The Pendleton Drug Co.

THE HEPPNER TIMES BOOSTS FOR THE FAIR.

It is important that Morrow county make as good an exhibit of her products as possible at the Morrow-Umatilla fair, says the Heppner Times.

Visitors there will expect to see the best we have or can produce, and if we do not have it there they will conclude we haven't got much and go away with the impression that our county is a back number.

Of course we know that Morrow is equal to any in the state in the production of products, but outsiders do not and the thing left for us to do is to "show 'em." The best we can do in the display is none too good because we will get it all back through the advertisement while our products are on display at the fair.

Don't fail to bring in your best fruit, wheat, pumpkin, squash, tomatoes, or any other product that you may have that is good and will help to advertise our county.

MANY FAST RACERS FOR THE STATE FAIR

Two express cars containing some of the fastest horses ever entered at the local race course at the fair grounds, arrived Tuesday afternoon, and were placed in the new barns just built this season for the predicted overflow of racers to enter the coming week, and the board's foresight proved most valuable, owing to the fact entries will probably be turned away before Monday for want of more space, says the Salem Journal.

The shipments arriving Tuesday from the different courses in California contain stock which will be entered both in the large and small stake affairs. For the 2:14 trotting there will be Bertha Mac, with a record of 2:08; Richie Ireland with a 2:04 1/4 mark; Emilie W., mark 2:10; Vallo Girl, mark 2:10 1/4; Della Darby, mark 2:17; Nogia, 2:09 1/4 mark; Easter Belle, with a mark of 2:11 1/4.

Those from the south to enter in the 2:08 pace stake are: Dellah, mark 2:07 1/4, an exceptionally fast little animal which raced the southern circuit in fine style. Charley D., mark 2:06 1/4; Salina Boy, without mark; John R. Conway, 2:07 1/2, record and Miss Idaho, with a mark of 2:09 flat.

In the 2:20 pace there will enter Thomas Murphy, a horse with a fine reputation, and Josephine, mark 2:20 1/4.

In the 2:12 trot three of the Californians will try for the wire, they being: R. Ambush, mark 2:09; Athersham, 2:10 1/4 mark; Bertha Mac will be a doubtful starter.

In the 2:20 trot, Monocrat, Elsantra, mark 2:12 1/4.

Those representing the south in the largest event of the week, the 2:05 pace, will be: Mona Wilkes, mark 2:03 1/4; Lelan Onward, mark 2:04, and Zoioe, a horse well known to the Salem fans with a mark of 2:05 1/4.

This race has prospects of beating some of the previous records made on the Pacific coast, as all the horses above mentioned and others, which will be in the try-out, are in the best of condition.

Among the well known trainers and managers heretofore having racing stock under supervision here are John Young, Dan Donahue, Mitchell Thomas, "Speck" Robinson, who drive the prominent horse "Jay H. Kay" through the east, Buck Palmer, Patsey Davey, Eddy Graney, James Tierney, Henry Delaney and Homer Rutherford and F. H. Burk.

CHANGES FOR SCHOOL LAWS

SUPERINTENDENTS ARE IN CONVENTION.

All But Four or Five Oregon Counties Are Represented at Big Meeting of School Men at Salem—Superintendents Want Four Day Session Institutes—New Laws Are Highly Satisfactory so Far.

The first day's session of the first annual convention of county school superintendents, which convened at 10 o'clock yesterday morning, on the first floor of the capitol building were successful to a degree exceeding the fondest hopes of State Superintendent Ackerman, under whose auspices the convention is being conducted and the attendance is much better than was expected, taking the distances to be traveled in some instances, into consideration, says the Salem Statesman.

In fact, all of the counties in the state, with the exception of Union, Curry, Gilliam, Grant and Malheur, are represented and some of the absentees are expected to arrive today. The morning session of yesterday was brief and only one subject, the compulsory educational law, was taken up for consideration and discussion. The discussion upon this subject was general and all reported that the operation of the new law has brought about the desired effect, by increasing the attendance upon public schools very materially, but the consensus of opinion was that but one be appointed truant officer for each county, instead of one for each district under present law, preferably the sheriff and a resolution was adopted recommending to the next legislature that an amendment be passed to the act now in force providing for this change.

Wherever the duty of truant officer devolved upon the sheriff of a county it was noted that better results and more strict observance of the law were obtained.

