HARVEST REPORTS STILL BRIGHTER

UMATILLA COUNTY WILL
HAVE NEARLY FULL CROP

Expected Shortage of One-fourth to
One-third Does Not Materialize—
Appearances Very Deceiving—Grain
All Heads and Heads All Wheat—
Light Lands Will Give Normal
Yield.

If harvesting reports now reaching
the city are well-founded, Umatilla
county is not going to fall very short
of an average wheat crop this sum-
mer. Some weeks ago it was the general
impression that the yield would be
but two-thirds or three-fourths of
the normal amount. But such pes-
simism is knocked in the head by the
returns that are now coming in.

Threshing has been on in the north-
western part of the county for over
a week and all reports from that sec-
tion show that the "light land" coun-
try will have normal yields this year.
At the Ed Delwo place, near Nollin,
threshing has just been started and
a yield of 18 bushels per acre is re-
ported.

Threshing is just starting on the
reservation and but few reports have
been received. But in every instance
they are hopeful for the farmers are
getting more wheat per acre than
they had expected.

At the Schwandt place on the reser-
vation the wheat is running between
30 and 40 bushels per acre, practi-
cally a normal yield. Other thresh-
ers are now being started on the Tom
Thompson, Knight Bros., Peringer,
Ferguson and other reservation
ranches.

Threshing in wheat is just now be-
ing started in the Pilot Rock country
and no wheat yields have yet been

reported. This section of the country
probably suffered more than any other
from the drought and it is known
that the crops will be light south of
Pendleton. But even in that district
they are proving to be better than was
anticipated.

One instance is now told of a
rancher who had for a time debated
whether to thresh his grain or cut it
for hay. He finally decided to make
a trip around the field with a com-
bine and on doing so found he had a
yield of 18 bushels per acre.

The local wheat market has not
yet opened and probably will not un-
til some of the grain is hauled to the
warehouses. At present the price, if
the market were open, would be
about 70 cents.

POSSE GETS MURDERER.

Lack of Food and Exposure Brought
Him Within Range of Determined
Officers.

Marysville, Cal., July 18.—Exhausted
from want of food, his clothes in
tatters and himself worn out from
tramping the mountains for the last
three days seeking to evade his pur-
suers, Adolph Jules, the Italian who
last Tuesday shot down and killed two
fellow countrymen at a construction
camp on the Western Pacific and
attempted to murder the American
foreman and his wife, was captured
today at Toll Gate by a sheriff's posse
in Plumas county after a sharp fight.
Finding himself intercepted and his
retreat cut off, Jules opened fire with
the rifle with which he had shot
Antonio Liberatos and Giovanni Puc-
cini in the Western Pacific camp. He
was quickly surrounded and after
many shots were exchanged, finding
that he could not break the cordon
about him, surrendered to the offi-
cers.

To prevent a lynching the prisoner
was hurried to Oroville and placed
in jail.

Posses from three counties were
in pursuit of Jules since the day of
his unprovoked crime, which aroused
the entire country in that section.

PAYROLL PADDER IS ARRESTED

(Continued from page 1.)

not fight, the railroad company sent
wood to investigate and the detective
soon obtained enough information
from the Greeks to cause Pierce's ar-
rest.

About 10 minutes after Pierce had
been released after depositing his
\$250 cash bail, it was learned from
Portland that the man had ordered
his time check sent to Huntington. As
this was taken by the officers as evi-
dence of an intention to jump out
and not stand trial, a second charge
was immediately filed against him.
He was again arrested and his bail
again fixed at \$250.

He objected to putting up the ad-
ditional \$250, but when he found he
could not secure a reduction he pulled
a wallet from his pocket contain-
ing at least \$1000, and from this
put up his bail.

That he will be found missing
when the time comes for trial is con-
fidently believed by the officers de-
spite the \$500 which he has deposited
to insure his appearance.
