COOKE IS IN JAIL.

New York Land Fraud Artist to Answer for His Crimes.

A New York dispatch says of the case of Henry Cooke, the land fraud artist recently arrested in Baker City, on complaint from New York: Held on \$5000 bail for trial on a charge of conspiracy to violate the timber lands act, Henry Cooke, president of the Oregon Ranching & Timber company, with a New York office, who was arrested on July 11 in Baker City, Ore., was committed to prison today.

Cooke arrived from the Northwest last night in the custody of Deputy Marshal Nicholson of the Oregon district, A. G. Marshal, jointly indicted with Cooke, on July 18, surrendered to the authorities and was released on \$2000 bail.

The alleged scheme which resulted in the indictments against Cooke and Marshal was the procuring of residents of this and other states to go into Burns county, Ore., and there take up tracts of government timber land under a guarantee that in three months thereafter the Oregon Timber & Ranching company would purchase the land at a higher rate than the original cost.

To procure such a transfer of timber land the purchasers would be obliged to commit perjury, and when discoveries were made of that nature the federal government acted in the matter.

BUSINESS COLLEGE OPENS.

Excellent Commercial Education to Be Secured in Pendleton in Short Time.

That Pendleton Business college will be equipped to furnish a thorough business education in a shorter time than ever before is the statement of Miss M. M. Slattery, proprietress of this well known institution.

The college year will open early in September and a large number of students are now ready to enroll with the beginning of the year. All of the commercial branches are taught in a thorough manner and under the improved methods of teaching in which individual instruction is given, it is possible to graduate bookkeepers in six months, stenographers in four months and other branches in a proportionately short time.

Miss Slattery is now in Spokane, but will arrive in a short time to open the school here. Catalogues may be had by writing to Pendleton Business college, Pendleton, Ore.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
