

GROCERIES ARE AN ABSOLUTE necessity to every human being. From the day you enter the world until the day you leave it you have to patronize, directly or indirectly, some grocery store. You have to eat to keep alive. Among the earliest lessons taught in life is a regard for your diet, by selecting only fresh and wholesome food, and a regard for your purse by practicing the well established rules of economy. We can sell you fresher and better goods and more of them for cash than you can buy elsewhere on open account. Look over our stock, get our prices, and be convinced.

CHRISTIANS TO BUILD AT ONCE

NEW CHURCH OF CONCRETE BLOCKS PLANNED.

Estimates for a \$15,000 Building for the Site of the One Destroyed by Last Week's Fire, Are Being Prepared—Congregation Is Extremely Optimistic and Will Go to Work With a Will.

At a meeting of the church board and members of the Christian church held last evening at the home of Mrs. M. S. Whitman it was decided to build another church as soon as possible. Regarding the rebuilding plans the following explanation was made this morning by Fred Taylor, a prominent member of the church.

"We will rebuild the church as soon as we can have the plans drawn and agreed upon. The new church will be made of concrete blocks and will cost in the neighborhood of \$15,000.

"In rebuilding we will try to put up a more practical building than the old one. We will try to get as large and commodious a church for the amount of money we will have to spare. It is the intention to commence the building work this fall."

When the old Christian church burned it was insured for the sum of \$6000. Some of this money the church people will have to use in paying off a debt and the remainder will be applied upon a new building. In order to finance the new building the church will have to raise money from different sources.

Up to this time definite plans for raising the money have not been worked out but it is said a man from the state association will be brought here to assist in the matter. At this

COLDS

The very hour a cold starts is the time to check it. Don't wait—it may become deep-seated and the cure will be harder then. Every hour lost at the start may add days to your suffering. Take

THE REASON WHY!

Do you know that this bank is growing more rapidly than any other bank in the county? Watch our statements to the comptroller, and see. We carry a larger reserve than any bank in the county. Our customers and the public at large feel more at home in our bank than any in the county, why—because we make their interests our interests. If you have money to deposit or need money, come in and see us.

TWO DIVORCES FILED.

Mrs. R. Jones and Mrs. Drenna Seek Their Freedom.

Mrs. Minerva Jones of Echo, has sued for divorce from Richard Jones, the complaint being filed yesterday by Judge James A. Fee. Cruel and inhuman treatment and drunkenness are given as a reason why a divorce should be granted.

The troubles in the Jones family have been brewing for some time. The husband is said to have become an habitual drunkard and some time ago the wife asked to have a guardian appointed for him. The proposition was never carried out however, and Mrs. Jones now seeks a divorce instead.

Mrs. Drenna Sues.

Mrs. Emily Alice Drenna has started suit for divorce from George Leslie Drenna and in the complaint which Peter West filed for her yesterday she makes serious charges against the husband.

They were married at Caldwell, Idaho, on June 2, 1903, and the wife complains that for a long time her husband mistreated her and failed to provide a livelihood for herself and three children. Finally in August, 1907, he deserted her and has since lived apart. Since that time he has led a disreputable life and was arrested at Boise for the crime of rape.

According to the complaint, Drenna is a bartender and most of his misconduct results from drunkenness.

Praises Pendleton Spirit.

The newspaper report of a fire in any city or section of country is not pleasant reading, says the Salem Statesman. Last Thursday morning Pendleton experienced the worst fire in its history; but it will mean that better and larger buildings will go up on the spot which is now covered with ashes and ruins. The Umatilla county capital is progressive. One of the structures destroyed was the Christian church.

U. of O. Senior Is Here.

Merle R. Chessman, a senior at the University of Oregon, has been in the city today and is preparing to leave for Eugene to finish his court there this winter. During the summer he has been working on the A. B. McCarty ranch west of here and has just finished the harvest season. He is a student of prominence and is the university correspondent for the Eugene Register.

Will Drive to Freewater District.

Rev. J. M. Cornelson and family of the Tutulla Indian mission, will drive to the Milton-Freewater district this week, where Rev. Cornelson will visit the Presbyterian churches at Fultvale, Freewater and Milton and will hold congregational meetings with them next Sunday. While in that vicinity the family will also put up a large amount of fruit.

Bought Irrigated Land.

Prof. F. K. Noordhoff of Pendleton academy, has just purchased 20 acres of land a mile and a half northwest of Freewater from W. F. McMahan, for the sum of \$3000, or \$150 per acre. It is located in the heart of the Freewater irrigated district and can be converted into highly productive orchard or berry land.

Electric Light Tonight.

That the electric current will be on this evening was announced at 3 o'clock by the man at the local office of the company. It is understood that the power plant will be repaired during the afternoon so that the current may be turned on. Yesterday afternoon it was thought the "juice" would be on by noon today.

