**SUNDAY REST  
WAS A FARCE**

TWO NIGHTS SLEEP LOST  
TO BE COOL ONE DAY.

About 100 Pendleton People Are More Tired Today Than They Were Saturday Evening—Many Weary Hours Spent in Waiting for Late Train at La Grande, Kamela, Meacham and Bingham.

There are about 100 mighty "sore" people in town today as a result of a broken passenger engine on the O. R. & N. near Durkee last night.

Beginning at La Grande and extending the entire length of the O. R. & N. system to Bingham springs station, there were waiting Pendletonians at every station last night and the train on which they rode to Pendleton this morning did not arrive until 5 o'clock. "And thereby hangs a tale."

Early in the evening No. 5 was reported on time but at 8:30 the passenger engine broke down near Durkee and a slower freight engine was taken to bring the train in to La Grande. At that time the train was marked up an hour late.

Then began the cheerful work of keeping warm at the Pendleton camps at Meacham and Bingham springs. It was a cold night on the mountains and wood was scarce and it was difficult to keep the bonfires replenished while waiting for the train. But the weary watchers, grown angry long ago, still piled on the wood and still listened for the whistle of the train.

But still the freight engine lagged with the heavy train and it was 12:30 when the first bunch of Pendleton people found seats and closed their eyes for a brief snooze leaving La Grande.

In the meantime the bonfires blazed and the Pendletonians shivered and waited at Meacham and Bingham springs and finally about 2:30 a. m. the 50 picnicers at Meacham after having burned up all the old lumber, ties, brush and every other combustible article tributary to the station, sleepily smuggled down into their seats and pulled their hats over their eyes, secretly vowing that it was their "last time" in the mountains.

But still the misery continued at Bingham springs where a large party still pressed the hard boards of the depot platform, turning an anxious ear toward the mountain occasionally to listen for the sound of the lagging train.

It was about 3:30 when the last weary Pendletonian on the mountain division of the O. R. & N. climbed into the coach, madder, colder and perhaps wiser than ever before this season.

**To Work for the Normal School.**  
President Robert C. French of the Weston Normal school passed through the city Saturday on his way to Baker City for a brief business trip in the interest of the normal, after which he will make a canvas of Union and Walla counties for students. The prospects for the coming year are exceedingly bright and the largest attendance ever enjoyed by this excellent school is anticipated.

**Addition to Home Finished.**  
The second story which has just been added to the home of J. E. Kennedy at 404 East Webb street, is now complete and ready for occupancy. L. Dunlay, the well known carpenter and contractor, had the contract. The addition gives the residence a very attractive appearance.

**New Engines for Mountain.**  
Engines 304 and 305, of the compound type, which were formerly used on the mountain division of the O. R. & N. are in the city today on their way to La Grande, where they will be used for freight service. They have recently been thoroughly overhauled and are in excellent condition.

**Off on a Vacation.**  
Ticket Clerk M. Smith of the O. R. & N. offices, accompanied by Mrs. Smith and family, left Saturday for White Salmon, where they will spend a few weeks on their ranch. Operator Alfred Noth is acting as ticket clerk in Mr. Smith's absence.

**SHEAF GRAIN DECORATIONS FOR THE DISTRICT FAIR**

The decoration for the interior of the district fair pavilion this year will be sheaf grain and not evergreen boughs as heretofore. The commission just decided on making this commendable change in the decorations and today Secretary Thomas Fitz Gerald ordered three large wagon-loads of sheaf grain for that purpose.

The entire inside of the huge pavilion will be decorated with this dress and when complete will give an appropriate and attractive appearance to it. Heretofore evergreens have been used and have been attractive as decorations, but the commission, ever on the lookout for something new,

has decided that the banner wheat county of the state shall have a fair pavilion in keeping with its reputation and so will have a sheaf grain palace for this fall's fair.

Donations of sheaf grain for this purpose will be gladly accepted and the donors will be duly credited for the same.

