

# FREEWATER ADVICES

## NEW SCHEME OF IRRIGATION IS ADOPTED.

**Old Elevator Is Sold for \$600 to the Peacock Mills Company and Will Be Moved to the Mill—Street Will Be Opened Up—Big Exhibit for the Fair—More Right of Way Deeds.**

Freewater, Aug. 14.—R. R. Collins, who owns a small fruit tract half a mile from the city, will install a new and novel irrigation scheme this fall if his present plans are carried out. He does not have an abundant supply of surface water for irrigating, and so he will install a pumping plant with a tank holding from 3000 to 4000 gallons of water and elevated about 15 feet above the surface of the land.

From this tank he will lay a 2-inch pipe the length of his fruit tract, and from this 2-inch pipe he will lay a series of 3/4-inch pipes the full length of the tract about 20 feet apart. To these smaller pipes will be attached hydrants, from where garden hose will spray water all over his berry plants. In this way he will waste no water by having it run through the ditches and he will be able to cover the tract completely by means of shifting the hose from place to place.

He believes that he will save a large quantity of water and that he will always have a plentiful supply to irrigate his tract well when it needs it. A plentiful supply of water is to be found about 20 feet under the surface and it is possible to pump enough with a small pump to supply a good sized berry tract.

### Old Elevator Is Sold.

The Pacific Coast elevator, which has stood on the track between this place and Milton for the past 20 years and which has been unoccupied for the past 12 years, has been purchased for \$600 by the Paddock Mill company and will be moved to a site near the mill in a short time. It will be converted into a warehouse and will be used for grain and flour storage rooms by the mills.

When the elevator is moved away a street will be opened up over its present site, connecting Milton and Freewater with a direct street. The elevator building now stands in the middle of the proposed street.

### Securing Right of Way.

A. S. Pearson, who represents the electric line company at this place, will secure a number of right of way deeds from farmers between here and Weston as soon as they return from the mountains, where they are now camping. With the opening of the fall season renewed energy will mark the progress of securing right of way and promoting the electric line west of this place.

### Title Is Cleared Up.

Title to 40 acres of raw land just west of the city, now belonging to Conductor Gordon Menzies and Fred Snyder, has just been cleared up and the owners will develop it and sell it in small tracts. It is gravel land, but produces fruit and berries in abundance. Water for irrigation will be pumped from wells, and when it is once irrigated it will be one of the choice tracts of this section.

### Preparing for the Fair.

Farmers and orchardists in this section are preparing to make a fine exhibit at the Umatilla-Morrow county district fair to be held in Pendleton this fall. The crop of grain, fruits and vegetables was fine, and a good

### NATURE TELLS YOU.

**As Many a Pendleton Reader Knows Too Well.**

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Mrs. G. W. Prossper, living in the western part of Elgin, Ore., says: "Doan's Kidney Pills have proven a priceless remedy to me. Kidney complaint troubled me from infancy and I was gradually becoming worse. I never knew a remedy that would give me relief and every moment of my life was spent in misery. I was troubled with dizzy spells, my back ached severely and my kidneys were so frequent and the secretions so irregular as to cause me great inconvenience. Whenever I took the least cold, it was sure to settle in my kidneys and greatly aggravated my suffering. I took several remedies which gave me temporary relief, and the attacks were sure to return. At last I learned about Doan's Kidney Pills, procured a box, used them as directed and before I had taken one half the contents I was free from backache, and my kidneys were regular and normal in action. I have not had any trouble since and give Doan's Kidney Pills the credit for my present good condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

exhibit will be collected for display from this section of the county.

### Young Orchards Thrive.

All of the young orchards set out in this section this year are thriving and have made an excellent growth. It is estimated that an increase of at least 300 acres was added to the orchard area in the Milton-Freewater district this year.

### FITZMAURICE IS IN MORE TROUBLE.

**Postmaster at Starbuck Wants to Expose Alleged Lawyer.**

Poor Maurice Fitzmaurice. He is in trouble again. La Grande will remember him as an itinerant preacher who for a time occupied the pulpit in the Methodist church, South, in this city, says the La Grande Observer.

At that time he posed as a preacher, barrister, traveler, pen pusher, writer, poet, lecturer of some note and a graduate of Dublin college, Ireland. He left La Grande without any particular cloud of suspicion, but since he has been in other parts of the Northwest suspicion has followed him everywhere. He is now at Starbuck, and the following letter from the postmaster at that place divulges the fact that the citizens of that place are not particularly attached to the man:

Starbuck, Wash., Aug. 10, 1908.

Editor Currey, La Grande, Ore.

Dear Sir:—I have been informed that you know something about the transactions of one M. A. Fitzmaurice. We have him with us now, and I am attempting to expose him as a grafter that I know him to be, and then stop his living off of honest men. He is trying to practice law here and also edit a paper here and at Pomeroy. If you feel that you or your people over there can give me any information that will assist me, I will be very much pleased to have it.

### COMISKEY DAY IN CHICAGO.

**Famous Baseball Magnate Would Found Home for Homeless Lads.**

Chicago, Aug. 14.—Charles A. Comiskey, "master of the White Sox," has tackled the world-old problem of saving the boys, and tomorrow has been set aside as "Comiskey day," when the ball game will be played between the aldermen of Chicago and St. Louis, the proceeds of which will be devoted to the founding of a home for the homeless lads. The home will be constructed at West Jackson boulevard and Center avenue, and with the success of "Comiskey day" assured, Father C. J. Quille, superintendent of the home, has already signed contracts for a \$50,000 building, for which ground has been broken.

The aldermanic ball game is not the only feature of the day. There will be a balloon ascension by Charles A. Coey in the Chicago, a pie eating contest, with 50 newsboys as contestants, and a foot race for all the stenographers in the city hall.

Kennedy's Laxative Cough Syrup is especially recommended for children. It tastes nearly as good as maple sugar. Sold by Tallman & Co.

### "Cy" Young Day.

Boston, Aug. 14.—The dawn of "Cy" Young day finds Boston baseball mad and the veteran player of the Beantown brigade will be given such an ovation as few players of the national game have ever received. The management expects an unprecedented sale of tickets for this afternoon's game, and a part of the proceeds will go to swell the bank account of "Cy" Young, and will go far toward providing against the rainy day when age will force the retirement of the hero of the diamond. A valuable trophy, paid for by popular subscription, will be presented to Young during the exercises in his honor this afternoon.

### Pulque Industry Threatened.

City of Mexico, Aug. 14.—As the result of the publication in the Daily Record of some startling figures regarding the consumption of pulque in Mexico, a national movement for the prohibition of the manufacture and sale of that poisonous beverage may be inaugurated. Statistics show that the Mexican people consume annually 10 times as much pulque as meat, weight for weight. The pulque distilling interests are wealthy and influential and will fight any attempt at prohibitive legislation.

### College Women to Meet.

San Francisco, Aug. 14.—San Francisco is preparing to entertain the fair members of the National Association of College Alumnae, which will open its convention the last day of this month and last until September 4. Large delegations will come from all the big cities and centers of learning in the east and central west. Among the speakers will be Dr. David Starr Jordan and Dr. Benjamin Ide Wheeler.
