PANAMA CANAL OPEN IN 1912

GREAT CULEBRA CUT MORE THAN HALF FINISHED.

Americans Working Rapidly and Will Complete Big Ditch Well Inside Time Limit—Cut Is Principal Barrier—When It Is Finished All Is Finished.

Washington, July 30.—In the digging of the Panama canal it has always been considered that, outside the construction of the big lock and dam works, the chief difficulty to be encountered is the great cut through the backbone of the American continent at Culebra. The problem was there presented of removing a mountain, and by the aid of modern steam shovels, drills and dynamite the solution is being rapidly worked out. In fact, according to information which has reached the offices of the Isthmian canal commission here, over one-half of the work has now been completed.

This cut through the hills and mountains extends a distance of nine and one-half miles. At the highest point the original surface of the ground was 200 feet, and a hole from 430 to 1,000 feet wide and 160 feet deep is being dug there. The work involved the excavation of 80,693,248 cubic yards of earth and stone. The old French company took out 12,600,000 cubic yards between 1861 and 1883; the new French company took out 10,900,000 cubic yards from 1895 to 1904, and since the Americans have taken charge of the work they have excavated 13,445,426 cubic yards. This leaves only 39,652,822 cubic yards yet to be removed, less than half of the total.

In view of the fact that 11,191,488 yards were taken out last year after the Americans had got their machinery in operation and their organization perfected, the indications are that at the same rate of progress the Culebra cut will be completed in three years and a half.

In the opinion of the engineers here that will fix the date for the completion of the entire canal—in other words, they think that the work on the other sections will be so timed as to be finished at the moment when the excavation is done. If they are correct in this, the Panama canal should be open for business in January, 1912.

Restaurant Stories.

"I don't care for the vulgar type of restaurant story," said a New York hotel keeper. "I refer to that type where the guest shouts angrily to the waiter: 'Ugh, this steak is not fresh! What a horrible smell! Here, waiter, judge for yourself!'"

"But, shaking his head, the waiter points to the next table and answers grimly: 'Beg pardon, sir, you're quite wrong. It's the other gentleman's fish.'"

"Or the story of the man who complained about his planked shad, winding up: 'I hope you don't think me unreasonable, waiter?'"

"No, no, sir," the waiter answered. "You're the sixth person who has complained about that portion of shad."

"On a somewhat higher plane are the meat stories. Thus a strange guest says: 'Surely this isn't a barber shop as well as a restaurant? I see a lot of razors lying about!'"

"Oh, no, sir," says the waiter. "Those are for the steak customers. Did you say steak, sir?"

Youthful Logic.

Mrs. L., a young and inexperienced Sunday school teacher, was at times sorely perplexed how to answer the questions put to her by some of her unusually bright pupils. One day just after she had finished telling the children the story that Adam was the first man God created quiet reigned in the class room for several minutes. Suddenly up jumped little Rosie and in a piping voice said, "Oh, teacher, you forgot to tell us whether God created Adam right away a man or a baby?" Embarrassed Mrs. L. looked up to the ceiling and then to the children for an inspiration. Happily she quickly spied Betty's little hand raised above the others eager to answer the question.

"Teacher, I am surprised my sister Rosie should ask such a foolish question. Why, God must have created Adam right away a big man, because if God had created him a baby he would have had to have a mother to take care of him."

Curious Book Titles.

Curious book titles are always being rediscovered, mostly from that prolific period of the commonwealth, when sanctimony was supreme.

Thus: "John Dances Better Than Peter; Peter Dances Better Than John; Both Dance Well" (a vicious attack on the Jesuits, in five volumes). "A Sigh For the Sinners of Zion, Coming From a Hole In the Wall, by an Earthen Vessel, Known Among Men as Samuel Fisher" (was this how taverns came to take the sign of the "hole in the wall"?—London Scraps).

Unrequited Genius.

The world has never learned the name of the genius who conceived the idea of spreading butter upon his bread, a combination of food elements more palatable, more wholesome and more universally popular than any that the combined wisdom of all the professors who have ever lived has been able to devise.—Epicure.

FOUND CUTICURA INDISPENSABLE

For Her Children—Little Girls Suffered with Itching Eczema Which Simply Covered Back of Heads—Baby Had a Tender Skin, Too.

ALL PROMPTLY CURED BY "WONDERFUL OINTMENT"

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which were simply covered. Before I heard of Cuticura, I used to try almost everything, but they failed. Then my mother recommended the Cuticura Remedies. I washed my children's heads with Cuticura Soap and then applied the wonderful ointment, Cuticura. I did this four or five times and I can say that they have been entirely cured. I have another baby who is so plump that the folds of skin on his neck were broken and even bled. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had disappeared. I am using the Cuticura Remedies yet whenever any of my family have any sores, I can never recommend Cuticura sufficiently; it is indispensable in every home. I cannot find its equal. Mme. Napoleon Ducloupe, 41 Duluth St., Montreal, Que., May 21, 1907."

PAINFUL ULCER On Foot for a Year. Healed by Two Sets of Cuticura

"I had an ulcer on my foot for a year or more and it was very painful as it was a running sore. I had a doctor, but his treatment did not heal it. About eight months ago I commenced to use Cuticura Soap, Cuticura Ointment, and Cuticura Pills. I used two sets and it is now all healed up. Mrs. E. F. Ryder, West Brewster, Mass., April 29, 1907."

Another Sensational Turn.

Chicago, July 31.—A sensational turn was given the famous Billek case today when it was learned that Coroner Dupage of this county had secretly exhumed the body of Henry Emma, the late father-in-law of Mrs. Emma Vrzal Nieman, one of the three survivors of the Vrzal family, six members of which Billek is accused of having killed. The stomach of the dead man was turned over to two chemists, who are looking for traces of poison. Billek is still in prison, sentenced to death, but at the last minute Judge Landis decided he was entitled to appeal to the United States supreme court.

WHY SO WEAK?

Kidney Troubles May Be Sapping Your Life Away—Pendleton People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep your kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Pendleton testimony to prove it.

Mrs. E. J. Meiners, living at 501 Lewis street, Pendleton, Ore., says: "I have the utmost confidence in Doan's Kidney Pills as they proved of far greater value to me than any remedy I previously used. I was troubled for years with attacks of kidney complaint accompanied by a severe case of backache, and whenever I caught cold, or during any sudden change of the weather, my kidneys became affected and my suffering was intensified. Since learning of Doan's Kidney Pills I have not cause to worry about kidney trouble, as it only required a few doses of this remedy to quickly check any return. I keep Doan's Kidney Pills in the house at all times, procuring them at the Pendleton Drug Co. and am glad to recommend them to other sufferers."
