**PERSONAL MENTION**

J. H. Boyle, of Halley, Idaho, is a visitor here today.

Joseph Bennett of Portland, is a business visitor today.

Orlando Hodgens of Athena, is a visitor in the city today.

M. L. Carrier of Centralia, is a guest of the St. George while in the city.

Calvin Thomas of Baker City, is a business visitor today while in the city.

J. F. Kearney and wife of Bellingham, are guests of the Bowman today while in the city.

Bert Wilson, deputy sheriff, is now in Spokane upon a visit with his mother and sister.

Ben Colvin, a prominent stockman of Ritter, is a guest of the Bowman while in the city today.

H. M. Bradshaw of La Grande is a guest of Hotel Bowman today while here on a business trip.

Dr. J. A. Donaghy left on the N. P. train last evening for Stanton station on a professional trip.

Mrs. Joel Halstead of Echo, left for her home today after a business visit in the county seat.

Mrs. Ellen Bond, mother of Bond brothers, left today for Portland to visit with friends in that city.

Mrs. I. U. Temple and children have gone to Meacham to remain for a few weeks during the hot weather.

Robert Crandall of Stage Gulch, is a guest of the Golden Rule while in the city today on a trading and business trip.

Judge T. G. Gilliland came in from his ranch on Stewart creek yesterday, but will return there this evening or tomorrow.

Judge George A. Hartman came up from Portland last evening for the purpose of looking after his business interests here.

Jerry Stone of Athena, president of the Umatilla County Law Enforcement league, is in the city today on a business trip.

Mayor E. J. Murphy returned last evening from Portland and the coast where he and his family had been on a two weeks' outing.

H. S. Gentsch, traveling route agent for the Pacific Express company, is in the city today on a tour of the system in eastern Oregon.

Ezra Roben of Marion, Oregon, is now here upon a visit with D. B. Bailey and family with whom he lived as a neighbor 12 years ago.

Orville Reeves, the high school student who has been running a separator in the Holdman country during harvest, is in town today on a short visit.

Charles Selch, division roadmaster of the Walla Walla division of the O. R. & N. and Division Engineer Robb of the same division, are in the city today on a tour of the lines.

Conductor G. R. Bertholet of the Northern Pacific, who runs into this city, is at Tokeland, Wash., for a few weeks outing, and Conductor Wilkins of the Northern Pacific main line run in his place.

Mrs. N. E. Despain and daughters, who are camping with the family of Engineer Isaacs of the O. R. & N. construction force on the Wallowa branch, have moved from Wallowa to Enterprise, where Mr. Isaacs is engaged in completing the surveys of the new line.

The escapade will be thoroughly investigated and every offender taught a lesson. The second lieutenant and four privates of company A, Blamark, have appeared before a court-martial but the gravity of the charges has not been made public.

It is announced, however, that the offense is against the United States army under the Dick law, and will be settled by the war department and not by the state of North Dakota.

**Negroes Prosperous.**  
Baltimore, Aug. 20.—Reports from state organizations of colored people, presented today at the convention of the National Negro Business league, show a considerable gain in the number and extent of business enterprises conducted by negroes. Colored men from many states took part in a symposium on "What Negro Business Men Have Accomplished."

**Big Fine Rehearing.**  
Chicago, Aug. 20.—Petition for a rehearing by the United States court of appeals of the government's suit against the Standard Oil company of Indiana, in which the appellate court reversed Judge Landis' fine of \$29,240,000, will be filed here tomorrow. The document will be filed by United States Attorney Edwin W. Sims, acting under the direction of Attorney-General Bonaparte.

**Dynamite Kills Two.**  
Santa Rosa, N. M., Aug. 20.—One man is dead and two are fatally injured as a result of a premature explosion of dynamite, being lowered into an oil well near here last night, M. Doyle, the superintendent, was blown 30 feet unhurt.

**Thirty Acres of Canteloupes.**  
Approximately 30 acres of the Lewiston orchards are this year devoted to the cultivation of canteloupes, and the first shipment to the outside markets will be made today by A. H. Duffy, says the Lewiston Teller.

Mr. Duffy is cultivating five acres of melons, and will make first express shipments into Spokane and Montana markets.

Within a few days it is expected an arrangement will be made by which the Orohard Tract growers will combine their shipments and send the canteloupes into the outside markets in carload lots. The crop is most profitable and the 30 acres are estimated to produce about 20 carloads.

**Booze on the Minam.**  
It is reported that a certain soft drink emporium near Minam will be carefully watched in the near future with a view of stopping the sale of intoxicating liquors, says the La Grande Observer. It may be the brain twister is procured from some other source, but it is evident that its true source will be ferreted out. Because one cook got on a protracted spree recently, one of the railroad contractors lost 30 of his men. He does not propose that it happen again.

**Machine Stacks Grain.**  
A new stacker, which is being operated this season by Franz Romaine is attracting a great deal of attention among farmers of this vicinity, says a Dayton item. With the new stacker, which was modeled by Mr. Romaine, it is possible to build a stack 20 feet in height and to greatly facilitate the work. The grain is rolled off the wagon and it is claimed does not shatter a particle. Two men are required on the stack. Those who have seen the machine in operation claim it superior in many respects to any stacker yet operated.

**Buffalo Bill Coming West.**  
Buffalo Bill and his Wild West show comes to Spokane September 14 for two performances on that day and will close the circus season for 1908 in Spokane, says a Spokane paper. The show this year is heralded as one of the strongest the old scout has sent out and a large number of features is promised. The show is in the Ringling Brothers' combination.