The fair commission also ordered one bushel of the famous Alaska wheat which it is alleged has just been originated at Juliaetta, Idaho, that Umatilla county farmers may witness this wonderful grain. After the fair the exhibit will be distributed among interested farmers for seed.

**ANOTHER LAND CONSPIRACY CRY.**  
(Continued from Page 1.)

took the matter to Washington and insisted on a hearing.

There is no doubt that unless immediate measures are taken by the United States to decide the matter peaceably there will be serious trouble. The squatters claim that they have already been to great expense and have absolute assurance that their claims will be recognized.

The land in question amounts in value to about \$7,500,000, the present valuation being based on the price of stumpage.

**WILLIAM RUTHER IS DEAD.**

Victim of Threshing Machine Accident Expires at St. Anthony's Hospital.

William M. Ruther, the threshing machine man whose skull was crushed in an accident at his machine near Myrick last week, died at the hospital in this city early Sunday morning, after lingering for more than two days in an unconscious condition.

The deceased was 49 years of age and leaves a wife and five children. He was born in Germany and had not lived in this country long.

The funeral will be held tomorrow, the procession starting from the Baker & Folsom undertaking parlors at 10 o'clock. The interment will be in Greasewood cemetery and the services will be conducted by Rev. George W. Sprattier, the German Lutheran minister.

**FINED 30 DAYS AND COSTS.**

W. C. Loper Pays Heavy Penalty for Destroying Wheat Sacks.

Because he maliciously destroyed 13 sacks of wheat belonging to J. Hanscomb, for whom he had been working, W. C. Loper was sentenced to serve 30 days in the county jail and pay the cost of his trial, amounting to \$14.85, by County Judge Gilliland Saturday evening.

It is alleged that there was a difference of 45 cents between Loper and Hanscomb, which Hanscomb refused to pay because he did not believe he owed it, and to "get even," Loper, it was shown, had maliciously cut open and destroyed 13 sacks of wheat belonging to his former employer. Acting District Attorney Charles J. Ferguson conducted the prosecution of Loper.

**WOMAN ASSAULTED IN HER OWN HOUSE.**

Victim Was Knocked Unconscious and Awoke to Find House Ablaze.  
San Diego, Cal. Aug 10.—For the third time within 60 Mrs. Mearle Wetmore, wife of a street car man, was last evening the victim of an assault, presumably by the same man, at her residence on 30th street, and National avenue. After the first assault, a warrant was issued for Louis Serbel, but it has not yet been served.

Last night when Mrs. Wetmore and her baby were alone in the house, a man entered and knocked her unconscious. When she regained her senses she found the house was on fire. She snatched the baby from the bed, which was burning and made her way to the street. The fire department extinguished the flames. An investigation showed that the room had been fired in four different places.

**MRS. FOLSOM DEAD**

FORMER PENDLETON WOMAN DIES IN WASHINGTON.

Funeral Held at Pilot Rock under Auspices of Rebeccas—Practically Raised in This County—Survived by Husband and Three Children.

Mrs. William Folsom, wife of the well known Umatilla county pioneer and former county recorder, died Saturday at Medical Lake, Wash., as a result of nervous trouble, and the remains were brought to this city Sunday morning, the funeral occurring today at Pilot Rock, their old home, under the auspices of the Pauline lodge of Rebeccas of this city of which she was a member, and of the Church of the Redeemer, Rev. Charles Quinney of that church conducting the religious service.

Mrs. Folsom was practically reared in this county and lived at Pilot Rock before coming to this city several years ago upon Mr. Folsom's election as county recorder. Her maiden name was Mollie Johnson, and her people now live near Lewiston and Peck, Idaho. One brother, C. M. Johnson of Denver, arrived in the city last night and attended the funeral today at Pilot Rock.

Besides her husband she leaves three children, Percy and Jack, sons, and a daughter, Jessie. Percy was at American lake with Company L of this city when the news of his mother's death reached him, but was notified in time to attend the funeral.

