### MANY MEN ARE AT WORK ON SNAKE RIVER LINE

George C. Thompson, superintendent of construction on the new Northwestern railroad that is building up Snake river, is in the city today to hire men for construction work and on other business, says the Baker City Herald.

To a representative of the Herald he stated that work on the big tunnel was about one-third finished.

There has been a delay because of low water in Snake river impeding their plans of the rafting of timbers to different points on the new line where needed. This has compelled them to float timbers loosely down the stream and has caused a great inconvenience.

One hundred and twenty-five men are now at work on the railroad building. Double shifts are run and no time is being lost. Everything is lively along the line and there is apparently no possibility of a cessation of activity.

At the Oxbow power project preliminary work is going on. Cabins are being erected, camps organized and about 40 men are now employed there.

### HOLD MORMON CONVERTS.

Women From Europe May Be Deported by United States.

Because of recent orders received from Washington, immigration officials today detained 55 women Mor-

mon converts who arrived on the steamship Republic, says a Boston item.

They came from Germany, Holland and Scandinavia. There were 108 converts in the party, and none was allowed to depart until the examination, which was thorough, had been concluded.

Among the number detained are Margaret and Catherine Roe, two young girls who belong in Liverpool and whose mother cabled the authorities asking that they be held on their arrival. The girls were indignant and claimed they had paid their own passage.

Arrangements had been made to take the entire party west by special train tonight, but owing to activity of the immigration officers the plan was abandoned.

Whether all or any of those detained will be deported has not been decided.

### First Big Game for Harriman.

The first big game to be killed by the Harriman party was a 300-pound bear that fell at the crack of the rifle in the hands of 13-year-old Roland Harriman, says a Klamath item.

He had been out with the guides and Major Burnham for several days and they had been on the trail of a bear for 15 hours, but had just given up and turned back when the boy saw a bear sitting up a short distance from him. He raised his gun and fired, the bullet striking the bear in the heart and causing almost instant death.

### Will Not Give Up Diebler.

The Portland, Ore., authorities will not surrender Ernest Diebler to the Chicago police, who want him on an automobile stealing charge. He will be prosecuted in Portland. He will be charged with larceny. If conviction is not secured in Portland he will be turned over to the authorities of Independence, Ore., on a misdemeanor charge, Diebler having obtained his release from jail by giving a forged check to cover the amount of his bail bond.

### Will Rebuild at La Grande.

The Island City Mercantile & Milling company will not rebuild at Island City their implement establishment recently destroyed by fire, but will put up a building for their implement business in La Grande, says a La Grande item. The structure will be a two-story brick building and will occupy lots owned by the company on Jefferson avenue, just north of the La Grande National bank building.

### Tweedy Wins Contest Case.

T. J. Tweedy has just received a decision from the La Grande office in a case wherein his right to 160 acres of purchased reservation land was contested by Amos F. Boyne. The decision of the land office was favorable to Mr. Tweedy. The land involved lies near Meacham and Mr. Tweedy made proof under the Fulton act and his papers were held up for a time.

### Shot to Save a Friend.

While crazed from drink, W. D. Ferrebree attacked H. E. Metcalf, clerk of the Hotel McGowan, at Plains, Mont., Saturday night. Doane Faber, a grocery clerk, to have his friend from serious injury or death, fired two shots at Ferrebree, both taking effect. Faber gave himself up to the officers.

### Unknown Girl Shot.

While a crowd of cow punchers were celebrating their arrival in the town of Marmouth, Mont., the first division point on the St. Paul east from Miles City, Thursday, a fight was started in the tenderloin district and an unknown girl was shot and killed by another, known only by the name of Blanche.

### GOVERNMENT CONTRACT LET AT SUNNYSIDE.

A contract has been advanced to the Standard Building company of San Francisco, Cal., and H. K. Luce of Seattle, Wash., for the construction of the Sulphur Creek waterway and structures in connection with the Sunnyside irrigation project Washington, says the Yakima Republic.

The work includes the dredging of about seven miles of channel, involving about 310,000 cubic yards of excavation, and the placing of about 1600 cubic yards of concrete masonry and 2000 cubic yards of riprap. The contract amounts to \$66,960.

There are really two purposes in this wasteway, the first being drainage pure and simple, and the other, being a safety matter in providing an outlet for the waters of the canal if anything should happen below the gates. The wasteway leaves the canal about three miles below Sunnyside.

### Squatters Disposed of.

About 32,000 acres of land lying in townships 13 and 14, north, ranges 12, 13 and 14, east, Willamette principal meridian, Washington, have been withdrawn from any form of disposition whatever under the public land laws, in connection with the Tieton irrigation project, Yakima valley, Washington.

This section is taken in order to head off "squatters," according to Chief Engineer Swelgart, who states that the government has had more or less trouble with people who move in claiming that under the act of June 11, 1906, they are entitled to lands which may be used for agricultural purposes, no matter if they do happen to be in one of the forest reserves, and the townships described in this article are in part of the reserves.

Approximately 35,000 acres of land

which were withdrawn in connection with the Big Bend irrigation project, Washington, have been restored to the public domain and will become subject to settlement and entry on such dates and after such notice of publication as the secretary of the interior may prescribe. These lands lie in townships 31 to 33 north, ranges 23 to 42 east, Willamette principal meridian.

### Horse Race for \$500 Wager.

Henry Trowbridge has matched his horse Stemwinder, against Topsey, a horse belonging to Whitworth Bros., of Isee, to run for a side bet of \$500, says the Baker City Herald. A forfeit of \$250 has been deposited to run the race either at Prineville at the fall meeting or at Boise. The race is to be a quarter of a mile dash. Courtney Officer will bring the horse Stemwinder, to John Day this week and get the horse into racing condition at the race track at that place. Wade Hampton and Seventy, two horses belonging to the Officer boys, will be taken to either Boise or Prineville this fall and entered for several races.

### WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp "herpicide" manufactured.

Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.