CREWS "TIE UP" ON MOUNTAIN

SIXTEEN-HOUR LAW KEEPS MEN FROM HOME.

Freight Trains "Tied Up" on the Mountain—Five Engines Coupled Together and Run to Kamela Where There Was Coal for Engines and Food for Crews.

Because of the working of the 16-hour day for railroad employes, some interesting situations are brought out on the mountain division of the O. R. & N. where trains move slowly and where often since the law went into effect it has been necessary to "tie up" the train crews at a mountain station.

Recently two freight trains reached Duncan, or formerly North Fork station, and because of the expiration of their 16-hour day both were "tied up" there by the officials. As there was no coal for the engines there nor place for the crews to eat, the engines five in number, including their helpers, were coupled together and run to Kamela, a distance of 23 miles, where the crews remained until they could resume work under the federal law, which requires 10 hours rest after a 16-hour day.

Several times since the law went into effect crews have been forced to lay at a mountain station until their rest period was up before resuming their run.

While the law works a hardship on the men in this way by keeping them away from their homes during their rest period, it is yet heartily supported by the employes generally and no serious complaints have been made.

The officials make every effort to get a train to the terminal before the expiration of the 16-hour day for the crew, but often accidents happen which make this impossible.

CHICAGO MARKET REPORT.

Prices of Wheat, Corn, Oats, Pork and Lard Are Strong.

Following is the tabulated prices of wheat, corn, oats, pork and lard in the Chicago market on Monday, August 24:

	—Bushel—			
	Today.	Year ago.

Home From Idaho.

Mayor Louis Schell of Echo, and F. L. Morgan of Hermiston, have just returned from the Seven Devils country on Snake river, on the Oregon side where they inspected some valuable mining properties. In order to reach the mines it was necessary for them to swim Snake river, which is very low now. They had no trouble in swimming their horses and found some very promising mining properties in that district.

Marriage License Issued.

A marriage license was issued this morning to Seth P. Sommerville and May Hart.

North State Farmers.

Raleigh, N. C., Aug. 25.—Farmers, dairymen, tobacco planters and cotton growers of the old North State today began a three days' session at the State Agricultural and Mechanical College.

All the news all the time in the East Oregonian.

Just a **"Little Bunch"** of our swell **...FALL...SUITS...**

Now on display in window.

We have them coming on every train.

Where You Trade to Save.

HARVEST IS OVER.

Pilot Rock Machines Finish Season's Run.

Harvest is practically over in this section of Umatilla county and about all that remains to be done is for the farmers to get their grain to the warehouses, says the Pilot Rock News. The remainder of the summer will be the farmer's annual pleasure—the selling of their grain. Charles Lobaugh finished his work with his combined harvester the first of the week, when he completed the threshing of Winfred Jacques' west of town. Mr. Lobaugh reports having had a very successful run this season despite the disadvantage of a dry season. The shortage of crops reduced the regular run about half.

Most of the threshers have completed their runs and are now in the sheds. While they had not expected much of a run this year, most of the threshing men had figured on a longer run than they were able to get. Many of the farmers are busy hauling grain and are making every effort to get it to the warehouses in as short a time as possible.

WILL EMPLOY ONLY WHITES.

O. R. & N. Company Supplies the Greeks at La Grande.

The local officials of the O. R. & N. have decided to supplant the positions held by the Greek crew on the coal bin, by whites, and 16 of them are at work today, says the La Grande Observer.

The work has been at a standstill only for a short time, as there are sufficient applicants from other laborers to allow the work to go on. When the Greeks were dismissed Friday night, it was planned to put

TEA

The cost of good tea is so very little: only a third of a cent a cup! a cent-and-a-half or two cents for the family breakfast!

Your grocer returns your money if you don't like Seibling's Best: we pay him.

Japanese to work, but being able to procure white help, the officials have seized the opportunity, knowing they will get better results.

The crew may be increased in numbers from time to time, until the monster coal bin is filled to the required amount.

Ten Good Reasons Why You Should Stop at "The Cornelius" The Best in Portland.

Situated in the center of the shopping district. One block from the clanging street cars.

Not so expensive as some other hotels.

Sixty rooms with private bath.

Long distance and local telephones in every room.

Writing desk in every room.

Carpeted throughout in the best velvet carpets.

The rooms are furnished in solid mahogany.

Every room contains a heavy solid Simmons brass bed on which is a 40 or 50-pound hair mattress.

The furnishings and general appearance of the public rooms must be seen to be appreciated.

THE CORNELIUS, Park and Alder streets, Portland's newest and most modern equipped hotel, solicits your patronage and assures you good service and courteous treatment. An exceptional hotel for Eastern Oregon families who come to Portland shopping and sight-seeing.

When next in Portland give us a chance to make you look pleased.
