BIG PEACH CROP IN MILTON COUNTRY.

Apples Will Be Bumper Crop Also—
Amended Complaint in Case of Peacock Mill Company Against Walla Walla County.

Milton, Aug. 4.—Peaches will be a bigger crop in this section this year than for some years. The trees are well filled. The importance of peaches is being realized more and more by the fruitgrowers of the valley, and they will assume a place of much more prominence than heretofore. Apples are also heavy this year.

Repudiates Tax Levy.

Amended complaint in the superior court by the Peacock Mill company against officers of Walla Walla county and city, in which plaintiff seeks to enjoin the city and county from collecting taxes on 13,000 sacks of wheat purchased from W. P. Reser, has been filed. The ground for the action is that the plaintiff did not own the grain in March when the taxes for 1907 were levied against W. P. Reser. The complaint alleged that W. W. Raymond, as agent for the Peacock company, of Milton and Freewater, made a proposition to W. P. Reser to purchase the grain on March 2, and on March 7 the delivery of the grain commenced. The taxes are state and county, \$113.76; school, \$91; city, \$136.50.

The defendants in the case are M. Toner, assessor; W. J. Honeycutt, treasurer; John McCaw, auditor; H. H. Hanson, J. L. Harper and George Struthers, commissioners; T. D. S. Hart, city clerk; Mike Davis, chief of police, and W. P. Reser.

THREE CURES OF SEVERE ECZEMA

Michigan Woman Tells of Her Brother's Terrible Suffering with the Disease—Grandchild and Another Baby also Permanently Cured.

CUTICURA REMEDIES PROVED INVALUABLE

"My brother had eczema three different summers. About the same time each summer it came out between his shoulders and down his back, and he said his suffering was terrible. He used different kinds of medicines that were said to be good for that disease, but nothing seemed to do him much good. When it came on the third summer, he bought a box of Cuticura Ointment and gave it a faithful trial. Soon he began to feel better and he cured himself entirely with Cuticura and has never been bothered with eczema since. He also used Cuticura to cure a bunch over his eye and a terrible corn which was so bad that he could not wear his shoe. A lady in Indiana heard of how my daughter, Mrs. Miller, had cured her little son of terrible eczema by the Cuticura Remedies. This lady's little one had the eczema so badly that they thought they would lose it. She used Cuticura Soap and Cuticura Ointment and it cured her child entirely, and the disease never came back. Mrs. Sarah E. Lusk, 67 Peckham St., Coldwater, Mich., Aug. 15 and Sept. 2, 1907."

GRAIN COMING ON A RAPID RATE.

Butter Creek Man Buys Five Cows for Dairy—Alfalfa Crop Is Good in This Section—Cement Work on Project Goes on at Rapid Rate.

Echo, Aug. 4.—Grain is now being brought into the warehouses by the wagon load from the surrounding country, where harvest has been completed. A few sales have been made at good prices, ranging from 73 to 77 cents up to this time. No extensive sales have yet been made, and the farmers are talking of holding on for awhile in most instances.

R. F. Wigglesworth, one of the big stockmen on Butter Creek, has returned from Western Oregon, where he had been to buy dairy cows. Since the reserve policy is cutting the stockmen down on summer range many of them have plenty of hay and will go into dairying instead of raising so many sheep. He has just made a purchase of 26 head of graded Jersey cows at an average price of \$7.50 per head, and he also purchased a registered bull at a cost of \$100. They are a choice lot, averaging 325 pounds of butter each for one year. Mr. Wigglesworth expects to increase his herd to 50 cows within a year, and he will market his butter at Echo.

Many of the people from here are away for the month of August, either in the mountains or at the coast.

The alfalfa has been turning out fine this season, and there will be all kinds of alfalfa hay for feed next winter. Hundreds of head of cattle will be fed here again next winter.

Make Good Headway.

Rapid headway in the cement work on the Umatilla project below Echo, where the ditch is being cemented for about 3,000 feet, is being made. There are over 50 men at work, and it will be completed by early fall.

Why James Lee Got Well.

Everybody in Zanesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband, James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it. Sold under guarantee at Tallman & Co.'s drug store, 50c and \$1.00. Trial bottle free.

BUY HERMISTON LAND.

Apples Grown Under Umatilla Project.

Hermiston, Aug. 4.—Land sales continue to go on in the Hermiston country, many outsiders buying continually, mostly in five and ten acre tracts. Dr. Holsington of Pendleton is among the latest purchasers, having arranged for a five acre tract. He is highly pleased with the conditions here, and he will immediately make improvements. He will probably build a cottage on the land this fall.

Apples on Project.

L. W. Furnas, one of the pioneers of this section, has been exhibiting Umatilla project. These are the first apple to have been grown on the project proper, although considerable fine fruit has been raised in the vicinity of Hermiston and the lands under the project. Three years ago Mr. Furnas set out a young orchard, and this year the trees are bearing. During the week he picked a representative specimen for examination.

H. A. Vincent of Portland, who is interested in lands under the project, is here this week from Portland.

A heavy increase of settlers is expected in Hermiston next fall, and they will now begin to come in from all directions when the colonist rates are on. Land sales have been going on all along, but a rush is expected in the fall.

Oliver P. Morton of the reclamation service was a Sunday visitor at Wenaha springs.

LODGE DRAWS BARS ON SALOON MEN.

Redmen Will Not Admit Liquor Dealers Hereafter.

Oregon Redmen have joined the 17 other state organizations of the order who have declared against admitting any one connected with the manufacture or sale of spirituous liquors into their ranks, and at the great council, which has just completed its sessions in Medford, followed the advice of the great council of the United States and passed a law to that effect. The law bars from membership any who are in any way connected with the liquor trade. The law does not affect those who are already in the order, merely referring to future candidates for admission. It is expected that the Washington council, in session at Everett today, will enact a similar law.
