N. P. TAKES LIEU LAND IN IDAHO

TRANSFERS OREGON HOLDINGS FOR OTHER.

Takes 160 Acres of Desert Under Carey et in Exchange for Some of Oregon's Desert—Part of Ancient Railroad Land Grant—Not the First Instance.

A filing known as a lieu section of the Northern Pacific Railroad company, with headquarters in St. Paul, Minn., was made in the Boise land office yesterday, says the Capital News. It included 160 acres of desert land under the Carey act in the vicinity of Mountain Home and under the Mountain Home Beet Sugar company irrigation project. The land selected was in lieu of certain described land located in the state of Oregon and owned by the Northern Pacific railroad, being part of the grant which was given the railroad years ago in every other section along its proposed line.

This is not the first instance where Northern Pacific lieu script has been transferred to lands in Southern Idaho. In fact, Receiver Balderson states that many filings have been made on this script. The mammoth land grant given this railroad as well as other transportation companies in the west have created their scandals, and at the present time the government has started litigation against the Southern Pacific Railroad company, or the Harriman line, which traverses the entire western section of Oregon north and south to force this road to sell its valuable timber holdings including every other section of land along its route to bona-fide settlers. A settler or purchaser wanting lieu script from the Northern Pacific road pays as high as eight dollars an acre for the land and for this he is given transferable script which entitles him to file on land in any state, in lieu of land holdings which the road has. When this is done the government cancels the land which the road holds for the script issued for other lands. In many instances the script is issued by the railroads on lands along its road which are absolutely worthless, and may be a mountain peak. Nevertheless, the holder of the script is entitled to good land in another state. The filing made today was described as being in section 9, township 3 south, range 6 east.

When the lieu script is transferred by the railroad to the local land office it is presented in three different forms in which Thomas Cooper, whose signature appears on the script and who is land commissioner of the railroad land department requests that the holder be given a certain selection. The script is forwarded to the department at Washington and approved.

A number of years ago the local land office had to handle considerable so-called "Indian" or "half-breed" script, which was granted by the government to Indians and by them handed down from generation to generation in lieu of land which the red men had ceded to the government. This script is gradually becoming scarce, and little if any of it now appears in the local land offices.

UNCLE SAM'S EMPLOYEES ARE PROTECTED.

Washington, Aug. 1.—After a crusade which has been carried on for years, employees of Uncle Sam now have protection from their employer against injuries sustained in the service of the government. The liability act passed by the last congress becomes fully effective today and hereafter Uncle Sam's men engaged in hazardous work will be compensated while incapacitated by injury.

Under the provisions of this act any person employed by the United States as an artisan or laborer in any of its manufacturing plants, arsenals, or navy yards, or in the construction of river and harbor fortification work, in the reclamation of arid lands or the management and control of the same, or in hazardous employment under the Isthmian canal commission, shall be entitled to the same pay that he would be earning at work, in the event he is hurt and has to cease labors. It is provided, however, that no compensation shall be paid under this act where the injury is due to the negligence or misconduct of the employee injured, nor unless the injury shall continue for more than 15 days. All questions of negligence or misconduct shall be determined by the secretary of commerce and labor. It is further provided in the act, to assist the widow or children of any navy yard employe who shall succumb

THE USE OF SEXINE PILLS.

No man or woman who is nervous, weak or irritable should fail to take a treatment of Sexine Pills. The treatment costs only \$5 and it is fully guaranteed. Sexine Pills make you strong and happy. Price \$1 a box, six boxes \$5, with money-back guarantee. Address or call the Pendleton Drug Co. This is the store that sells all the principal remedies and does not substitute.

to injuries received in the service of the government.

The bill says in section No. 2: "That if any artisan or laborer so employed shall die during the said year by reason of such injury received in the course of such employment, leaving a widow or a child or children under 16 years of age, or a dependent parent, such widow and child, or children and dependent parent shall be entitled to receive, in such proportions and under such regulations as the secretary of commerce and labor may prescribe, the same amount, for the remainder of said year, that said artisan or laborer would be entitled to receive as pay if such employe were alive and continued to be employed. Provided, That, if the widow shall die at any time during said year her portion of said amount shall be added to the amount to be paid to the remaining beneficiaries under the provisions of this section, if there be any."

The act goes on to set forth that the superior in charge of any navy yard, arsenal or any other government department, shall report promptly all accidents to the head of the bureau or independent office, and the report shall pass through the regular channels to the department of commerce and labor, where it shall, in due course of time, reach the secretary, who is vested with authority to make investigations and adjustment.

In case of any navy yard accident which shall result in the death of the victim, the persons entitled to compensation under this act shall file affidavits of their relationship with the secretary of the department of commerce and labor within ninety days after such death, together with a certificate of the attending physician.

In case of incapacity for work lasting for more than fifteen days the injured party desiring to take the benefit of this act, shall, within a reasonable period after the expiration of such time, file with his official superior, to be forwarded through regular channels, an affidavit setting forth the grounds for his claim for compensation, to be accompanied by a certificate of the attending physician as to the cause and nature of the injury and probable duration of the period of incapacity.

It is further stipulated that any injured person shall submit as often as is required by the secretary of commerce and labor, at least once in six months, to a medical examination to be provided and paid for under the direction of the secretary of commerce and labor.

A Boon to Elderly People.

Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people, as it stimulates the urinary organs, corrects irregularities and tones up the whole system. Commence taking Foley's Kidney Remedy at once and be vigorous. Pendleton Drug Company.

All the news all the time in the East Oregonian.

THE AMOUNT OF YOUR "BELIEF IN ADVERTISING" WHICH IS PUT INTO TYPE IS WHAT COUNTS.

There is probably a clothing ad in today's paper that will remind you that your new suit is overdue. Meet the ad "face to face," and it will help you to meet the clothes problem that way.

It won't pay you to try to deal with a buyer who wants your property only half as much as "the right man" would want it.

Your store is NOT "big enough," or prosperous enough, unless your ambition and aspirations are under-sized.

There never was a day in any calendar when adequate advertising would do more for your store than it will today.
