# WORLD'S GREAT MARATHON RACE

THIS YEAR'S EVENT WILL BE BEST EVER.

Svanberg of Sweden is Expected to Win Over Seventy-one Rivals, Representing Seventeen Nations—Covers Distance of 26 Miles—World's Greatest Runners to Participate.

London, July 21.—With the international Olympic Marathon run but three days away, interest in the event is at a white heat and many wagers are being made on the result. There is no doubt that the contest will be the greatest of its kind in the world's history. Seventy-two of the world's best distance men, representing seventeen nationalities, will engage in Friday's struggle for supremacy. The course is in good condition. It covers a distance of twenty-six and one-third miles, with the start in Windsor Great Park and the finish at Shepherd's Bush Stadium, the scene of last week's Olympic games. The course abounds in twists and turns, varying in distance from a matter of yards to one of miles.

One of the most interesting contestants in the race will be Tom Longboat, the phenomenal Canadian Indian runner. Of the seventy-two entries, only five took part in the race at Athens two years ago, notably Joseph Forshaw of America John Svanberg and G. Thornos of Sweden, George Blake of Australia and A. Coutonlakis of Greece.

Sweden Expects to Win. On that occasion Svanberg distinguished himself by making a good second to Billy Sherring of Hamilton, Ont., his time being two hours 58 minutes 20 4-5 seconds, and as he finished strong then he may be relied upon to get the course this time for a certainty. Tornos, the other Swede came in fourth, so he, too, may be expected to do something. Blake made sixth place, and it will be remembered that it was the Antipodean who made the pace such a cracker as the men dashed from the village of Marathon, and he was in the lead at 15 miles and looking like a winner when he suddenly blew up.

Coutonlakis, the Greek, finished in 11th place, just in front of Forshaw, who is expected to do much better this trip, as he is stronger, and has the advantage of two years' extra training.

Through a number of the prospective runners are unknown to fame in America they hold records in their respective countries.

Dorando Pietri, the leading Italian nomination for the event, is said to be a flier and to be possessed of extraordinary stamina. He is a native of Capri and has been preparing for the race since the idea of holding the games in England was made known.

J. G. A. Lundberg, who will be a good team mate for Svanberg the Swede, is a consistent performer for the Marathon, as he holds the Swedish record for 2 hours 49 minutes 10 3-5 seconds.

Nieminen, the only entry from Finland, has a record of 2 hours 44 minutes 20 3-5 seconds for the 25 miles.

H. Muller, the foremost German candidate, has no known record for the Marathon, but he has done good work up to 10 miles and thereabout, and he has done a lot of pretty fast road walking.

Undoubtedly the two best men on the English team are F. Appleby, holder of the 15 mite amateur record, and who incidentally took the measure of the great Shrub in that very same race, and A. Duncan, the present four and 10 mile champion. The official entries:

- United Kingdom—F. Appleby, T. Jack, A. Duncan, G. G. Beale, F. Lord, J. Price, H. F. Barrett, F. B. Thompson, E. Barnes, A. Wyatt, S. Stevenson, W. T. Clarke.
- Canada—F. Simpson, H. Lawson, W. Goldsboro, G. Goulding, W. Wood, E. Coffey, F. Noseworthy, J. Caffrey, T. Longboat, G. Lister, A. Burn, J. Tait.
- United States—J. Forshaw, S. H. Latch, Hayes, T. P. Morrissey, M. J. Pyan, Lewis Jewantine, Roy Wellington.
- Australia—J. M. Lynch, W. V. Aiken, C. B. Blake.
- South Africa—J. M. Baker, C. Heferon, A. B. Mole, C. E. Stevens.
- Greece—G. Coulioumerdes, A. Coutonlakis.
- Finland—Nieminen.
- Prussia—G. Lind.

## Syrup of Figs and Elixir of Senna

Cleanses the System Effectually. Dispels Colds and Headaches due to Constipation. Acts naturally, acts truly as a Laxative. Best for Men, Women and Children—Young and Old. To get its Beneficial Effects Always buy the Genuine which has the full name of the Company CALIFORNIA FIG SYRUP Co. by whom it is manufactured, printed on the front of every package. SOLD BY ALL LEADING DRUGGISTS. one size only, regular price 50¢ per bottle.

### DOCTOR USES D. D. D. IN HIS PRACTICE

Eminent Physician Says This Great Liquid Prescription is Certain Cure for Eczema.

