COMPANY FILED ON 10,000 INCHES

Three Power Sites Located on Umatilla River by Wenaha Water and Power Co.

MAY NOT BAR CITY FROM USING RIVER WATER

Three Sites Located Cover Practically All of the Available Power Sites Between the Forks of the Umatilla and Bingham Springs Station on the O. R. & N.—Umatilla River Is Now "Coppered" to Its Headwaters—May Hold All the Water in the River Perpetually.

This forenoon the Wenaha Water & Power company filed upon three power sites on the Umatilla river and by doing so they have apparently appropriated the river from the point a short distance above Bingham station.

Just what the motives of the new company may be is not yet known for the incorporators seem reticent. However, it is now understood that the company is not seeking to keep the city from securing a water supply from the river. Whether or not they wish to bar the city from developing a municipal water power remains to be seen.

Notices of the appropriation of 10,000 cubic inches of water, under six inch pressure, were posted in three different places along the river by J. A. Borie, president of the company, to the effect that the notices had been posted.

The right to take 10,000 inches of water from the river at any one or all of three different places is taken by the company. The first point of diversion is near the northeast corner of the northwest quarter of the northeast quarter of section 21, township three, north of range 37. This is at the point of convergence of the north and south forks.

The second point where water may be diverted is near the center of the northeast quarter of section 17, township three, north of range 37. This is a short distance above the Wenaha springs resort. The third point of diversion is near the northeast corner of the northwest quarter of section 24, township three, north of range 36. This is a short distance below the resort.

The proposed power plant location is in section 23, township three, north of range 36, a point a few miles above Bingham station. The right of way for a race from any of the points of diversion to this power plant is also claimed by the company.

River Is Now "Coppered." When the Wenaha power company filed upon 10,000 inches of water this morning the Umatilla river became all taken so far as water and power purposes are concerned. The right to the river above the convergence of the two forks is already held by a company in which the Salings and the Young estate of Weston are the owners.

Seemingly these two companies now have an absolute right to the river and they can hold their rights almost perpetually by renewing their filings when the time expires.

HAINS A RASCAL, SAYS HIS WIFE

Brothers Bitterly Denounced as Scoundrels and Brutes by Mrs. Hains.

SHE HOPES THEY WILL BOTH BE HANGED

In the Absence of Captain Hains the Brother Attempted to Make Love to Her—She Was Starved and Beaten Until She Signed a Confession Under Protest—Attorney for Hains Tells a Different Story, However—Dirty Linen of Army Life Is Being Washed.

Boston, Aug. 21.—"My husband and his brother are rascals. I hope they will both be hung. Thornton Hains is an arch fiend," is the statement of Mrs. Claudia Hains, wife of Captain Hains, who killed William Annis.

Continuing, she says: "Those scoundrels are capable of anything. In my husband's absence Thornton tried to make love to me. I hate him. He poisoned my husband's mind and I was beaten, starved and crazed until I signed some papers (referring to the alleged confession). My husband is a brute."

Frank G. Wild, Mrs. Hains' attorney, insisted that, signed confessions to the contrary notwithstanding, Mrs. Hains had never been guilty of improper conduct with Annis.

Mr. Wild denied a published story that Mrs. Hains was trying to effect a reconciliation with her husband and would testify in his behalf at the trial.

The Auto Ride.

Weldon C. Percy, the first lawyer called in to defend Captain Hains and his brother, refused to comment on the much exploited incident of the automobile ride, in which Captain Hains took Annis after his return from the Philippines. Mr. Percy threw a new light.

"The captain," said he, "returned with the conviction that all the gossip connecting Annis and his wife was absolutely without foundation. He studied upon a way to silence the detractors of the woman he loved and decided that the best way would be to openly invite Annis to dinner at the fort. He did this, trusting the word of his wife.

That night Annis came to the fort with his wife and after dinner the four—Mrs. Hains, the captain, and Mr. and Mrs. Annis—went out together on an automobile ride. Subsequent to that the captain discovered the truth.

"The talk of Mrs. Hains not having been in full possession of her faculties at the time she signed the confession is ridiculous. Fully 12 hours elapsed between her oral and written confessions."

MRS. ROSENBERG DIED SUDDENLY

Wife of Well-Known Pioneer German Farmer a Victim of Heart Disease.

CAME TO UMATILLA COUNTY 25 YEARS AGO

Mother of Five Children, All of Whom Beside Her Husband, Survive Her—Recently Returned from Portland Where She Had Been for Some Time for Her Health—Well Respected Pioneer Woman—Herman Roehlk Is a Brother and Mrs. Henry Lorenzen Is a Sister of the Deceased.

Mrs. C. H. Rosenberg, wife of C. M. Rosenberg, the well-known farmer, died at their home on West Alta street this morning. The immediate cause of death was heart failure, though the deceased had been ill for some time. In company with her husband and other members of the family she came home Sunday morning from Portland, where she had been in hopes of bettering her condition.

The deceased was a native of Germany and was born in 1869. With her parents she moved to the United States, settling in the state of Iowa. In 1888 she was married to Mr. Rosenberg and that same spring came to Oregon. However, Mr. Rosenberg had never located here previous to that time.

By her death the deceased leaves her husband, five children, three daughters and two sons, and a brother and sister. The brother is Herman Roehlk and the sister, Mrs. Henry Lorenzen.

Mr. and Mrs. Rosenberg have lived for the past 25 years on their farm north of the city, coming to Pendleton during the winter season for the past few years for school purposes. However, last year Mr. Rosenberg purchased the beautiful residence erected a few years ago by Gus La Fontaine on West Alta street and since that time they have made their permanent home in the city.

They were prominent members of the German Lutheran church and in the large German settlement north of the city were among the most highly respected and influential families.

The funeral will occur Sunday and the interment will be in the German cemetery on Greasewood. The service will be conducted by Rev. Spratler, pastor of the German-Lutheran church. The funeral party will leave here at 10 o'clock Sunday morning.

Prineville Will Need Flour.

It develops that farmers in Crook county, notwithstanding an average crop of wheat, will be unable to supply the home consumption at Prineville and Madras, says a Prineville item. Orders from Burns, where a crop failure is reported by freighters who are coming in here almost daily for milled flour, are causing a heavy demand here for wheat and it is likely that some may have to be imported after the local supply is exhausted. The price paid here ranges from 60 to 70 cents.

But he has decided to go direct to Africa and forego the dazzle of the courts.
