BANNER APPLE CROP

OREGON WILL SHIP OUT 1,000 CARS IN 1908

The Output of the Season Will Be 400 Cars More than Last Year—Grande Ronde Valley Will Ship Out 300 Carloads, or Double the Number Shipped Last Year.

Oregon will have over 1,000 cars of fine apples to ship this year, as compared with about 600 cars last year. Crop prospects on the whole are favorable, though some sections of the state are doing better than others. Hood river will have its banner crop, though it was feared earlier in the season that some damage had been done.

The shipments from Hood River valley will be between 400 and 500 cars, against 200 cars in 1907. The Grande Ronde valley is preparing to send out 300 cars, double the number shipped last year, while Medford growers expect to dispatch about 200 cars, as they did last season.

In other apple sections of the state the conditions are reported as good or a little better than they were last season, though it is known that some varieties, Baldwins especially, will run lighter than last year in the Willamette valley, and it is also said the valley Newtons and Spitzenbergs will not produce the crop they did last year. Prices that will be realized on shipping stock will be governed by conditions in the eastern states, where the yields are reported to be comparatively light.

Apple men who are gathering information in regard to crop conditions in advance of the shipping season state that late reports give evidence of high prices for fancy western apples again this year.

It is stated that so far as New York and Missouri, which are big factors in the apple market, only show indications of an average crop, while that of Ohio, Indiana and Illinois is almost a failure.

At Grand Junction, Col., which is one of the greatest competitors of coast box apples in the west, the falling off in the amount of fruit shipped this year will, according to a report received from John F. Moore, manager of the Fruit Growers' association there, amount to 2,000 cars.

The Grand Junction district includes Fruita, Clifton, Palisades and Grand Junction. The normal shipment from there is from 2,500 to 3,000 cars, but it is stated by Mr. Moore that it will be less than 500 this year. Last year 800 cars were shipped from the district.

At Yakima, Wenatchee and other apple growing centers in Washington the crop is stated to be 10 per cent greater than that of 1907. Reports received from Oregon indicate good crops in some sections and light ones in others. In the eastern part of the state the recent hot weather and apple drop early in the season are reported to have done considerable damage. News from Medford conveys the information that apples there will be but 60 per cent of a crop. It is stated, however, that the fruit is of the finest quality ever known in that section.

At Hood river it was feared that the hot weather would damage the crop, but so far none has been reported. The output of fruit here this year will be double the amount of that shipped last season, owing to a full crop in old orchards and the fact that many new ones will come into bearing. The shipment is expected to be between 400 and 500 cars, as against 200 cars last year.

In quality the crop is said to show indications of being fully as good as that of last year, if not better. Blight is a disease that is practically unknown in the Hood river district.

It is said that August is the hardest month on eastern apple crops, and that reports of a shortage there now indicate that it will be still greater. It is also stated that all apple-growing sections on the coast will this year devote more attention to packing and grading, and that the finest shipments of apples ever sent out of the northwest will undoubtedly be sent to eastern markets this year.

If you take Kodol in the beginning the bad attacks of Dyspepsia will be avoided, but if you allow these little attacks to go unheeded it will take Kodol a longer time to put your stomach in good condition again. Get a bottle of Kodol today. Sold by Tallman & Co.

ANNIVERSARY OF CABLE.

Fifty Years Ago Today Atlantic Ocean Was Spanned With Electricity.

Valencia, Ireland, Aug. 5.—Leading men of Ireland and England joined today in celebrating the semi-centennial of the completion of the first Atlantic cable in 1858, the laying of which was commenced on August 5 of the previous year. The work was commenced at this point, although the original promoters were Americans, including Peter Cooper, Prof. S. F. B. Morse, Cyrus Field and others.

The vessels employed to lay the cable were the Niagara and Susquehanna of the United States navy and the British vessels, Leopard and Agamemnon. After sailing a few miles the cable snapped. This was soon repaired, but on August 11, after 300 miles of the wire had been laid out, it snapped again, and the vessels returned to Plymouth. In June of the following year a second attempt failed through a violent storm. The third voyage was successful. Junction of the continents was completed by 2050 miles of wire from Ireland to Newfoundland, August 5, 1858. The first two messages were from Queen Victoria to President Buchanan and his reply.

Read the East Oregonian.

TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well-Established Reputation.

