WEST END MAKES RAPID PROGRESS

IRRIGATION PROJECTS DOTTED WITH NEW HOMES.

Hermiston District Shows Permanent and Substantial Growth — Young Orchards and Vineyards Thriving—Country Naturally Adapted to Peaches, Grapes and Berries—Good Exhibit for District Fair.

Great progress has been made in developing the Hermiston district this year, according to E. P. Dodd, who is in the city from Hermiston for a few days on business. Everywhere over the area of land now open under the government project new homes are springing up, orchards, vineyards and berry patches are growing and genuine home making and permanent development is in progress.

In many places on land that has been in cultivation but a few years the young peach and apricot trees have made a two and three-foot growth this year. Young grape vines set out last spring have thrived beyond all expectation and the country is literally dotted over with green patches of foliage denoting a permanent settlement and giving evidence of the stability of the country.

Mr. Dodd is enthusiastic over the prospects of that becoming a fine grape district and has himself started into that industry there, as have M. S. Kern of this city, Mayor Fred A. Yates of Hermiston, and others who have young vineyards growing.

This season has proved that the Hermiston country is especially adapted to grape and peach culture and berries. All of the peaches, apricots and grapes set out have done remarkably well where they have

COLDS

The very hour a cold starts is the time to check it. Don't wait—it may become deep-seated and the cure will be harder then. Every hour lost at the start may add days to your suffering. Take

F & S Cold Capsules

Used in time they save all that might follow—sickness, worry, expenses. They never fail.

PRESBYTERY IN SESSION.

Special Meeting Held at Freewater This Afternoon.

A called meeting of Pendleton presbytery is being held at Freewater this afternoon and a large number of important matters are to be discussed at the session.

The new churches of Pilot Rock and Ukiah will be officially enrolled on the church register of the presbytery, two new ministers, Rev. W. E. Warrington of Pilot Rock, and Rev. Parker of Fruitdale and Freewater, will be received into the presbytery and Rev. C. C. Babbidge now of Mt. Hood church at Hood River will be recommended for acceptance into the Presbyterian seminary of San Anselmo, near San Francisco.

The Pendleton presbytery is now one of the most active in the northwest, two churches having been recently added and another church building is contemplated, the latter at Echo. The churches added this season are those at Pilot Rock and Ukiah.

Those attending the presbytery were Rev. J. M. Cornelison, Rev. Levi Johnson, Rev. W. H. Bleakney of this city, and Rev. Harper of Milton, Rev. Campbell of Freewater and Rev. Parker of the country district north of Freewater.

TO DIVIDE DISTRICT.

Contest Between Freewater and Milton on School Question.

Whether or not Freewater and Milton shall be placed in separate school districts is now up to the members of the district boundary board. Yesterday another petition asking for the division of the Milton district was filed by the Freewater people and Saturday, September 5, has been set as a date for hearing the case.

Months ago the Freewater people started a move to divide their school district, so as to secure independence of Milton, but when he case came up for trial a month or so ago it was found the district was bonded so the petition was withdrawn.

At present there are no legal obstacles to the division of the district and the matter will be tried out upon its merits before the district boundary board.

MAY USE M. E. CHURCH.

Christians Tendered Use of Methodist Church Building.

In behalf of the Methodists Rev. W. T. Euster, pastor of the big church on Johnson street, today invited the Christians to use the Methodist church until they can rebuild their house of worship.

Coming as it did in their hour of need the members of the Christian church say they deeply appreciate the courtesy shown them by their fellow churchmen. Up to this time they say they have made no arrangements for the future but will likely use one of the other churches until they can rebuild and presumably they will accept the offer of the Methodists.

VAN WINKLE GIVES BAIL.

Young Man Accused of Issuing Bogus Checks at Liberty.

Asa Van Winkle, accused of issuing bogus checks, is now at liberty upon a \$500 bond which he gave last evening. The amount of his bail was fixed by County Judge Gilliland before whom the complaint for Van Winkle's arrest was sworn.

Judge Gilliland came in from his Stewart Creek ranch yesterday for the sole purpose of fixing bail for Van Winkle. The status of the complaint against the prisoner was such that no magistrate could fix the bail or else Justice of the Peace Parkes could have handled the matter.

W. S. Bowman Away.

W. S. Bowman, the photographer, will leave tonight for Portland to meet his wife and also to purchase supplies and fixtures for the gallery which he will open in the lower floor of his new building. He expects to have the lower floor ready for use about September 15 and at that time will reopen his studio.

Has Finished Harvesting.

Charles H. Nelson, who resides seven miles northwest of the city, has just finished harvesting, having had a most successful run. He was engaged for 33 days during which time he was delayed but one day and that on account of rain. His wheat averaged about 25 bushels per acre.

Special Train Through.

The O. R. & N. company is running a special coast train from eastern Oregon to Portland, leaving Baker City tomorrow evening. A reduced rate from La Grande and Baker City has been given and the train will carry a large number of eastern Oregon people to the coast.