Still another eczema specialist comes forward in enthusiastic praise of D. D. D. Prescription, the wonderful external remedy which cures eczema and other similar diseases like magic. He is Dr. C. B. Holmes of Silver City, Miss., and in summing up his impressions of the startling cures D. D. D. has effected, he says: "I have been using D. D. D. for four years with gratifying results. 'Tis as near a specific for herpes, eczema, psoriasis, etc., as is quinine for malaria."

Dr. Holmes is one of hundreds of physicians who use D. D. D. in their daily practice. The D. D. D. company allows physicians to use this remedy with the understanding that they tell their patients what it was that cured them when the terrible itch has been wiped out, the skin healed and the raw wound covered over with soft white skin. D. D. D. is not a nasty paste to smear the skin and clothing, but it is a clear liquid. It is advisable to use D. D. D. soap in connection with D. D. D. Prescription.

Is any further proof of the curative powers of D. D. D. Prescription necessary? That remedy is sold at the Pendleton Drug Co. Come in and let us cure your skin disease. Even if you have not decided to use D. D. D. remedy, come in and explain your case, anyway.

Two free street concerts daily, 12 o'clock and 7:30 p. m. Tickets 25, 50 and 75c. On sale at Pendleton Drug Co.

## TO SAVE WATER FLOW

### FORESTRY AND RECLAMATION BUREAU JOIN.

Heads of Departments Go to New Mexico and Arizona to Examine Forests and Streams of Proposed Reserves—Water Sources Will Be Protected and Forests Preserved—Reserves to Be Increased.

A. F. Potter, chief of the branch of grazing, United States forest service, left Washington Thursday, July 16, for Santa Fe, N. M. The first object of his trip is to confer with Governor Curry, July 22, with regard to the proposed additions to the Pecos national forest.

An examination of the withdrawn land will be made for the purpose of determining what part of it shall be added to the national forest and what part released. It is expected that this examination will take about 10 days or two weeks.

On the first of September, Mr. Potter and D. D. Bronson, of the forest service, will start from Phoenix, Ariz., to make an examination of the land within the Verde national forest, for the purpose of making recommendations regarding the regulation of grazing. These forests were created primarily "for the purpose of securing favorable conditions of water flow," so that special care will need to be exercised to prevent grazing from defeating this object.

An agreement has been made between the secretary of the interior and the secretary of agriculture, for investigations of the effect of the grazing of sheep and goats upon the watersheds within national forests which are important to irrigation. Mr.

### COFFEE

Your grocer must sell poor coffee; we can't all be comfortable; but he needn't sell it to you.

Your grocer returns your money if you don't like the Schilling's Best, we pay him.

Potter and Mr. Bronson will, therefore, co-operate in these investigations with officials of the reclamation service.

### Pinchot Will Co-operate.

Gifford Pinchot, forester, has written to the Waterusers' association and to the presidents of both the Cattle-growers and Sheepgrowers' associations in Arizona, informing them of the proposed examination and inviting them to arrange to have representatives of their several interests accompany the representatives of the government, if they desire to do so. Investigations of the relation of stock grazing to water supply on other national forests will be carried on jointly by the reclamation service and the forest service wherever complaints are received from the waterusers of damage to the water by stock. Investigations will also be made by the government on its own initiative whenever such action is necessary for the general welfare.

The results of these investigations will be made known as rapidly as possible.

### Half Million Trout Fry.

To transport 500,000 fish fry from the state fish hatchery at Hay Spur, Blaine county, to the trout streams and lakes of north Idaho, is the object of a visit to Pocatello of Chief Deputy State Game Warden B. T. Livingston, who arrived yesterday from Shoshone to arrange with the Short Line for the fixing up of a baggage car to carry the young trout to the northern waters, says the Pocatello Tribune.

Through the kindness of D. E. Burley, general passenger agent of the Short Line, who was in Pocatello yesterday with the Garfield party, orders were given to the shops to fit up a car according to Mr. Livingston's instructions. A large tank for aerating purposes will be installed and the interior of the car rearranged to suit the necessities of the shipment.

The work will be completed about tomorrow and the car will then be taken to the Hay Spur hatchery to be loaded with 500,000 or more trout fry. These will be shipped through by fast train in the shortest possible time and will be planted in Hayden lake, Fish lake, lake Pend d'Orielle, and in other streams and lakes. Two varieties of trout will be planted—lake and brook.

If you see it in the East Oregonian, it's so.