For months Pendleton readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. H. Swaggert, living at 819 Garden street, Pendleton, Ore., says: "Both my husband and myself have used Doan's Kidney Pills with the most gratifying results. Mr. Swaggert was troubled severely with his back and kidneys for a long time and never received any relief until Doan's Kidney Pills were brought to his attention and he procured a box at the Pendleton Drug Co. They gave him great relief and he thinks very highly of them. I also used Doan's Kidney Pills and found that it only required a few doses to remove the lameness and pain caused from disordered kidneys. I really believe that kidney trouble would be less prevalent if more sufferers knew of Doan's Kidney Pills." (From statement given in 1905.)

Tested and Proven. Mrs. Swaggert was again interviewed on November 16, 1907, and said: "We still continue to use Doan's Kidney Pills and find them just as effective as when they first came to our notice. We keep them in the house at all times and really think we could not get along without them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Kentucky Farmers Organize.

Puduch, Ky., Aug. 5.—Kentucky farmers will gather here by hundreds tomorrow, and will organize a state farmers' union. The sessions will be held behind closed doors. It is proposed by the union to exercise the same control over the acreage and sale of other agricultural products as is already in operation among the tobacco growers. Leaders in the movement, however, deny any sympathy with the "night rider" and dynamite methods adopted by some of the tobacco planters, and will seek to accomplish their aims by peaceful methods.

Traveling Men Organize.

Milwaukee, Wis., Aug. 5.—Traveling men from all over the land are swarming into the Cream City today, attracted by a call for a convention to organize a National Association of Traveling Men. The amelioration of wrongs suffered by "drummers" at the hands of hotel men, railroad officials and others, is to be the object of the new body. The business session will begin tomorrow and last three days.

She Likes Good Things.

Mrs. Chas. E. Smith of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at Tallman & Co.'s drug store, 25c.

To Honor "Uncle Remus."

Atlanta, Ga., Aug. 5.—Admirers of the late Joel Chandler Harris all over the country are contributing to a fund for the erection of a memorial home for poor children near Aalntna. The institution will probably be known as the "Uncle Remus" Memorial home, and will have for its object the education and training of children of this and other states.

The grandmothers of the old Dutch Dunkard families of western Pennsylvania have made and used "Hickory Bark Cough Remedy" and reared their families on it for a hundred years. Now you can buy it of your dealers. Ask for it and use it, because it is pure; because it is the best cough remedy made today. Try it. For sale by any druggist and all dealers everywhere. Pendleton Drug Co.

Moving Pictures in Campaign.

Oklmulgee, Okla., Aug. 5.—William J. Bryan's "canned" speeches have been outdone by E. P. Stanford, candidate for republican nomination for congress in the Third district, who has utilized the moving picture machine as a producer of campaign enthusiasm. Stanford gives free shows in halls and school houses and follows with political speeches.

The old Pennsylvania Dutch Dunkars recommended "Hickory Bark Cough Remedy." Guaranteed to cure your cough, and guaranteed to be pure. Made from the bark of the shell bark or white hickory tree. For sale by any druggist and all dealers everywhere. Pendleton Drug Co.

Smokes Eighty Years; Quits. Chester, Pa., Aug. 5.—After smoking for eighty years A. W. Cromyell, aged 96, has decided that the use of the weed is a bad habit and has thrown away his pipes.

If you see it in the East Oregonian, it's so.

COMPANY TO CONCEDE THIS.

In each and every case where Seline Pills do not bring back strength and steady nerves to any man or woman who has used six boxes, the company will either give—without additional cost—six boxes more for more prolonged treatment, or will refund your \$5. The company has been doing this for years and still does so, without quibble or red tape. Besides, they do not want you to hesitate to send in your claim if necessary. The Pendleton Drug Co. endorses every word of this. This is the store that sells all the principal remedies and does not substitute.

THE AMOUNT OF YOUR "BELIEF IN ADVERTISING" WHICH IS PUT INTO TYPE IS WHAT COUNTS.

There is probably a clothing ad in today's paper that will remind you that your new suit is overdue. Meet the ad "face to face," and it will help you to meet the clothes problem that way.

If you have lived too long in one place, look at the furnished rooms advertised today—and get a change of scene.

It won't pay you to try to deal with a buyer who wants your property only half as much as "the right man" would want it.

Any quest by which you can make a "new test" of want advertising today? Think it over.

Your store is NOT "big enough" or prosperous enough, unless your ambition and aspirations are under-sized.

There never was a day in any calendar when adequate advertising would do more for your store than it will today.
