RUSH NEW LINE INTO RIPARIA

NORTHERN PACIFIC WANTS WHEAT HAUL

Joint Use of O. R. & N.'s Riparia-Lewiston Line Has Brought Out Delicate Complications — Wheat Tonnage of Lewiston District to be Divided Up.

A Lewiston dispatch discusses the construction of the Northern Pacific line from Pasco to Riparia and the joint use of the Riparia-Lewiston branch of the O. R. & N., over which delicate complications have arisen.

Advices from Riparia show that the Northern Pacific is laying track at the rate of one and one-half miles to two miles a day on the Pasco-Riparia line and the company expects to reach Riparia with the rails by the middle of September.

Yesterday the track laying had reached a point 17 miles below Riparia. The total distance of this new piece of road is about 65 miles and the grading work was finished some time ago.

A few weeks ago the company announced they hoped to have the line in operation by the first of the year, but it is apparent with the rush of operations inaugurated the past week a much earlier date will see the completion of the line.

This line ties on to the new Lewiston-Riparia road and by use of the latter the Northern Pacific will have a direct route from Sites and from Grangeville, when the prairie branch is completed, all the way by water grade to the sea.

If the N. P. is not to have immediate use of the joint road, the new line below Riparia will be of no value whatever to the company for a period for the reason that it serves no local business.

This situation again illustrates the awkward matters that the roads have to face in bringing into practical operation the apparently friendly agreement entered into for a division of the business of the Lewiston region.

As the matter now stands, the grain tonnage of the region to the east will be handled by the N. P. because the new branch to the prairie has not been completed and consequently not turned over to the operating department.

With the N. P.'s Pasco-Riparia section completed, it will still afford the Northern Pacific no opportunity to reach the down-river business or take advantage of the water grade route to the sea, because the Lewiston-Riparia line has not yet been turned over to joint ownership.

However, a review of the situation shows that with the construction operations, dealing with both new lines, rapidly drawing to a close, it will not be long before the N. P. will be shooting trains down the river and the O. R. & N. will enter the prairie district and take a part of the business which has so long been a source of warfare between the two roads.

IOWA WILL VOTE DIRECT FOR SENATOR Des Moines, Iowa, Aug. 27.—Late last evening Governor Cummins issued his proclamation for the special session of the legislature to amend the state primary law, fixing Monday, August 31, as the day for convening.

The proclamation sets forth the governor's reasons for convening the legislature—his belief that an overwhelming majority of the people of the state are in favor of expressing their choice for United States senator in the primary election. Nearly 1000 republicans were in conference here today in an effort to allay the factional strife that has torn the party during the last few years and which is believed to menace the success of the republican ticket in this state.

TO SHIP CATTLE TO ALASKA.

Pomeroy Man Contracts to Deliver 1000 Head—Buys Near Lewiston.

Lewiston, Idaho, Aug. 27.—One thousand of the best three and four year old steers on the ranges of central Idaho will be purchased by Fred Miller of Pomeroy to be fattened for the Klondike market next summer. Miller is in Lewiston to commence buying. It is probable all of the stock will be purchased for early fall delivery. The finishing touches preparatory to shipping north will be given on the early grass range of the lower Snake river. The cattle will be shipped July 1 and are already contracted at fancy prices.

Twenty Laborers Strike.

Twenty concrete laborers quit work this afternoon on North Second street where the George Milton Savage company has its concrete mixer in operation and where concrete base for paving brick is being laid, says the Yakima Republic.

The strikers demand \$2.50 per day or straight pay for the time they are laid off. They claim they are given irregular work because sand and gravel is furnished only at intervals. Because of the irregular work they have but little coming at the end of the week, they assert.

Superintendent Anderson refused to pay the amount demanded or make any concessions whatever. He told the men to go and that he would find plenty of men who would be glad to work for \$2.25 per day whenever they could get the work, regardless of its irregularity.

Protest Against Fruit Rates.

Protest by wire has been made by the fruit shippers of the Yakima valley against the proposed increase in apple freight rates, says the Yakima Republic. A wire has been sent to R. P. Ober at St. Paul and another to the Fruit Distributors at Fargo telling them to count in North Yakima against the increase. Walla Walla has been warned from here of the increase, of which it had not been notified, and has joined with Yakima and Wenatchee in protest. All this has been done by the shippers. The matter is one which affects growers and those dependent on the growers more than it does the shippers, but growers have taken no action. The Yakima Commercial club has been asked to act in their behalf and will probably do so.

Raised \$15,000 for School.

Bishop C. J. O'Reilly of Baker City paid this city a visit yesterday and in the course of a sermon made a fervent appeal to the congregation for funds to complete the Sister's school, now in course of construction, says an item from Condon.

Fifteen thousand dollars was raised. This, in connection with the money on hand, and that already put into the building, practically finances the undertaking.

The school will be owned by the Dominican Sisters and will cost approximately \$35,000. It is expected that it will be ready for occupancy February 1, 1909.

Yield Will Be 25,000,000 Bushels.

"The wheat yield of eastern Washington this year will be about 25,000,000 bushels and I think that that of northern Idaho will be about 4,500,000 or 5,000,000 bushels," said P. J. Fransoli of Tacoma yesterday, president of the Fransoli Grain company, says a Spokane item.

"I do not know as to how the harvest is progressing this year, but I think that it will be nearly over by the middle of September. The prices for wheat are higher than were paid last year and those paid for barley and oats are about the same as last."

Papal Games in Rome.

Rome, Aug. 27.—An athletic carnival that will be unique in history will be held in Rome next month, as one of the festivities of the Papal Jubilee. Roman Catholics of all nations, including the United States, will be represented by their best athletes and the trophies will be awarded by the Holy Father himself. Ireland will have a large delegation and is confident of carrying off first honors.

THE AMOUNT OF YOUR "BELIEF IN ADVERTISING" WHICH IS PUT INTO TYPE IS WHAT COUNTS. There is probably a clothing ad in today's paper that will remind you that your new suit is overdue. Meet the ad "face to face," and it will help you to meet the clothes problem that way. If you have lived too long in one place, look at the furnished rooms advertised today—and get a change of scene. Think it over. Your store is NOT "big enough," or prosperous enough, unless your ambition and aspirations are under-stead.
