was dead.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where
Dandruff is Eradicated.

Sealskin is admired the world over for
its softness and glossiness; and yet the
human hair is equally as soft and glossy
when healthy; and the radical cause of all
hair trouble is dandruff, which is caused
by a pestiferous parasite that saps the
vitality of the hair at its root. Newbro's
Herpicide is the only preparation that is
fatal to the dandruff germ. Without dan-
druff there is no falling hair, but a lux-
uriant growth of glossy, soft hair is cer-
tain. Scouring the scalp won't cure dan-
druff. Kill the dandruff germ. Thou-
sands of women owe their beautiful
hair to Newbro's Herpicide. Good