A motion was also adopted recommending to the next legislature that the present county institute act be amended so as to provide for a four-day session, instead of three, and the county courts of the several counties be authorized to help pay for the expenses of the institute out of the general fund, or some fund not otherwise appropriated.

Also that the last day of the institute be devoted to a general school board meeting. Under the present law the county courts are not obliged to appropriate funds for defraying the expenses of the county institutes and may use their discretion in the matter.

The question of the manner of holding the eighth grade examinations was also up for discussion during the afternoon session and a proposition was made to have the system changed so that these examinations may be held at one central point in each county, instead of in the separate school districts as at present, but, although no vote will be taken upon the matter until this morning, there is a strong sentiment of objection to the proposed change, because it would be hard to get a general law that would fit the geographical conditions of the state and it is not thought the proposition will be adopted.

A recommendation was made that the present method of voting upon the question of union high schools, which can only come up at the annual meetings of the district boards and voted upon at the next general election, be changed to provide that this question may be taken up for consideration at any time, upon proper petition, by the district boundary boards and an election called at any time.

New England Governors. Boston, Sept. 12.—Governors of six New England states will meet in Boston Monday to confer upon matters of interest to this section of the country. The visiting executives will be the guests of Governor Guild, who originated the idea. Political matters, it is stated, will not be formally discussed.

Bee's Laxative Cough Syrup always brings quick relief to coughs, colds, hoarseness, whooping cough and all bronchial and throat trouble. Mothers especially recommend it for children. Pleasant to take, gently laxative. A. C. Koepfen & Bros.

WILLAMETTE UNIVERSITY

With its New \$50,000 Building, will please you.

The COLLEGE OF LIBERAL ARTS offers strong, brain-developing, four years courses, Degrees A. B., Ph. B., or B. S., or B. L.

The ACADEMY gives a four years course preparatory for college.

The COLLEGE OF ORATORY offers a three years course with degree O. B.

The COLLEGE OF MUSIC confers degree of B. M. on completion of four years course.

The COLLEGE OF THEOLOGY confers degree of B. D. on completion of three years course by college graduates.

The COLLEGE OF MEDICINE confers degree of M. D. on completion of four years course.

The COLLEGE OF LAW confers degree of LL. B. on completion of two years course.

Christian Education. Thorough Instruction. Strong Faculty.

First-class Athletic privileges. Beautiful location. Reasonable expenses. The State Libraries afford superior privileges. First semester opens September 22, 1908.

For catalogue and information address **PRESIDENT F. HOMAN, Salem, Oregon.**

EXPANSION FOR UNIVERSITY OF OREGON

The regents of the University of Oregon are going to spend nearly \$30,000 for additional land to enlarge the campus. At an adjourned meeting of the board on recommendations of the land committee, voted to accept option on property adjoining the university, the total price of which aggregated \$29,800.

One of the tracts to be acquired is a small one, only about one acre in extent, known as the S. O. Potter property, but its acquisition is essential, as it controls several streets which otherwise might be opened through the university campus. The option for \$1800 on this property was accepted.

The board voted to purchase the Grass addition, adjoining the campus on the east. This tract contains 34 acres, and the price to be paid is \$18,000. The \$10,000 option on the Kincaid tract, adjoining the university campus on the west, was also accepted.

It is stated that the institution is very much in need of more room. Virtually all of the present campus is occupied now by buildings and more land is needed in order that the school may grow.

Salaries Are Increased.

There will be great joy among the professors of the university when they learn that the regents voted this morning to increase salaries very generously. The salary of President P. L. Campbell is raised from \$3000 to \$4000. Dr. H. D. Sheldon, professor of philosophy and education, is raised from \$1600 to \$2000; Dr. Joseph Schafer, professor of history, from \$1600 to \$2000; O. F. Stafford, professor of chemistry, who is now absent in Europe on leave of absence, gets a similar raise beginning July 1, 1909.

R. H. Dearborn, professor of electrical and mechanical engineering; E. E. McCou, professor of mathematics; H. C. Howe, professor of English literature; A. R. Sweetser, professor of biology; W. P. Boynton, professor of physics, are each granted an increase from \$1600 to \$2000 a year. L. H. Johnson, steward and secretary of the university, has his salary raised from \$1800 to \$2000.

