SHOWERS HELP SPRING GRAIN MATERIALLY.

Sells Fifty Head of Cattle to Echo Man—Telephones Are Being Placed for Line Between Here and Pendleton—Good Draft Horses for Sale—Many People to Lehman Springs.

Alba, July 22.—The past week has been showery which will help the spring grain.

Haying has begun, the crop being lighter than for many years.

Stock is doing well on the range. J. S. McLeod has sold fifty head of stock cattle to Robert Stanfield of Echo.

Carstein's man of Tacoma has been here and brought 80 head of steers of Fuller brothers to be delivered next week in Pendleton at \$3.75 on the hoof.

Henry La Zinka sold 95 head of three and four year old steers last week at four cents, but they were contracted a month ago. They were consigned to the Seattle markets.

The wire is now stretched on the new telephone line and the phones are being placed as rapidly as possible. This makes an independent through farmers line from Ukiah to Pendleton.

There are a number of good draft horses here for sale, but as the market is a little dull at present they will be held in pastures until the demand gets better as horses can be kept here cheaper than most anywhere.

For sale—Three hundred million feet of yellow pine timber belonging to actual settlers all tributary to one of the best mill sites in Oregon.

Wanted—An electric railroad to start from Pendleton and tap the mineral resources of this country.

The visible timber and stone crop of the mountains will guarantee 20 years freight and the undeveloped resources of the hills will furnish business for the balance of time.

The Wagners autos are busy daily hauling passengers to and from Lehman and Hildway Springs making the round trip in one day going in the Bear Wagon road and coming back via Hildway and Alba and on to Pendleton a distance of over 140 miles.

There are more people in the mountains at both these resorts than for a number of years.

Miss Bell Wallace is making some improvements on her farm four miles northeast of Alba. She is being assisted by several young ladies of Pendleton who wish to study ranch life on the frontier.

Mrs. A. Struthers has been elected superintendent of the Alba Sunday school.

Horses Wanted.
Wanted—a carload of horses in the next three days. Weight from 1050 to 1250. Broke stock. Phone or call Oregon Feed Yard.

HARVEST IS ON.
Will Be a Normal Yield in the Adams Country.

Adams, July 22.—Threshing is going on in all directions from here this week, and reports of some 40-bushel yields are being received, while most of the grain is running 30 bushels to the acre. Tests which have been made in the past few days have a weight of from 55 to 60 pounds per bushel. The weather is very warm, and the threshers say they never worked in a hotter harvest season than this. There has been no suffering as yet. The farmers seem to be generally pleased with the results of the crops, especially since it is known that wheat will be a fairly good price this season and better prices are sure to prevail than last year.

Some wheat is being hauled to the warehouses. No sales have been reported as yet, however.

Mr. and Mrs. W. M. Baker have returned to their home in Los Angeles, after visiting here for some weeks.

Many of the people in and about Adams have gone to the mountains or to the coast for an outing during the warm weather. The past few days have been extremely warm.

It Can't Be Beat.
The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that is claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines for weakness, lame back, and all run down conditions. Best too, for chills and malaria. Sold under guarantee at Tallman & Co.'s drug store. 50c.

Harvey Aids Esperantists.
New York, July 22.—Colonel Geo. Harvey, editor of the Harper publications, will take a leading part in the movement launched at the National Esperanto convention, now in session at Chautauqua, to secure the international convention for this country next year. Colonel Harvey is very much interested in the propaganda of the new universal language and may attend the international congress at Dresden next month.

Weston, July 22.—The following officers have just been installed into Weston lodge No. 58, I. O. O. F.: I. W. Godfrey, N. G.; G. E. Towery, V. G.; J. S. Llewellyn, secretary; S. A. Barnes, treasurer; J. P. O'Hara, warden; Frank King, conductor; M. A. Bryson, R. S. N. G.; Wm. McKenzie, L. S. N. G.; F. M. Bryant, R. S. V. G.; C. B. Williamson, L. S. V. G.; James King, R. S. S.; Seth Hyatt, L. S. S.; J. R. King, chaplain; W. A. Barnes, I. G.; R. L. Wilson, O. G.

