

NATIONAL PRINTERS MEET IN BOSTON

Boston, Aug. 10.—Union printers from every state and from Canada, England, Cuba, Porto Rico and the Philippines are the guests of Boston today, the assemblage marking the opening of the 54th convention of the International Typographical Union. For the first time, the London Society of Printers has sent a delegate to confer with the printers on this side of the ocean, giving the meeting more of an international character than it has ever had. Boston Typographical Union, one of the first organizations of printers, will celebrate its 60th anniversary during the week. All of the sessions will be held in Ford hall.

Following the formal opening of the convention today and the transaction of preliminary business, adjournment was taken until tomorrow and the delegates will spend the afternoon on a harbor and bay excursion. Tomorrow will be ex-delegates day and will be marked by a trolley trip to Lexington and Concord over the Paul Revere route. Many other entertainments will be held under the direction of Boston union No. 13. The local union, despite its hoodoo number, has had a highly successful career and is now in the best of condition. The local has prepared an elaborate souvenir booklet of 150 pages for distribution among the delegates.

The International Sterotypers and Electrotypers union will also hold its convention here during the week, as will the ladies' auxiliary of the International Typographical union. It is expected that the total number of delegates and visiting printers and electrotypers, with their families, will reach at least 5000.

As this is the first important convention held by any labor organization following the two national party conventions, it will be watched with especial interest to see if legislation will be introduced bearing on the two anti-injunction planks adopted at Chicago and Denver.

Various important questions are to be discussed, among them being the Sherman anti-trust law, the employers' liability bill, the eight-hour law for government employes, the use of injunctions, the printing paper question and the subject of insurance.

The union conducts a union printers' home at Colorado Springs, the first and only institution of its kind in the world, where aged and infirm printers to the number of 300 are cared for at no expense to themselves. The first old-age pension measure ever adopted by a trade organization in Boston have been recently adopted by the union and went into effect August 1.

Addresses will be made at the convention by labor men from all over the country. Representatives are present from the American Newspaper Publishers' association, with which the International Typographical union holds a special arbitration agreement running until 1912, which guarantees both sides against strikes or lockouts, and provides that any disagreement must be settled by arbitration. This agreement has been in force for about six years, having been renewed in 1907 for a second five-year term.

The selection of the place for next year's convention is eagerly sought for by Seattle, Wash., and St. Joseph, Mo., and boomers from both cities present, working to secure the convention.

The present officers of the International Typographical union are: President, James M. Lynch, Syracuse, N. Y.; vice-president, John W. Hays,

DOWNWARD COURSE.

Fast Being Realized by Bendleton People.

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders quickly follow; Diabetes and finally Bright's disease.

This is the downward course of kidney life.

Mrs. Laura McClure, living at 1313 Madison avenue, La Grande, Ore., says: "I have used Doan's Kidney Pills off and on for three or four years and the best possible results have always been obtained. Any over-exertion or the contraction of a cold often served to bring on backache and at such times by kidneys would be weak and I would be greatly annoyed by dizzy spells. I would be restless and nervous and as a result of the loss of sleep, would arise in the morning feeling tired and worn out. Learning of the merits of Doan's Kidney Pills, I procured a box took them according to directions and they relieved me at once. I have kept them in the house since as I have the greatest confidence in them. When I feel any of the attacks coming on I immediately resort to Doan's Kidney Pills and they never fail to give the desired results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other

Minneapolis; secretary-treasurer, John W. Bramwood, Denver.

The Typographical union is a free association of economic equals, men and women, for be it known women are admitted to membership in this organization upon the same basis as are men, one of the cardinal principles of the union being equal services performed. The international union is composed of unions scattered throughout the United States and Canada and its jurisdiction extends from Alaska to the Philippines. Each local union administers its local affairs in conformity with international rules and regulations, said rules and regulations being developed by the combined local unions and administered by a central body known as the executive council in the interest of all the locals. This executive council is composed of certain of the international officers, who are elected by the referendum for terms of two years.

CHARGES J. P. MORGAN WITH HIS RUIN.

Steamship Man Says He Is the Victim of Conspiracy.

New York, Aug. 10.—Magistrate Corrigan is expected to announce a decision tomorrow in the case of Frank Zotti, the Croton banker and steamship man who was recently tried on a charge of grand larceny. Zotti claims to be the victim of a conspiracy to ruin his business and named J. P. Morgan as one of the conspirators. No defense was made at the trial, attorneys for Zotti claiming that the prosecution failed to prove its case. If Zotti is acquitted, it is alleged the "conspiracy" charge will be laid before the grand jury.

At the previous hearing Zotti had said there was a conspiracy to wreck his business, and Postal Inspector Kinkade said that Zotti told him that J. P. Morgan was the man responsible for the wrecking of his steamship Brooklyn, plying between this city and Mediterranean ports. The Brooklyn went ashore on one of the Azores about two years ago. Zotti has also said that "three Pittsburg men" had conspired against him. Kinkade said that he had ten complaints a day for a while from some of Zotti's customers. He said he showed a list of the complaints to Zotti and that the banker promised to pay all the complainants. The complainants later told the inspector that when they went to see Zotti they were put out of the bank.

Excellent Health Advice.

Mrs. M. M. Davidson, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Tallman & Co.'s drug store. 50 c.

STANDARD OIL SUIT.

Governor and Attorney-General of Oklahoma in a Squabble.

Guthrie, Okla., Aug. 10.—Arguments will be heard today by the Oklahoma supreme court on the right of Attorney-General West to bring an injunction suit in the state's name against the Prairie Oil & Gas company, a Standard Oil subsidiary without the approval of the governor. It is declared by Governor Haskell that the suit will be inimical to the best interests of Oklahoma.

The injunction suit brought by West is to restrain the Prairie company from building additional pipelines in Oklahoma without first becoming a domestic corporation. The district court, in a decision, upheld West's jurisdiction and asserted that he was qualified to bring such suits in the state's name without the authority of the governor. Governor Haskell's interference is bitterly denounced by Attorney-General West.

To Nominate Congressman.

Louisville, Ky., Aug. 10.—Democrats of the Fifth Kentucky district are holding their congressional convention at the Seelbach today. Representative Sherley, who at present represents the Louisville district in congress is opposed for the nomination by Harmon D. Newcomb.
