IDAHO DEMOCRACY HELPLESSLY SPLIT.

Two democratic state tickets will grace the Idaho campaign this year unless overtures for peace made hereafter are fruitful. The state convention at Wallace has nominated two tickets—Dubois and anti-Dubois—and unless there is some kind of a patching up and smoothing over it is predicted that the republican ticket will carry the state easily.

When the Dubois convention re-assembled last night the following ticket was unanimously nominated:

Presidential electors: Henry Heitfelt, Nez Perce; Harry L. Day, Shoshone, and H. W. Lockhart, Bannock. Congressman: Frank Harris, Washington. Governor: W. C. Whitwell, Lemhi. Lieutenant governor: William Hunter, Latah. Secretary of state: Hesse Walling, Canyon. State auditor: Frank J. McBride, Bonner. State treasurer: William W. Brown, Idaho. Attorney general: Edwin McBe, Kootenai county. State superintendent of public instruction: Miss Edan Gillespie, Bingham. Inspector of mines: John Pressley, Shoshone. Justice of supreme court: John H. Flynn, Kootenai. United States senator: William W. Woods, Shoshone.

After naming a state central committee and adopting the campaign emblem as was used four years ago,

the Dubois convention at 11:20 p. m. adjourned without day.

Anti-Dubois Ticket.

The anti-Dubois convention was called to order at 3 o'clock, when the committee on credentials reported. This report favored the seating of the anti-Dubois delegation from Bingham, Bear Lake, Oneida, Owyhee and Fremont. The committee's report was adopted. Senator J. L. McCleary was made permanent chairman and Temporary Secretary Burroughs made permanent secretary.

The Anti's Ticket.

The nominating committee then recommended the following ticket: United states senator, C. O. Stockslager of Blaine; congressman, J. L. McCleary of Kootenai; governor, M. Alexander, Ada; lieutenant governor, C. A. Boyd, Bannock; secretary of state, W. W. Snell of Canyon; attorney general, Frank Moore of Latah; auditor, J. A. Bradbury of Idaho; superintendent of schools, Miss Gertrude Noble, Ada; treasurer, D. L. Evans of Oneida; mine inspector, Harry A. Moore, Shoshone.

The report of the committee was adopted, except that J. L. Sewell received the nomination for congressman and George Lamb the nomination for mine inspector.

The convention nominated as presidential electors J. C. Rice of Canyon; J. H. Hill of Nez Perce and Thomas Galloway of Washington.

ROCKAFELLER'S GENEROSITY.

Gives One Dollar Bill to Poor Woman on Boyhood Farm.

Cleveland, Aug. 7.—A new story of Rockefeller's generosity came to light today. It is related by William Krauss, who is poor, in debt and living on the farm which was the boyhood home of Rockefeller.

Rockefeller stopped at the place the other day and was greatly affected when he learned how the family was struggling under a heavy debt. Mrs. Krause told her troubles. Rockefeller pulled out a roll of bills big enough to choke a cow. "Please take money from me to pay off the debt," said Rockefeller, and he skinned off an old dollar bill and handed it to her.

For Portage Road Fund.

Salem, Aug. 7.—A check for \$1498.07 was received by the secretary of state this morning as a present from the Open River association of The Dalles, to be placed in the maintenance fund of the portage railroad.

When the railroad was put in operation in 1905 the association provided the equipment for the road, including an engine and 22 cars.

Was Cruel to Horses and Is Killed.

Los Angeles, Cal., Aug. 7.—After shooting and killing W. F. Beale, a wealthy rancher, at Walnut Center, Ollie O. Corley, son of a state senator of Oklahoma, is in jail here awaiting an investigation. The shooting followed a series of quarrels over Beale's cruelty to horses.

While Corley was working in the field Beale ran towards him with a knife and Corley fired the fatal shot.

Strike at Fernie.

Fernie, Aug. 7.—The carpenters are threatening to strike for higher wages. The town, which is being rebuilt with temporary shacks, will suffer a great disadvantage if the men go out. The smallpox cases have been isolated and fears of an epidemic have passed.

One Independent for Bryan.

Lincoln, Neb., Aug. 7.—M. E. Gibson, former congressman from Ohio, but now living in Portland, conferred with Bryan today. He was a delegate to the Independence league convention, and with Sheppard of Kansas was rejected from the convention because he wanted the convention to endorse Bryan.

SURVEYORS SWARMING IN PASCO COUNTY.

Railroad Lines and Irrigation Canal Levels Being Run in Every Direction.

Kennewick, Wash., Aug. 7.—In the vicinity of Kennewick the sagebrush is full of surveyors. Many of the crews are working on railroad lines, while others are running levels for irrigation canals.

For the Kennewick Northern, a new line incorporated by Jim Hill, to run from Adrian to this city, connecting with the Spokane, Portland & Seattle railway, the engineers are beginning cross-sectioning, and construction work is expected to start this fall.

The new road is the result of the Hill scheme to find a water grade to the coast for some of his Great Northern territory, and the completion of the Kennewick Northern will provide this cheap transportation. This new connection is made with the Great Northern and with

that road's feeders and the feeders of the Northern Pacific, practically all the wheat raised in Washington and Oregon will seek a market via Portland.

The activity of the Hill interests, it is believed, has stimulated the progress of the North Coast, which has several parties of engineers in this vicinity. The greater part of its right of way has been purchased, and the prospects are that there will be keen competition for this territory; Hill with his water grades to Portland having the apparent advantage.

Tramps Capture Train.

Sixty tramps captured a freight train on the Northern Pacific at Kalama, Wash., Wednesday morning and ran it 30 miles. During the trip they threw off all kinds of merchandise. None of the tramps have been captured.