Mrs. Folsom was well known and beloved in this city, where she had a large circle of friends. The local lodge of Rebeccas of which she was a member accompanied the remains to the O. R. & N. depot this morning in a body, and a number went out to Pilot Rock. The floral tributes from the Rebeccas, Odd Fellows and friends were very beautiful.

Mr. and Mrs. Folsom recently sold their property in this city and moved to Kennewick, where they purchased a valuable tract of irrigated land, where they have resided for the past year.

**PROF. FARGO RESIGNS FROM HIGH SCHOOL FORCE.**

Prof. W. F. Fargo of the scientific department of Pendleton High school today handed in his resignation to Clerk Lot Livermore of the school board and will accept a teaching position with the Monmouth state normal school.

The school board has several applications for this important position and from among this number will be able to select an exceedingly strong man for the place made vacant by Mr. Fargo. As this is one of the leading departments of the High school, care will be taken to secure a capable man and the board will at once correspond with the teachers who have applied. Mr. Fargo has been an active, capable member of the High school faculty and his departure is regretted by a large circle of friends.

**Five Circus Trains.**

The Barnum and Bailey circus, which is performing at Baker today, and which will come to La Grande for tomorrow, has 90 cars or five trains of cages, cars and coaches. The O. R. & N. will handle the trains from Huntington to Spokane including the stops at Baker, La Grande, Walla Walla, Coifax, Moscow and Spokane. This is the largest number of trains ever hauled by one circus company over the O. R. & N. and the officials are giving special attention to the movement of the trains over the system. The five trains will pass here Tuesday night on the way to Walla Walla.

**SENATOR E. W. HAINES WAS TEMPORARY GOVERNOR**

Governor Chamberlain and Secretary of State Benson Out of State.

The Salem correspondent of the Portland Telegram discovered Saturday that in the absence of Governor Chamberlain and Secretary of State Benson, State Senator E. W. Haines of Forest Grove was acting governor of the state, and called attention to the fact in the following dispatch:

Senator E. W. Haines of Forest Grove will probably be glad to learn when he reads this item that he is serving the state in the capacity of governor, has been since yesterday morning, and will continue to bask under that honorable title until tonight, when Governor Chamberlain will return from his trip into Washington, where he inspected the Oregon building at the Alaska-Yukon-Pacific exposition site, and the Oregon lake. Secretary of State Benson is in California taking a brief vacation, and Governor Chamberlain left for Seattle yesterday morning, leaving nobody to serve as governor except Senator Haines, who, as president of the senate, is next in line of promotion. Governor Chamberlain, however, is in direct communication with his office at all times, and will cross the state line again tonight.

**TWIN FALLS MAN STUNG IN DENVER.**

Bets on a Fake Wrestling Match; Loses, but Recovers His \$5000 with Aid of the Police.

A press dispatch from Denver says that James Gallagher, who was fleeced out of \$5000 in a fake wrestling match, was told at the police station Saturday that the money had been recovered. Gallagher, a liverman of Twin Falls, Idaho, was given a tip on the match by John Kern and George McLaughlin several days ago. He transferred his bank account, which amounted to a few dollars more than \$5000, to the Denver bank. It was later bet on the "sure thing." His man lost and he was penniless. He had started home, when on the train he met a Denver lawyer. He was advised to return and report the affair to the police. Gallagher alighted from the train at Brighton, returned to Denver and made a complaint to Chief of Police Armstrong.

All the news all the time in the East Oregonian.

**Caught Two Monster Trout.**

W. D. Humphrey, the well known barber, who is also one of Pendleton's expert fishermen, caught two fine trout in Looking Glass creek yesterday while attending the O. R. & N. conductors' excursion at that place. One of the trout measured 18 inches and one 15 inches. They were the largest caught during the day, although several hundred fine specimens were captured.

If you see it in the East Oregonian, it's so.
