

GROCERIES ARE AN ABSOLUTE necessity to every human being. From the day you enter the world until the day you leave it you have to patronize, directly or indirectly, some grocery store. You have to eat to keep alive. Among the earliest lessons taught in life is a regard for your diet, by selecting only fresh and wholesome food, and a regard for your purse by practicing the well established rules of economy. We can sell you fresher and better goods and more of them for cash than you can buy elsewhere on open account. Look over our stock, get our prices, and be convinced.

WARNER SECURED HONOR FOR SCHOOL

PENDLETON HIGH MEMBER OF BIG FRATERNITY

Well Known High School Student Home From Interesting Trip Through the East—Although Appointed Cadet to West Point Academy He Will Not Attend the Military School.

Harold Warner, high school student and son of Mr. and Mrs. T. C. Warner, returned last evening from a summer's trip through the eastern and middle states. While away he visited with relatives in Indiana and made many side trips of interest.

Among other things he attended a national fraternity convention in Philadelphia and succeeded in having the Pendleton high school fraternity admitted into the fold.

Young Warner was recently named by Congressman Ellis to be a cadet at West Point, but after much consideration he has decided not to accept the appointment and he has so notified the government. Warner is a junior at the high school and will complete the course here this winter.

HERMISTON IS GROWING.

New Concrete Block Building for Irrigation Town.

The following items from the Hermiston Herald of this week show that the irrigation belt is making progress. The Herald says:

F. H. Page & Son of Portland have awarded the contract for a two-story cement block business block 50 by 45 feet to W. R. Longhorn of Hermiston. The building site is on the

THE REASON WHY!

Do you know that this bank is growing more rapidly than any other bank in the county? Watch our statements to the comptroller, and see. We carry a larger reserve than any bank in the county. Our customers and the public at large feel more at home in our bank than any in the county, why—because we make their interests our interests. If you have money to deposit or need money, come in and see us.

BROTHERTON-STROUT.

Pendleton Girl Marries Well Known Young Farmer of Athena.

A very pretty wedding occurred Sunday morning at 9 o'clock at 500 Tustin street at the home of Mr. and Mrs. Sanford Strout, when their daughter Mabel was married to Frank Brotherton of Athena.

The rooms were decorated with flowers. The bride was dressed in white nulle and all the arrangements were beautiful. Rev. W. T. Euster, pastor of the First M. E. church, performed the short ceremony which made them husband and wife.

The guests present were Bruno Weber, Mark Graves, Robert Sconce, J. O. Keyser, Mrs. J. O. Keyser, Mrs. S. A. Foster, Gladys Brotherton, Miss Ollie Smith, Miss Bessie Martin, Miss Ella Beale, Mrs. J. R. Candish, Helen Candish, Albert Brotherton, Marvin Strout, Miss Della Bryson, Miss Grace Bryson, Burton Strout, Mrs. S. A. Bryson and Miss Edith Bryson. After the ceremony they started for Spokane for a short bridal tour.

SMALL FIRE DAMAGED OLD ACADEMY BUILDING

Another small blaze occurred here last evening when one of the old academy buildings on east Webb street was slightly damaged. It was the building at the west end of the grounds and it was found to be on fire about 9 o'clock last evening.

George O'Daniel happened to be passing the old buildings at that time and finding the old school house on fire gave the alarm and tried to quench the blaze with a bucket of water. However, the fire had gotten under too much headway and it required the fire department to handle the blaze. The central companies and No. 6 were called out and soon had the fire out.

There is much mystery surrounding the origin of the fire. It may have been started maliciously, while another theory is that rats carried matches and other combustible rubbish into the place, thereby causing the fire.

The tract of land on which the buildings are located belongs to the school district, but the buildings are owned by J. H. Lawrey and Peter Medernach.

ROMAGOUX IS DEAD

WELL KNOWN STONE MASON PASSED AWAY

Resident of Pendleton Since 1879 and in Following His Trade as Stone Mason Has Helped to Build Much of Pendleton—Member of Eureka Lodge I. O. O. F.—Funeral Tuesday Morning at Catholic Church.

Frank Felix Romagoux, pioneer resident and brick mason, died at 3:50 this morning from the effects of quick consumption. He died at 421 Marie street and the funeral will be held from St. Mary's Catholic church at 9 o'clock tomorrow morning, the service being conducted by Father Bugel.

The deceased was a man over whose death there is regret. He had lived here for 29 years and during that time became well-known to all old timers and he was well liked by those with whom he was acquainted. He was of a very quiet disposition. He was a native of France and was born on June 7, 1853. From the old country he went to Montreal and after living there a few years moved to St. Louis. He came to Pendleton from the latter city in 1879. From that time on until his death he had his residence here continuously and as a mason helped in building much of the town. But owing to ill health he did but little work this year.

The deceased was a member of Eureka lodge No. 32, I. O. O. F., and the members of that order will attend the funeral tomorrow, though not as an organization. He never married and the only immediate relative he ever had in this country was a brother, Frank Romagoux, who died here four years ago. Other relatives are his sister-in-law, Mrs. Frank Romagoux, and three nephews and five nieces.

For Stealing Wheat.

