FAIR EXHIBITS WILL BE LARGE

Two Advertising Wagons Are Getting Good Results for Big Exhibition.

MANY SAMPLES GATHERED AND INTEREST AROUSED.

Calves, Cots, Wheat, Oats, Melons and Poultry Will Be Entered for Prizes in Larger Number than Ever Before—Great Interest Being Aroused Among Farmers and Prospects for Success of Fair Were Never So Bright.

That the two advertising wagons sent out by the district fair commission are getting results is shown by the reports being sent in from different parts of the county to Secretary Thomas Fitzgerald by the agents in charge of the wagons.

S. H. Warner, who left here Monday night with the second wagon for the north part of Umatilla county and Walla Walla county, writes that he has secured a large number of samples and has enlisted large numbers of prominent farmers in the fair.

William Piper and John Pierce of Adams will have good exhibits of wheat. The Piper wheat tests 62 pounds per bushel.

W. P. Wahlgren will make an exhibit of fine calves; Mrs. M. E. Pierce will exhibit cots; F. T. Roge will bring in a large quantity of sheep; M. E. Pierce will exhibit water-melons, musk melons, cabbage, potatoes and onions; Hargus of Juniper will exhibit wheat; D. H. Sands will exhibit wheat and other products, and Dr. Griswold of Helix will exhibit some fine poultry.

Harry Norwood has secured the pet deer belonging to Mrs. Connell of Ukiah for the fair exhibit, and W. E. Pierson, the hotel man of Ukiah, will act as agent for the fair in the south part of the county.

Dave Nelson, north of the city, will make a good exhibit of wheat; H. C. Carpenter will exhibit oats; Andy Larsen will exhibit wheat, and other farmers of the north part of the county will make good exhibits of farm products.

The reports from Pilot Rock and Birch creek are exceptionally favorable. Both newspapers at Pilot Rock, the Record and the News, are enthusiastically supporting the fair, and the farmers and stockmen of that locality are going to collect good exhibits, and that rich section will make a showing which it is hoped will even surpass their excellent exhibit of last year.

Irrigation Exhibit.

D. B. Costuma, agent for the Furnish-Coe lands in this city, arrived from Portland this morning and stopped on the way at the Furnish-Coe Irrigation project long enough to arrange for a fine exhibit of irrigated products. Glass jars for grains and fruits were brought out from Portland by Mr. Costuma, and the work of collecting an elaborate display of the products of the irrigated section is now in progress.

The west end of the county will have a fine display and it is believed that as many as 100 samples of irrigated products will be shown. The outlook for the fair is now excellent.

cellent. The Milton-Freewater district has a fine crop and will make a creditable exhibit, as it has always done. Morrow county will bring a good exhibit, and the livestock display this year promises to be exceptionally good. Ample room will be provided for all exhibits, and the farmers are urged to take an individual interest in the collection of exhibits.

RAISE INSURANCE RATES.

Canadian Companies to Recuparate from Fernie Losses.

Winnipeg, Man., Aug. 12.—Word was received here this afternoon that the Canadian Fire Underwriters' association today in Toronto considered seriously the situation arising out of the \$3,000,000 losses sustained at the Fernie fire, and increased rates were decided upon. Partly for this reason and partly because the association regarded existing rates on grain in elevators in the western provinces too low, it was decided to increase the rates 33 per cent on that class of insurance, to become effective immediately on all new policies written.

The present rate on this business is 99 cents, and the new rate will be \$1.32. The report of the increase in grain and elevator fire insurance rates in Manitoba, Saskatchewan and Alberta was received here with consternation.

In local insurance circles it is explained that adjusters from Toronto and Montreal, Seattle and Vancouver have gone to Fernie to adjust losses. Much of this loss will fall on Pacific coast companies. They too will reap part of the increased premiums from the grain and elevator service in the Pacific provinces, due to the new order of things.

REGULARS WIN IN BOTH PARTIES

POLITICAL INSURGENTS ROUTED IN CALIFORNIA.

Primaries in Golden State Show Old Organization is Still in Power and That Kahn, Hayes and Perkins Will Undoubtedly Be Renominated.

San Francisco, Aug. 12.—Returns today confirm the victory of the "regulars" in both the republican and democratic parties at the primaries yesterday. The Lincoln-Roosevelt league lost 13 out of 18 districts in the city and the regular democratic people in the city carried all but five.

The result practically insures the renomination of Congressman Kahn of San Francisco and Hayes of San Jose, and United States Senator Perkins by the republicans. Gavin McNab regained control of the democratic party.

