OFFICEHOLDERS MENACE NEGROES, SAYS PASTOR.

The Rev. Mr. Waldron Declares Colored Men Have Been Warned Not to Oppose Republicans.

The Rev. J. Milton Waldron, negro pastor of Shiloh Baptist church, made the charge in an address yesterday that certain government officials had used threats to stop colored churchmen from opposing the republican party and that lists of government employees are being made with the idea of discharging all who do not remain loyal to the party, says a report from Washington. He said:

"Several men in this city holding high positions under the government have recently approached members of Shiloh and of one or two other churches who are under them and advised that they 'put a muzzle on these preachers.'

"I protest against the effort on the part of certain government officials and employes to intimidate the pastor of Shiloh Baptist church and the few other ministers in this city who are opposed to the party in power, because of its hypocrisy, corruption and high-handed jugglery with the constitution."

When asked to name these "government officials and employes" Mr. Waldron declined.

"I am told by friends that these threats have been made by government employes," he said. "But my informants are government employes. If I should tell the names of the men trying to intimidate us those who told me would lose their positions. But I regard the information as reliable."

He added that he had not been directly approached. Two of the government officials, he said, are employes of the interior department. One is high up and has much influence. The other, a colored man, has much influence among the members of his race.

Mr. Waldron is president of the National Negro-American Political league.

TRIBESMEN HOLD UP SHAH.

Men Sent as Guards Demand Big Sums of Money—Denied Visit to Harem.

St. Petersburg, Aug. 12.—Special dispatches received here from Teheran give a tragic-comic description of the position of the shah of Persia, who is virtually a prisoner in the hands of wild tribesmen summoned to Teheran to protect the throne against the revolutionists, but who have become a greater menace to the monarch than his other foes.

The tribesmen are extravagant in their demands for money, which the shah is unable to grant, and they threaten to destroy the palace and pillage Teheran. The \$250,000 secured from the Russian bank recently as a loan on the crown jewels of Persia already is exhausted. General Liakhoff's Cossacks are unable to make any headway against the tribesmen, who have refused to permit the shah to leave the camp at Bade Shakh for Sultana Bad, where the harem is now staying.

Famine is reported to be imminent in Southern Persia, and this promises to bring about a crisis in political affairs in the autumn.

A dispatch received today from Tabriz says that severe fighting, in which the recently arrived constabulary of the shah participated, continued Sunday and that the revolutionists sustained heavy losses in men and some guns.

MILLERS OFFER 94 CENTS.

Nothing Stirring in Local Wheat Mart When This Price is Quoted.

Portland millers are offering 94 cents for bluestem and Turkey Red today and 90 cents for club, says the Oregon Daily Journal.

Little wheat is being delivered at these prices. The market is at a standstill today. The growers refuse to let go at any market price yet offered, and if they were to be threatened with a dollar a bushel at this time it is doubtful if anything would be shaken loose.
