

GROCERIES ARE AN ABSOLUTE necessity to every human being. From the day you enter the world until the day you leave it you have to patronize, directly or indirectly, some grocery store. You have to eat to keep alive. Among the earliest lessons taught in life is a regard for your diet, by selecting only fresh and wholesome food, and a regard for your purse by practicing the well established rules of economy. We can sell you fresher and better goods and more of them for cash than you can buy elsewhere on open account. Look over our stock, get our prices, and be convinced.

School Children's EYES

A very large number of children attending the schools are in immediate need of glasses and yet are unaware of it. EDUCATION depends largely on the use of the eyes. If these are deficient then the chief basis of learning is hampered. OUR optician will give conscientious advice and recommend the use of glasses only where it will considerably benefit the child's vision.

GUARDING AGAINST FIRES.

Clarence Kearney, Special Officer Will Warn Lazy Property Owners. Clarence Kearney, former night policeman, is now on duty as a special officer to inspect the business and residence portions of the city for rubbish piles and to notify property owners to remove the same. He is paying special attention to inflammable rubbish and in making the rounds yesterday found several places where burnable rubbish was piled dangerously close to buildings.

The prevalence of so many fires during the past month led the police committee to employ the special officer as a precautionary measure.

Jefferson City, Mo., Sept. 8.—Complying with the provisions of the new primary law, all state conventions in Missouri are being held today. This city is crowded with politicians. The principal business of the conventions outside of the election of a chairman, will be the adoption of platforms. Today each dominant party has 225 delegates present selected at the recent primaries. A warm fight is predicted between Cowherd and Hadley, the respective democratic and republican candidates. The Stone-Folk fight for the senatorial nomination will be decided at the fall election.

Seattle, Sept. 8.—Reports from the various parts of the state indicate that ring politics will be rebuked in today's state wide primary being held. Senator Ankeny who is up for the people's endorsement, has a hard fight, as his enemies accused him of securing his present seat by unfair means. Governor Mead is also running for re-nomination. Samuel Cosgrove, a civil war veteran, is also seeking the people's endorsement for governor. Interest is not keen in the democratic primaries,
