K. OF P. MILLION DOLLAR CONVENTION

Boston, July 25.—Boston is now preparing for a million dollar convention, the 25th biennial session of the Knights of Pythias, which will be entertained, making it the largest gathering that any fraternal organization has ever held in the Hub. The local committee is daily in receipt of telegrams and letters asking that accommodations be reserved for large delegations, and these come from every part of the Union and Canada. As features of the conclave, there will be two grand parades, which will make even staid Boston sit up and take notice.

The first, a military parade, will take place on the afternoon of Tuesday, August 4. About 15,000 of the uniform rank will only be in line under command of Major General Arthur L. Stozert, of St. Paul. On the following day about 20,000 men of the subordinate lodges will march under command of Chief Marshal George E. Wragg.

The personnel of the parade will include large delegations from all parts of the United States, numbering representatives from lodges in Canada, Hawaii, Cuba and perhaps China. Interest in the affair and in the competition for the prizes that will be offered is something unprecedented.

No Expense Spared.
To say that the convention and the parades will represent the expenditure of a million dollars would be falling far short of the mark by a considerable figure. The committee of the grand lodge of Massachusetts, which is the host, will alone spend more than \$70,000. In addition the 32 lodges of Boston will each spend \$500 to \$1500 for entertainment and display. Some lodges, individuals included, will spend \$5000 in this way. The competition for prizes extends to Seattle.

uniform dress of different designs; living flags and emblems of the order will also be presented in the parade to add to the splendor and spectacular effect. From outside the state will come 1800 from Rhode Island, and 2000 from Connecticut. Business men are designing decorations for their establishments along the line of march, some promising that they will surpass the best of the old home week displays. From a grandstand on the Common the parade will be reviewed by Governor Guild, Mayor Hibbard and Supreme Chancellor Judge Charles A. Barnes of Illinois.

Biennial Session.
The meeting is the occasion of the biennial assembly of the Uniform Rank, Knights of Pythias. They will encamp at Franklin park in 4000 tents which have been ordered for the occasion. Their competition for the \$11,000 prizes is by efficiency in drill as well as showing at inspection, and at the field there will be interesting cavalry and infantry maneuvers.

In the business meeting of the convention, which opens August 4, it is expected that complete harmony will prevail. Chancellor Barnes will preside. A Massachusetts man, Dr. Sidney Woodworth, of Fitchburg, will be a strong candidate for supreme vice chancellor.

On the evening of the opening day there will take place a reception to the supreme lodge, at which Speaker John N. Cole, of the legislature, will preside. The governor, mayor and officers of the order are expected to make addresses. On August 6 will occur a reception and ball to the uniform rank kin Mechanics' hall.

One of the most interesting features for those within the order will be exemption of the first and third ranks in Mechanics' hall on the evening of August 7 by Peter Woodland lodge, of Lynn. The great hall will probably be filled by Pythians who will want to see this team of one hundred or more men work with its fabulously elaborate paraphernalia.

During the stay of the knights there will be a never ceasing program of sightseeing trips, ocean excursions and shore dinners. The reception of the host of visitors is in charge of a committee of 25.

PEST TURNED INTO PROFITABLE INDUSTRY.

Tasmania, British Colony, Makes Bunny a Good Asset—Trapped, Split Open and Frozen and Shipped to England—Trapping Gives Employment to Many Men.

A few years ago one might read of the scourge of rabbits in the western states—an increasing horde of bunnies that ravaged the country, ate all the green things, and made life miserable for the settler. The department of agriculture not so many years ago issued a bulletin, with some scientific hints as to rabbit extermination, and told graphically of the rabbit hunt, or round-ups, wherein the citizens of perhaps several counties got together, built a big trap, and then chased Br'er Rabbit in a fast enclosing circle, until he ran into the corral, where he was slaughtered by the thousands with clubs. Br'er Rabbit was a destroyer and a liability—not an asset.

But in these progressive days, Tasmania, one of the British colonies, has found a way to make bunny a good cash asset. He is trapped, split open, frozen and shipped all the way to England, where his fur is not unacceptable. In 1906, \$2,391,563 in frozen rabbits were exported to England, together with \$2,323,510 in rabbit skins.

Consul Henry D. Baker, speaking of the Tasmanian rabbit industry declares that the trapping gives employment to a very large number of men, and that complete freezing plants are in operation at Hobart and Launceston, for preparing bunny for export.

BABIES DIE BY HUNDREDS.

Children's Disease Kills Ten a Day in Chicago.

Chicago, July 25.—Nineteen out of every 100 Chicago babies under 1 year of age have died during the first 22 days of July. This is about one-fourth of the quoted death rate of the city. There have been 10 deaths daily from bowel diseases of children under 2 years of age.

One of the noteworthy points of the city physician's report is in an Italian section of the city—Gault Court. Here it was expected that, owing to very congested conditions, a deplorable state of affairs would be revealed. Just the reverse was found. Crowds were there, and dirt was there but babies, strange to say, were uncommonly healthy and strong. Almost all of them were found feeding on breast milk—in marked contrast to conditions in much cleaner sections of the city, where cows' and canned milk are the diet of the infants.

According to Dr. Roman Spalding, of the health department, the common house fly is one of the great contributors to the complaints prevalent among the city's children.

CREDITORS TAKE A HERO'S MEDAL.

Saved Passengers and Crew of Ship From Drowning in 1905.

Trenton, N. J., July 25.—Captain Mark Casto, of Pleasantville, hero of the rescue of the crew and passengers of the ship Cherokee, which stranded at Atlantic City three years ago, has filed a voluntary petition in bankruptcy in the United States district court. His assets amount to \$4865 and his liabilities to \$7594.

Captain Casto claims as exempt from the operation of the bankruptcy law the Carnegie medal which he received in recognition of the heroism he displayed in the rescue of the Cherokee passengers. He places the intrinsic value of this medal at \$200, which is the maximum amount upon which exemption may be claimed in this state.

In doing this Captain Casto is compelled to relinquish for the benefit of his creditors a \$300 medal that was given him by the Clover club of Philadelphia, which also tendered him a banquet.

Tombstone of Outlaw Stolen.

The headstone that stood over the grave of Soapy Smith, the famous Alaskan outlaw, thief and murderer, has been stolen, and there is no clue to the thief. The grave has been visited by hundreds of tourists, and it was marked by a wooden slab bearing the man's name, with the date of his birth and death.

At Pomeroy, Wash. Monday evening, the barn of E. R. Warren was destroyed by fire, including six horses and a quantity of farming implements. Four of the horses belonged to John Bartles. The loss is estimated at \$2,500. There was an insurance of \$600 on the building, but nothing on the contents.
