NEWS OF MILTON FREEWATER ADVICES

QUARTER ACRE PRUNES
YIELDED OWNER \$235.

Little Son of Prof. Howard Fell and Broke His Thigh Near the Hip Joint—Odd Fellows Temple in Milton to Be the Finest Building in Umatilla County Outside of Pendleton—Adventists Return from England.

Milton, Sept. 15.—A. E. Troyer has had a wonderful yield of prunes from his orchard this year. He received \$235 from less than a quarter of an acre.

Miss Grace Davis of Milton, has gone to Lynchburg, Virginia, to attend school this winter.

Gilbert Howard, the 18-month-old son of Professor and Mrs. W. C. Howard of Columbia college, fell from the porch of the dormitory last Thursday evening and broke his left leg near the hip joint. The break being so near the hip joint it was very difficult to set and it was found necessary to encase the limb and lower part of the body in a plaster cast.

Elder Andrews and his son, Collan, who have been in England attending the conference lately held in the Adventist church there, returned last week to his Milton home. The elder was the president of the conference and is now elected president of the Southern California conference.

Dr. W. B. Reese of Troy, Idaho, was in Milton last week to make arrangements for placing his children in Columbia college.

The new Odd Fellows temple for Milton is an assured thing and work will begin immediately. It will be the handsomest and most expensive building in Umatilla county outside of Pendleton. It will be heated by steam and altogether up to date. The directors are: J. B. Frazier, president; William Talbert, vice president, and S. D. Peterson, secretary. The building committee are J. B. Frazier, William Talbert, H. M. Cockburn. The local Odd Fellows lodge was founded 55 years ago by the late Robert Frazier and it is his brother, J. B. Frazier who is working so faithfully and earnestly in the interests of the lodge at the present time.

A Paying Investment.

Mr. John White of 38 Highland avenue, Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Tallman & Co.'s and Pendleton Drug Co.; 50c and \$1. Trial bottle free.

Labor in Politics.

Lansing, Mich., Sept. 15.—Whether or not the Michigan Federation of Labor will endorse the position of the American Federation on the question of the Denver platform and fall in line with the policy of Samuel Gompers in the support of Bryan, will be discussed before the convention opening here today. "Let us be loyal to the American Federation of Labor," is the argument in favor of the Gompers program, while "loyalty to the time-honored principles of the trade union movement" is the slogan of the opponents of the endorsement of Bryan.

Kodol will, without doubt, make your stomach strong and will almost instantly relieve you of all the symptoms of indigestion. Get a bottle of it today. It is sold here by Tallman & Co.

Louisville, Ky., Sept. 15.—Fraternal day was celebrated today at the Kentucky State fair, with conventions of the Ho Ho Ho, lumbermen, millers, postmasters, fraternal bodies and temperance societies of the state.

DISCOURAGED

You may be discouraged because you have tried so many nerve remedies without having received any benefit. If you would only try a six weeks course of NERVITA TABLETS, you would have good reason to rejoice. If they were not the best made why would every druggist recommend them? They are known as the King of Nerve Medicines for 22 years; any druggist will sell you 6 boxes for \$5. Cheer up. It's not too late. Write for Free Booklet.

Rev. Earnest Dodd, pastor of the M. E. church, Sunnyside, is attending conference at Wenatchee.

The ladies of the Macabees, united lodge of Freewater and Milton, held their usual business meeting on Thursday afternoon. There was a good attendance, although not as large as usual on account of so many of its members being engaged in the fruit packing houses. The chief feature of the afternoon was the presence of the state commander, Miss Cross of Pendleton, whom the ladies are always so delighted to have with them. After the meeting was over refreshments were served in Keuber's ice cream parlors.

Mrs. C. E. Schaffer of Portland is visiting this last week with Mr. and Mrs. Robert Neuman and Mr. and Mrs. William Schaffer of this city.

Alberta and Frank Pearson have gone to Pendleton to attend St. Joseph's academy for the coming term.

A Sure-Enough Knockout.

J. C. Goodwin, of Redsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knockout for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c at Tallman & Co.'s and Pendleton Drug Co.

Randalls in Reunion.

Boston, Sept. 15.—Barbers of the name Randalls and their descendants from many states were present when the second annual reunion of the Randall Family of America was called to order in Howe Hall today. Historical papers on the origin and ramifications of the Randall family occupied the day. The annual dinner will be held tonight.

CROPS WITHOUT RAIN.

Syria and Palestine Have No Rainfall From April to October.

In Syria and Palestine from the beginning of April until October there is practically no rain, yet in July the fields teem with a vigorous growth of watermelons, tomatoes, cucumbers, etc., all flourishing without artificial watering, although at that time no rain has fallen for many weeks.

In fact, says the Chicago Tribune, the Syrian peasant, from the moment his seed has been sown, prays that no rain may fall. During the period of growth of a crop the surface of the soil to a depth of six or eight inches is perfectly dry and loose.

Below this surface layer will be found moist soil, in which the roots extend and grow vigorously. In this moist subsoil plants continue to grow until late autumn. When the crop is removed in the autumn the rains commence and the land is plowed after each heavy rain as soon as the soil begins to dry.

Two primary objects are kept in view, in plowing—to furnish a favorable surface for taking up all the water and to prevent its upward evaporation from the subsoil. The great point is to keep the upper six inches of soil perfectly loose and friable, so that the moisture from below is not drawn upward and lost in evaporation but does not ascend higher than the compact subsoil that is not broken up by the plow. For this reason the plowing is shallow, averaging from four to six inches in depth.

When the time for sowing the seed arrives the land is plowed to a depth of about six inches and the seed is sown from an arrangement attached to the plow, falls on the damp subsoil and is covered by the soil closing over behind the plowshare. From this time the upper stratum of loose soil prevents the escape of moisture upward beyond the wet subsoil on which the seeds rest and into which their roots

after the process of germination, spread.

Chinese Central Normal School.

Consul General James W. Ragsdale, of Tientsin, advises that the Chinese board of education is going to establish a Shih-fan Hsueh tang, or civil normal college, in Peking for training teachers for service in the various schools and colleges throughout the empire. In addition to Chinese classics, English, French, German, Russian, and Japanese will be taught in the proposed change, under the instruction of experienced teachers. The college will be established in the Chinese city in the course of the present year, and the annual expenditure is estimated to be about 100,000 taels (about \$70,000).