**Wanted, a Hustler.**  
To sell groceries to consumers. Commission advanced to right party. Loverin & Browne Co. Call at Room 16, French restaurant, Friday, 21st, between 10 and 12.

**THE REAL TEST**  
Of Herpleide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpleide does, because it goes to the root of the hair and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpleide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpleide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.  
A. C. Koepfens & Broe.

Japanese cook and housekeeper wants situation in private family. Address Box 486.

Wanted—Woman to do general housework; steady position and good wages. Inquire at this office.

**ARE YOU VIOLATING THE STATE FIRE LAWS?**

The legislature of 1907 passed a new law on the subject of burning slashings. In view of the fact, considerable inquiry has been made to this office on the subject. The following section is given in full of the matter of burning slash; the law of 1907, page 242, section 5, reads as follows:

"During the period between June 1 and October 1, which is hereby designated the close season, it shall be unlawful for any person or persons to set on fire or cause to be set on fire any slash, chopping, wood land or brush land, either his or their own or the property of another, without written or printed permission from a state fire warden and compliance with terms thereof.

"This restriction shall not apply to the burning of log piles, stumps or brush heaps, in small quantities at a safe distance from other inflammable material, and under adequate precaution and personal control, and in accordance with regulations adopted by said board; but if any such burning, without permission, shall result in the escape of the fire and injury to the property of another, this shall be held prima facie evidence that such burning was not safe, and was a violation of this section.

"Violations of these provisions shall be punished by a fine of not less than twenty-five (25) dollars nor more than five hundred (500) dollars or by imprisonment for not less than 10 days nor more than three months."

Permits to burn, provided by this section, may be issued by any state fire warden, and shall contain such restrictions as to time of burning, and precautions to be taken, as may be fixed by the state board of forestry or left by said board to the discretion of fire wardens. Any fire warden shall have the right to refuse, revoke or postpone permits when it is clearly necessary for public safety. Any applicant dissatisfied with the decision of a state fire warden shall have the right to appeal to the state board of forestry. Any permit obtained through wilful misrepresentation shall be invalid and give no exemption from liability of any kind.

**FOUR YOUNG KITTENS IN ONE CLUSTER.**

For downright freakishness in the feline world, there exists in this city the extreme example of anything coming to the observation of this office, says the La Grande Observer. It is a kitten—or four kittens—each and all perfectly formed, but nevertheless one. They were born in the basement of the Blue Mountain creamery building and though now nearly a week old, are still living.

The cluster of cats face each other. A growth on the belly of each kitten holding the perfectly formed animals in position. Aside from this small growth there is nothing different in any of the four from other kittens.

The animals have some difficulty in eating and it is supposed they will die of starvation soon. Nothing more remarkable in catdom has come to public notice in a long time.

**PASCO STORIES OVERDRAWN.**

General Says Dakota Guards Are Placed in Bad Light.

Tacoma, Aug. 20.—Brigadier General T. H. Poole, adjutant general of North Dakota, says the stories sent out from Pasco of looting of restaurants was overdrawn and has placed the North Dakota guard in an unjust light.

**Divorced Again.**

Bill Jones and his wife have separated again. This time Bill takes all the children and the blame and his wife takes the B. M. O. E. Mattress. U. C. Rader about it.

**Mrs. Dapper—Is your daughter good at angling, Mrs. Snapper?**

Mrs. Snapper (absent-mindedly)—I don't know. He has not proposed yet.—The Bavedropper.

**856**

We have a fine watch hospital, where you may bring all your sick watches and clocks and have them repaired by the best talent in the city. Our Work Is the Best.

Our prices are reasonable. We are the watch inspector for the O. R. & N. R. R. That is saying a great deal as to our ability.

Try us and you will try us again.

**KOEPFENS**  
THE DRUG STORE THAT SERVES YOU BEST.

**OREGON SCORES HIGH.**

Riflemen from Beaver State Are Fourth on Lists.

In the championship regimental skirmish match of the National Rifle association tournament yesterday 40 teams competing, the Fourth Oregon regiment won tenth place, says an item from Camp Perry. Only three state organizations, Oklahoma, Massachusetts and Colorado, made higher scores than Oregon.

Three important matches were scheduled for yesterday, being the regimental skirmish, the Wimbledon cup shoot and the regimental team match. The team match was only partly finished, and the Wimbledon cup shoot was put over until tomorrow.

In the skirmish match between 40 teams of six men each, the regulars took the first three places, the honors going to the corps of engineers, with a score of 440; the marine corps was second, with 403, and the naval academy third, with 398. The cavalry teams shot for practice and made scores of 426 and 391, which would

have given the cavalry second and fifth places.

The Second Washington, which was first last year, finished 15th yesterday. This event must be won three years in succession before the cup can be held.

The scores in the regimental team match were not compiled tonight by the officials and the standings are not known.

Summary of skirmish match scores: Corps of Engineers, 440; United States marine corps, 403; naval academy, 398; Oklahoma, 377; naval academy (second team), 375; Sixth Massachusetts, 365; First Colorado, 339; Fourth Oregon infantry, 330; Thirteenth cavalry, 318; marine corps (second team), 317; marine corps (third team), 315; Massachusetts volunteers, 313; Third Oregon infantry, 306; Second District of Columbia infantry, 302; Second Washington, 299.

By adopting the electric drive in English rolling mills, the output of the mills wherever that power has been installed has been more than doubled.
