

# CLEANING UP THE CAPITAL

### PHYSICAL AND MORAL CRUSADE WAGED.

Unclean Lunch Rooms and Hotels Must Observe Common Sense Rules of Cleanliness - Restricted District Will Be Ousted From Business Part of City—President Roosevelt Swings Big Stick.

Washington, Aug. 6.—The national capital is being cleaned up—both physically and morally.

For the past three weeks the health authorities have been conducting a successful crusade against unclean lunch rooms and hotels. They have invaded the kitchens of nearly every public eating place in the District of Columbia. Filthy conditions almost unbelievable were found in many of the so-called first-class restaurants. A number of proprietors have been arrested and fined, and others have been forced to quit business. All have been ordered to put their kitchens in proper condition if they wish to continue serving the public. Clubs and even boarding houses have not been exempt from the operations of the official microbe chasers.

But the District house cleaning has not been confined to food purveyors. An anti-vice crusade is now on, said to have been ordered by President Roosevelt from Oyster Bay. Immediately adjoining the new municipal building, which was dedicated on the Fourth of July, and almost within a stone's throw of the White House, is Washington's red light district, which since the days of the civil war has remained practically undisturbed. It has been the scene of nightly orgies that hitherto have seemed beyond the ability—or inclination—of the police to control.

As a preliminary step in the campaign against the denizens of "the division," as it is called, Major Sylvester, superintendent of police, has ordered the streets in that section of the city cleared of loafers. Unless a pedestrian can give a legitimate reason for his presence in the locality after nightfall he is ordered to move on, or to go to the nearest police station. Hints have been given to the proprietors of illegal resorts that they will be allowed a reasonable time to move to another part of the city, or get out of town altogether.

The district government has for years believed in the policy of segregation of vice, and in line with this it is probable that a new red light section will be created in a part of the city further removed from the business and residence district.

Coincident with the cleaning out of "the division," a crusade against alien women living in vice has been started by the immigration bureau, also under orders from Oyster Bay. Several arrests have already been made of women, who, the authorities say, came to this country for immoral purposes. These, and others as they may be discovered, will be deported.

## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

### WHEAT YIELDS 100 BUSHELS.

Walla Walla Farmer Estimates Crop Near Julietta Idaho.

J. W. Langdon of Walla Walla, who is largely interested in wheat raising in Walla Walla valley, arrived at Lewiston last night from Julietta, where he has been investigating the famous "Alaska" and which is attracting world wide interest, says the Lewiston Tribune.

Mr. Langdon is enthusiastic in his praise of the new wheat and when questioned by a representative of the Tribune said:

"Mr. H. C. Baker of Walla Walla and myself spent two days looking over the Adams fields of the 'Alaska,' and in my opinion a conservative estimate of the yield will be double that of the ordinary varieties.

"When one first sees a large head of this 'Alaska' wheat it seems almost impossible to believe it is real wheat. It looks more like a whisk broom, as it is bearded wheat. Sowed under unfavorable conditions and at not to exceed forty pounds to the acre, one of the Adams fields looks like it would yield about 100 bushels to the acre. It was our intention to purchase a large quantity of the seed for planting lands in the Walla Walla valley, but we are obliged to content ourselves with only one bushel each, as that is the limit Mr. Adams has placed on sales to each applicant.

"I am taking some samples of the heads and grain for display at Walla Walla to show our valley farmers this latest wonder, and predict a great demand for seed among them."

### MAGNIFICENT ALBUM PAWNED.

Jewel-Bedecked Gift Presented to Bishop Barlin Is in Soak.

A scandal has arisen over some one putting in "hook" the magnificent and jewel-bedecked album presented to Bishop Barlin on the occasion of his consecration as bishop of Nueva Caceres, according to mail advices from the Philippines.

Mr. Barlin was the first Filipino to be raised to the purple under American ecclesiastical jurisdiction. On the occasion of his consecration a large number of people were asked to contribute toward the cost of an album in which should be inscribed the signatures of all those who desired to congratulate him on his elevation.

The album was gotten up at great cost and its covers were studded with precious stones. It was presented to Mr. Barlin, but the book was taken back to Manila under the pretense that there were others who desired to sign their names thereto. It is said that the book was left in the care of a prominent Filipino official.

Several Spanish and native papers now are demanding that a public accounting be made of the money collected and the amount expended for the album and its real whereabouts. It is charged that the silversmith who prepared the covers of the book and inlaid them with precious stones has not yet been paid for his material and work.
