**COMBINES OUT IN ALL DIRECTIONS FROM HERE.**

**A Number of Big Growers Report Yields of 40 Bushels on Much of Their Land—School Superintendent Files Second Complaint—Woman Meets With Runaway Accident.**

Athena, July 23.—Combines are kept busy in the grain fields in all directions from here this week, and so far the wheat is averaging 30 bushels to the acre. A great deal of it is going 35 bushels and some is reported at 40 bushels to the acre. George Carmichael, one of the big wheatgrowers near here reports a yield of 40 bushels on a few hundred acres of his land, while he has very little that will make less than 35 bushels. E. A. Dudley, another big grower, also Lowell Rogers, are among those who are receiving 40 bushels on much of their land. Some sales have already been made at 72 cents per bushel, but no extensive sales will be made until next week. The millers say that the grain is better for milling purposes than it has been for some years, the weight is excellent and is especially good for flour this season.

Homer I. Watts, who was principal of the Athena schools the past term, has filed a second suit against the Athena school board for money which he alleges still due him for extra work done, amounting to \$12.83. In the first suit filed the attorneys demurred, and it was thrown out of court. Watts is now filing a second suit in the case.

Dr. Plamondon, who has been quite seriously ill with an attack of appendicitis, is considerably improved, and was able to be out on the street yesterday.

The farmers are feeling especially good over the result of the harvest thus far. This promises to be a very prosperous fall as is the usual case in Umatilla county.

Sunday a crowd of Athena men, among them being Messrs. Taggart, Hawks, Richards and Kershaw, were at Wenaha and Meacham creek for a fishing trip.

Mr. and Mrs. Frank Coolidge returned the first of the week from Moro, where they had been for a couple of weeks with relatives.

Miss Margaret Rankin, who has been the guest of Mrs. J. D. Plamondon for a couple of weeks, will return to her home in Portland Monday.

Rev. George Ellis, who has been quite ill for some weeks, is reported as being somewhat improved at the home of his son in Baker City.

Mrs. Lee Price of Adams, met with an accident Monday while driving from Adams to this place. The horse became frightened at a train, ran and she and the baby which was in her arms, were thrown from the buggy. Mrs. Price escaped, however, with a slight scratch, while the baby was quite badly, but not seriously bruised in several places.

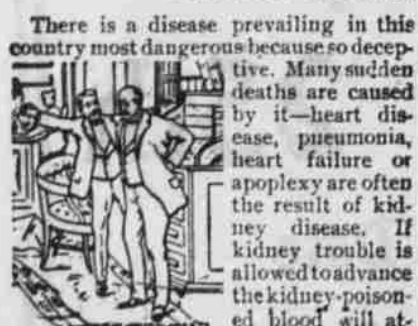

E. L. Barnett, of Portland, former cashier of the First National bank at this place, is here for a short time looking after some business affairs.

The Preston-Parton mill is being thoroughly overhauled to begin the run on new wheat. The Pacific Elevator building, which was purchased, has been moved and set near the mill, some improvements are being made in the office and there will be a general clean-up there.

**Horses Wanted.**

Wanted—a carload of horses in the next three days. Weight from 1050 to 1250. Broke stock. Phone or call Oregon Feed Yard.

**The Cause of Many Sudden Deaths.**

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**INTERURBAN CARS ON A NEW SCHEDULE.**

**Hour and Fifteen Minute Service for a Few Weeks—Third Spraying for Codlin Moth Is Now Going on—Many Fruit Shipments Are Being Made at This Time.**

Freewater, July 23.—The interurban cars are running on a new schedule between this place, Milton and Walla Walla, until the Freewater sub station is in running order again, which will be about two weeks. This makes an hour and 15 minute service in the day time and two hour service in the evening after 8 o'clock.

A number of the fruitgrowers are now spraying for codlin moth. The third spraying for these pests begins about the 20th of July.

**Fruit Being Shipped.**  
The local commission men are now shipping blackberries, apricots, peaches and apples. Apples are bringing 60 cents per box net to the growers, blackberries \$1.50, and peaches 2 cents per pound, apricots 2 cents. Prices are a little lower than last year for these fruits, but the crop is heavy and prospects are good.

J. E. Herr sent two crates of choice cherries to Denver, realizing \$3.25 per crate. The Fruitgrowers' union is making a number of shipments at this time.

The weather has been intensely warm in these parts of late, but the air was cooled considerably after the shower yesterday, and it is not quite so warm now as before.

Rev. Father Nooji has returned from Baker City, where he has been for a few weeks. He will now make a strenuous effort to get the money collected and things arranged for the erection of the new Catholic church and school at this place.