TURKEY FLEEDED BY OFFICIALS

Sultan Called Upon to Surrender Half of His Private Fortune.

REFUSES BUT AGREES TO MORTGAGE PROPERTY.

Loaded With Millions Fled From Country, Robber Officials Are Fleeing in Every Direction by the Hundred—Many Being Arrested—Estimated that Country Has Been Robbed of \$200,000,000 Through Corruption in 20 Years.

Constantinople, Turkey, Aug. 12.—Charging mismanagement on the part of the ousted government officials as being responsible for the depleted treasury, a committee of young Turks today demanded that the sultan surrender half his private fortune for the rehabilitation of Turkey. The sultan refused to consider the demand but promised to mortgage his private property for a sum greater than the amount desired. The offer satisfied the committee.

Loaded with millions stolen from the country, the grafting officials responsible for the losses are scurrying in every direction for the frontier. A hundred of them are fleeing. An average estimate by a person in touch with the Turkish government affairs is that the country has been robbed of \$200,000,000 through official corruption in 20 years. This does not include the cash squeezed from the people by terrorism and blackmail. Many are being arrested.

Strike breakers are being imported in increasing numbers from the United States. No violence has been reported.

BRYAN ACCEPTS THE CHALLENGE

Nebraskan Officially Notified That He is the Democratic Standard Bearer.

SHALL THE PEOPLE RULE? IS THE PARAMOUNT ISSUE.

Henry D. Clayton of Alabama Tells Great Silver Tongued Commoner that He is a Fitting Candidate on a Platform for Which No Apologies Are Necessary and Which Needs No Personal Views to Supplement It—Calls upon Him to Fight for Equal Rights.

Lincoln, Neb., Aug. 12.

The program for the notification of Bryan of his nomination today was as follows: Sunrise salute of 46 guns, one for each state.

9 o'clock—breakfast in honor of Bryan, Kern and committee.

10:30—Bryan and Kern confer with the committee.

12 m.—Luncheon.

At 1:30 the candidate and committee, led by a brass band, formed a parade from the hotel to the state capitol grounds.

4 p. m.—The candidates held a reception at the capitol.

6 p. m.—Bryan was the host of 2500, the committee and a few others at Fairview farm.

Lincoln, Aug. 12.—Amid cheering of thousands about the platform, Bryan walked to the front in the capitol grounds and raised his voice so he could be heard some distance.

Clayton's notification speech occasioned the first demonstration and in his closing words Bryan threw all his dramatic power in his voice and fairly lifted the crowd from its feet.

Clayton in delivering the notification speech, said in part: It is hardly worth while to say, sir, that in the judgment of your party associates and in the opinion of our countrymen you, as our candidate, fit our platform. And it is equally gratifying that there is nothing in the platform calling for apology.

There is nothing that you would avoid or run away from. There is nothing omitted that you need supply by giving your individual view. In these respects you have a tremendous advantage of your republican opponent.

Standing on such a platform, possessed of an abiding conviction that our cause is just, you will draw the keen blade of righteousness and truth, throwing away the scabbard, fight for the principle of equal rights to all and special privilege to none. Your party has emphatically refused to form any alliance with special interests that enjoy special privileges under republican administration. You have always refused to compromise with those who prostitute the functions of government for the lust of greed.

It was your lofty statesmanship, your unwavering fidelity, your Jeffersonian standard of democracy, that induced the representatives of millions of American freemen unanimously to choose you as their candidate for the highest office in the world.

Republican Challenge Accepted. In his reply Bryan said in part: The distinguished statesman who received the republican nomination for president said in his notification speech: "The strength of the republican cause in the campaign at hand is the fact that we represent the policies essential for the reform of known abuses, of the continuance of liberty and true prosperity, and that we are

SHEEPMEN TO BUILD WOOL WAREHOUSES

An important meeting of sheepmen is to be held in Salt Lake August 25, at which a national storage movement is to be started for the purpose of putting an end to the bear movement in the wool market, which the sheepmen say takes place every spring about shearing time and usually results in heavy loss by the sheepmen of the west and a proportionate profit to the buyers, to whom the maneuvering to keep down prices at the time the wool is passing from the control of the producers is credited. The call has been issued by Secretary Walker of the National Wool-growers' association, whose headquarters are at Cheyenne, Wyo., stating that the executive committee of the organization would meet in Salt Lake August 25. Many representatives from surrounding states will also be in attendance at the meeting.

The movement for a national storage system is the outcome of the success which the Utah sheepmen met with this spring, they having organized and stored their wool instead of selling it at the low prices offered by the buyers. As a result the price was raised from 8 to 14 1/2 cents.