The heirs of the late William Gould who died some time ago, leaving an estate worth \$30,000, have divided the property by mutual agreement. The three children, Wm. H. Gould, Thos. E. Gould and Mrs. Lydia A. Hyatt, each receive a quarter section of valuable mountain land. In addition, the two brothers get a half interest each in a brick building at Weston. The widow of the deceased receives the revenue from the building during her lifetime, and 22 acres of rich bottom land near Weston.

LODGE OFFICERS FOR THE NEXT TERM.

Gould Estate Is Divided Among Heirs—Friends of Young Woman Pained to Hear of Serious Illness—Heavy Yield of Wheat on Reservation Farm Not Far From Weston.

Weston, July 22.—The following officers have just been installed into Weston lodge No. 58, I. O. O. F.: I. W. Godfrey, N. G.; G. E. Towery, V. G.; J. S. Llewellyn, secretary; S. A. The many friends of Miss Pansy Stewart, formerly of this place, but who has been living at Oregon City for the past two years, were pained to hear that she was ordered to go to Arizona by physicians on account of tuberculosis from which she has been suffering for some time. She was the founder of the Bow Knot club here, and a social favorite.

Mrs. Charles Dupuis has returned from a visit to Soakum, Wash.

Mrs. H. J. Cockerling is reported as being quite ill at her home near the city.

Great Wheat Yield.
Despite pessimistic forebodings the wheat crop about here will be normal. D. C. Kirk has just reported 60 bushels to the acre on most of his land on the reservation, all prime quality. This is exceptional, but most of the wheat about here will go from 30 to 40 bushels to the acre.

NORTHERN PACIFIC LANDS TO BE OFFERED FOR SALE.

Large Area of Lands Withheld for Three Years on the Market.

Tacoma, July 22.—Northern Pacific railway lands which have been off the market for more than three years, soon will be again open for purchase. General Western Land Agent George H. Plummer has been revising lists and going over the reports preparatory to fixing the price at which the various tracts of land are to be sold.

The company still has millions of acres of land in this state which have not been sold, much of it good agricultural land. Some of it is suitable for irrigation projects, while there also are large areas of wheat land and stock range.

IDAHO LAMBS SELL WELL.

Butterfield Received \$700 Per 100 in Chicago.

A recent issue of Clay, Robinson & Company's Livestock Report contains the following on the Butterfield lamb shipment from Weiser, Idaho:

A. G. Butterfield, a member of the extensive Idaho sheep firm of the Butterfield Livestock company, with headquarters at Weiser, was here this week with a trainload of sheep and lambs, which we sold for him, getting \$7 for the lambs and \$4 for the wethers, prices that were highly pleasing to him.

"This was the earliest by a month that I have ever had lambs on the Chicago market," remarked Mr. Butterfield. "This was rendered possible by the excellent weather conditions and fine range all last winter and spring. There will be scattering shipments of lambs from Idaho right along, but the movement will not be on in earnest until after the first of August."

"Idaho has about the usual crop of lambs to market this season. They are in unusually good condition, and, barring poor railroad service, an exceptionally big number will come to market in fine shape for slaughter. Thus fewer feeders will be available than in late years. Most of the Idaho wool has been disposed of at 10 to 17 cents per pound, being 3 to 7 cents lower than last year."

"The lamb crop in both Wyoming and Montana is short this year, the lambing in most parts, according to late information, being 30 to 50 per cent, against 50 to 80 per cent for a normal average."

"While prospects are not near as promising as one year ago, the bona fide flockmaster of the west is by no means discouraged over the future. And why should he be, when we are importing 50 per cent or more wool than we consume? This depression in trade is only temporary. At least that is the prevailing opinion among the men who make the production of sheep and wool their chief business. Of course, there will be liquidation by the amateurs and speculators. They will probably get out as fast as they got in last year."

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—A Pendleton Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may result in diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Pendleton people testify to permanent cures.

Mrs. Arthur Hammer, living at 717 Aura street, Pendleton, Ore., says: "For the last five years Doan's Kidney Pills, which I procured at the Pendleton Drug Co., have been just as effective in eliminating backache as they were when they first came to my notice in the spring of 1903. Doan's Kidney Pills proved conclusively to me when I recommended them to my friends that they were a reliable remedy and I still vouch for their merit as I have the greatest confidence in them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