P. O. Colvin has purchased the Francis Holt place on State line, the consideration being \$4500. This is considered a very fine place.

The grain harvest in the Freewater country will be about over in a few days. There was an average of about 30 bushels to the acre about here.

**The Remedy That Does.**

"Dr. King's New Discovery is the remedy that does the healing others promise, but fail to perform," says Mrs. E. R. Pierson, of Auburn Center, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieve only temporarily. New Discovery is doing me so much that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at Tallman & Co.'s drug store. 50c and \$1.00. Trial bottle free.

**PROSTRATED BY HEAT.**

**Last of Weston Mountain Berries on the Market.**

Weston, July 23.—While no sun-strikes were reported in the wheat-fields the last few days during the hot weather, several cases of illness and prostration occurred. This is some of the warmest weather ever experienced in this part of eastern Oregon.

The last of the Weston mountain strawberries are appearing in the market at this time. Some blackberries are being marketed, and they are all of excellent quality.

Foley's Orino Laxative, the new laxative, stimulates but does not irritate. It is the best laxative. Guaranteed or your money back. Pendleton Drug Co.

**MAURICE FITZMAURICE CAN'T PRACTICE LAW**

Pendleton Attorneys Said to Have Objected to Unethical Conduct.

SALEM, Ore., July 23.—The Supreme Court refused the application of Maurice O. Fitzmaurice for admission to the bar. Objections had been made by Pendleton attorneys and others upon the ground that while Fitzmaurice was located in Walla Walla he solicited legal business, exploited himself in the newspapers and was guilty of other unprofessional conduct. These objections prevailed.

The Supreme Court today decided four appealed cases, none of which was of general importance. The decisions are as follows:

Z. T. Bogard, respondent, vs. A. Barhan and C. Barhan, appellants; from Marion County; William Galloway, judge; reversed and remanded; opinion by Justice Eakin.

A. E. Eaton, appellant, vs. Blackburn & Breck, respondents; from Baker County; William Smith, judge; opinion by Chief Justice Bean.

Robert Phipps et al., appellants, vs. William R. Willis, respondents; from Douglas County; J. W. Hamilton, judge; reversed; opinion by Commissioner King.

F. V. Dillard & G. S. Clayton, respondents, vs. Olalla Falls Mining Company appellant; from Douglas County; L. T. Harris, judge; affirmed April 6; rehearing denied; opinion by Commissioner King.

What a woman sees to marvel at in a baby is the thought that the little darling can and will grow up to be just a man.

**AIDED WHITMAN.**

**Aged Pioneer Dies at Forest Grove—Was Instructor in Famous Walla Walla School.**

FOREST GROVE, ORE., July 21.—Alanson Hinman, who died here Monday, aged 86, was one of the handful of people who had survived from the days of Marcus Whitman. Mr. Hinman aided in the school work conducted by Dr. Whitman at Walla Walla, in the Walla Walla Valley, several years before the Whitman massacre, which took place when he was in the Dalles. Soon after he came to this county, where he had lived ever since.

Public offices in Oregon held by Mr. Hinman have been: Legislature, 1866; Collector of Customs of Astoria, 1867 to 1875; Mayor of Forest Grove, two terms. His first wife, who was Martha Garrish, died in 1864; his second was Sophia Margaret Bowen. Surviving children are: Mrs. A. R. Leabo, Dr. Alanson Hinman, Miss Mary Hinman, Carl L. Hinman, Frank Hinman, all of Forest Grove; and Oliver Hinman, postmaster of Ellensburg, Wash.

"E. C. DeWitt & Co., Chicago, Ill.—Gefftlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Roding, Ga., Aug. 27, 1906." Sold by Tallman & Co.

**2,000,000 Gallons Daily.**

Lewiston is now consuming two million gallons of water every twenty-four hours and the pump at the station are kept busy says the Lewiston Tribune. Last Tuesday the electric pump was out of commission and it was repaired and resumed service on Thursday. A break again occurred Saturday night and the pump was out of commission until nine o'clock yesterday morning.

During the period of the last break down it became necessary to cut out a number of service pipes supplied from the high reservoir, and service was given this district from the lower one. It was also necessary to place in commission for a period the old steam pump. However, the repaired pump is now working nicely and is pumping into the high reservoir.

Superintendent Smith, of the water plant, said yesterday that he did not anticipate any trouble in maintaining an adequate supply of water in both reservoirs. The lower reservoir was full yesterday and the higher one was receiving a big supply from the full capacity of the big pump.

Kodol will without doubt help anyone who has stomach disorders or stomach trouble. Take Kodol today and continue it for the short time that is necessary to give you complete relief. Kodol is sold by Tallman & Co.