The regents voted to employ James Currie as instructor in chemistry, beginning October 1, at a salary of \$1100 a year. J. F. Bovard, assistant professor of biology, gets a raise from \$1200 to \$1400. The salary of Percy P. Adams, instructor in civil engineering, was raised to \$1400; that of W. L. Hayward, physical director, from \$1100 to \$1600; of Miss Julia Burgess, instructor in rhetoric, to \$1000; of A. W. Jackson, assistant in physics, to \$800; of Miss Angelina Williams, assistant in English literature, to \$600; Miss Camille Leach, assistant librarian to \$1000; of C. W. Converse, instructor in electrical and

mechanical engineering, to \$1200; of A. R. Tiffany, registrar, to \$1400; Dr. H. B. Leonard, instructor in mathematics, to \$1200; Dr. J. H. Gilbert, instructor in civil engineering, to \$1000, and C. R. Reed, instructor in mechanical engineering, to \$1100.

For a Girls' Dormitory.

A committee consisting of President Campbell and Regents Atsworth and Dolph, was appointed to investigate into the matter of building a girls' dormitory on the Collier property, the committee to report at the January meeting.

The president was authorized to select an instructor in the department of mining to take the place of Professor Terrill, resigned. R. B. Ketchum was employed as assistant professor in the department of engineering, at a salary of \$1000. The sum of \$100 was appropriated to pay for the printing of the Junior Annual. The president was authorized to continue the correspondence school on its present basis.

Teddy Ja., Is 21.

Oyster Bay, Sept. 12.—Theodore Roosevelt, Jr., son of his father, will be 21 years of age tomorrow, and already messages of congratulation and scores of gifts are arriving at the summer capital for the boy who will tomorrow be a man and a voter. The second Theodore is a studious young man, and has made a good record at Harvard. He has always taken part in athletics, but not to the exclusion of his studies. He takes an active interest in politics, and, as it is to be expected, largely shares the views of his distinguished father. Theodore, Jr., is the president's eldest son and is the first issue of Mr. Roosevelt's marriage with Edith Kermit, his second wife.

To Ordain Polish Priest.

Detroit, Mich., Sept. 12.—Detroit will be the scene of an unique ceremony tomorrow, the first ordination of a Polish priest by a Polish bishop on American soil. The Right Rev. Peter Paul Rhode, the new Polish bishop-coadjutor of Chicago, will preside at the ordination ceremonies by which the Rev. John Joseph Bonkowski of Detroit, will be inducted into the priesthood. The ceremonies will be on a scale of unusual magnificence and will attract Polish societies from all over this section. Father John Joseph is only 22, and a special dispensation was granted to permit of his ordination before the canonical age of 24.

If you are a sufferer from piles, Manzan Pile Remedy will bring relief with the first application. Guaranteed. Price 50c. A. C. Koepfen & Bros.

Read the East Oregonian.

Byzantine Mass.

London, Sept. 12.—As a feature of today's session of the Eucharist congress, a celebration of mass in the Byzantine rite was held today. This is the first time such a ceremony was ever performed in London. A special dispensation permitting the rite was granted by the pope, on the ground that it was a happy thought to give this great assemblage of Western Catholics an object lesson of the universality of the church by affording them the rare opportunity of assisting at the ancient liturgy used by so many of the brethren in the east, one with them in faith and in communion with the Holy See.

Election in Persia.

Teheran, Sept. 12.—By order of the shah, parliamentary elections will be held in Persia on Monday, to elect members of the new parliament, which will be convoked November 14. The new Persian electoral system has been patterned after the Russian and provides for representation by classes. Half of the members are to be appointed by the shah, so the ruler is certain of maintaining his hold on the new parliament and forcing the members to do his bidding.

Reception for Bryan.

Rochester, N. Y., Sept. 12.—Rochester democrats will give a glorious reception to William J. Bryan when he arrives here next Wednesday and the preparations for honoring the Nebraskan are almost overshadowing the interest in the democratic state convention, which opens here Tuesday. An imposing program has been prepared for Bryan day and there will be many bands and democratic marching clubs to greet the party's standard bearer.

New Brunswick Exposition.

St. John, N. B., Sept. 12.—New Brunswick's annual exhibition of the agricultural and industrial wealth of the province was formally opened today, with the most complete display in its history.

DeWitt's Little Early Risers are small pills, easy to take, gentle and sure. Sold by Tallman & Co.