Jerry Standorf and O. S. Steel were brought down from Milton Saturday night and lodged in the county jail to serve out 25-day sentences for stealing wheat. The two men were caught trying to sell some wheat in Walla Walla and on investigation it was found they had stolen the grain from a ranch this side of the state line. Standorf and Steel were tried before the justice at Milton and the 25-day sentences resulted.

Mr. and Mrs. Charles Greulich have returned from Newport, where they had been for several weeks.

M'COURT IS HERE

FEDERAL ATTORNEY LEAVING PENDLETON "FOR GOOD"

On Taking Important Office Mr. McCourt Found Much Business Accumulated and Has Been Extremely Busy—Court Now on a Vacation—Umatilla Land Cases Will Be Tried Later in the Fall.

John McCourt, United States district attorney for Oregon, came back to Pendleton last evening and he will be here for three or four days closing up business which he had while a member of the firm of McCourt & Phelps. He is accompanied by his son, John jr.

Since he became federal attorney for Oregon Mr. McCourt has been a busy man. When he went into office an immense amount of civil and criminal work had accumulated and he is only now getting affairs into good running order.

At the present time no court work is being done as Judge Wolverton is away upon his vacation and will not return until September 28.

The Umatilla Cases.

That the Umatilla county cases will be tried just as soon as they can be reached, but that it may be the middle of winter before they are tried out was stated by Mr. McCourt this forenoon.

At present, a date in September is set for arguing a demurrer in the Pendleton cases, but the arguments cannot be heard before September 28, when Judge Wolverton will return.

Before the Umatilla cases can be tried there are a number of other cases that must first be disposed of. The "Los Angeles case" is one of these, while that of Binger Hermann also comes before the Umatilla cases. Should these two cases be tried out this fall they, with other cases pending, would necessarily occupy the court's time during most of the autumn.

NEW ENGINES SATISFACTORY.

Three New Locomotives in Regular Service After Tryouts.

Three new engines which were set up and worked out a few days ago, are now in regular service and proving highly satisfactory, says the La Grande Observer. They are passenger engines Nos. 296 and 297, and freight engine No. 387. Another engine to be seen in service today is freight engine 363, which has been stalled in the roundhouse for three months for complete overhauling.

For Peddling Whiskey.

John Jorgel, the well digger, was arrested yesterday by Chief of Police Tom Gurdane for having broken the local option law. He is accused of having peddled whiskey to Indians. Jorgel is now in the county jail and his case will come before the grand jury in September unless a case is preferred against him in the justice court.

Notice to Odd Fellows.

Odd Fellows are requested to meet at I. O. O. F. hall on Tuesday morning at 9 o'clock to attend the funeral of Bro. Felix Romagoux, of Eureka lodge No. 32, and Umatilla encampment No. 17.

ISAAC JAY,

Noble Grand.

JOHN HAILEY, Sec.

Marriage License Issued.

A marriage license has been issued by the county clerk to Frank Brotherton and Miss Mabel Strout.

BRIGHT OUTLOOK FOR LA GRANDE.

The first of the coming month will see several changes in the business men's personnel of the city, says the La Grande Observer. Messrs. Pattison will displace J. D. McKennon in the McKennon grocery store, and already J. M. Berry—another landmark in the city's history—has been replaced by his successors, C. C. Pennington & Co.

Aside from these two changes the Kilpatrick implement house is soon to be under a new management. All in all, the new month will open new firm accounts in many ledgers of this city.

We are happy to note that none of these went out of business because of the money stringency, but all have laid by sufficient world goods to warrant retirement from business. They made their little "stacks" right here in La Grande through careful management of business.

Where one has made his income sufficient to last into the end now, many more will be able to equal it in a less number of years in the future.

This will especially be true when mountain water is poured over now semi-arid sections of the valley and the trebled income of the land owners commences to find its way into the coffers of city merchants and business men.

People Want Good Roads.

Judge John H. Scott, who returned yesterday from southern Oregon, is enthusiastic regarding the outlook for the good roads campaign, says the Salem Statesman. "The people want good roads," he declared, and every place I visited there was a strong demand made for a convention. Dates will be announced in a few days. At Marshfield a man named Crow, of Los Angeles, came to me and said that his company would give \$20,000 toward improving the road from Marshfield to Roseburg. Crow represents a big automobile freight and passenger service corporation and figures that the time between the two points named could be reduced from 18 to 20 hours to four if the roads were put in shape."

In Judge Benson's Place. A Salem dispatch of Saturday says: Governor Chamberlain this noon formally announced the appointment of George Nolan, democrat, of Kinmath Falls, formerly of Astoria, successor to Judge Henry L. Benson, of the first judicial district, resigned, to take effect September 1.

Ten Good Reasons Why You Should Stop at "The Cornelius" The Best in Portland.

Situated in the center of the shopping district. One block from the clanging street cars.

Not so expensive as some other hotels.

Sixty rooms with private bath. Long distance and local telephones in every room.

Writing desk in every room. Carpeted throughout in the best velvet carpets.

The rooms are furnished in solid mahogany.

Every room contains a heavy solid Simmons brass bed on which is a 40 or 50-pound hair mattress. The furnishings and general appearance of the public rooms must be seen to be appreciated.