If you see it in the East Oregonian, it's so.

NEED MORE HOGS IN UMATILLA

OVER 1200 FROM NEBRASKA THROUGH THIS WEEK.

Athena District Sends Out Over 400 Head During the Week at Prices Ranging From \$5 to \$6.50 Per 100—Plenty of Money to Be Made in Hog Raising if Farmers Would Utilize Waste Grain.

This week the Union Meat company of Portland and several Seattle firms have shipped about 10 carloads or 1200 head of fat hogs from Nebraska corn fields through Pendleton to the markets and slaughter houses of the coast.

While these Nebraska hogs were passing through Umatilla county, Reinhold Harris of this city, was shipping out 400 head of Umatilla county fat hogs from the Athena district to Pasco. Prices for these hogs averaged from \$5 to \$6.50 per 100, on foot and the growers thus realized a handsome profit on their work.

It is estimated by practical hog raisers of the county that the wheat sections waste enough grain in the harvest each year to fatten enough hogs to supply Umatilla county if growers would make a practice of buying young hogs from the outside each summer, just before harvest.

KELSAY GETS CONTRACT FOR GRAVITY ESTIMATES

Frank C. Kelsay, of the engineer firm of Young & Kelsay, was today officially employed by the water commission to make a survey for a gravity water system. He will commence upon the work Monday.

At the start it will first be ascertained by the commission where an available supply can be secured. Then when that problem has been solved and a feasible project agreed upon a detailed survey will be made.

At present the commission has in mind to secure water from the Umatilla river above Wenaha springs. Should it secure water there it will be necessary to acquire a right of way across the Umatilla reservation. This will require an act of congress and before such could be secured the commission would have to present complete plans showing just where the pipe line would run. Such being the case they will very likely have complete plans made this fall. At present Mr. Kelsay has been engaged only for a tentative survey.

BETTER RESTAURANT SERVICE.

Under New Management St. George Grill Regains Popularity.

Under its new management the St. George restaurant is proving a popular eating place and it gives every promise of continuing as such. At present the restaurant management is in the hands of the ladies in the dining room and the service has been much improved.

The St. George restaurant, with its first-class modern kitchen and good dining room equipment, is well prepared to handle a splendid business. That it will have such is evident from the manner in which the change has been received by patrons.

Mrs. Kinman's Arm Broken.

Mrs. L. Kinman of West Webb street, had her left arm broken yesterday afternoon through a fall which she suffered about 4 o'clock. At the time she was starting down the steps in front of her home and in descending she lost her balance. Falling headlong to the foot of the steps she struck with her weight upon her left arm, causing a fracture just above the wrist. Dr. I. U. Temple was called and cared for the injured woman.

Jewish Rioter Confesses.

Springfield, Aug. 20.—Abe Raymer the Jew alleged to be one of the leaders in the bloodiest work of the rioters, is said to have confessed to every charge against him except murder. It is certain Kate Howard, accused of inciting the riots, will be indicted. Interest will center in the grand jury report. Eight hundred soldiers will probably remain until the jury adjourns.

Cattle Will Be Transferred.

Twenty-five carloads of fat cattle will be transferred from the O. R. & N. to the Northern Pacific line here tomorrow. The cattle were purchased by Phillips, buyer for Carsten Brothers of Tacoma and will arrive over the O. R. & N. tonight.

Residence Lot for Sale.

Corner lot, 50x100 in good location. Graded. Will sell cheap if taken at once. Inquire at 902 West Webb st.

TRUST COMPANY HAS MADE GOOD

PATRONS WILL LOSE NOTHING ON DEPOSITS

The Knickerbocker Trust Company Was One of New York's Largest Institutions to Close Its Doors During the Panic Last Fall, Will Make Payment—Thirty Per Cent to Be Paid on Time Deposits in December.

New York, Aug. 20.—Prosperity got another boost today, when the Knickerbocker Trust company placed at the disposal of depositors, subject to withdrawal, the fourth and fifth installments of its payments under the reorganization plan.

These installments fall due on December 26 and February 26, but the present prosperous condition of the institution caused the directors to decide to anticipate the payments. The Knickerbocker Trust company was one of the most important financial institutions to close its doors during the panic last fall.

When the bank was reopened, depositors were given time certificates for 70 per cent of their deposits. Thirty per cent have now been authorized to be paid, and it is believed that the remaining 30 per cent will be considerably anticipated. Depositors will lose nothing through the temporary closing of the bank.

TO FORM THEATER TRUST.

All the Leading Play Houses Are to Join the Combine.

Every theater and amusement house in the country has entered into a "gentleman's agreement," according to a New York report, and the war between the "theater trust" and the "independents" seems to be a thing of the past.

The matter was recently brought to a head in New York when all of the factions in the theatrical world were
